

# ADDS 4000/AWT

## AlphaWindow Terminal

### WINDOWING FOR TODAY'S APPLICATIONS

Multi-application windowing is now fast, easy, and affordable. The ADDS 4000/AWT AlphaWindow Terminal brings increased productivity without software or hardware modifications. Compatible with existing applications, this world-class terminal gives all the benefits of windowing at an entry-level, text terminal price.

With the click of a mouse or touch of a "hot key", the ADDS 4000/AWT gives you super-fast windows that can be opened or closed, overlapped or tiled, stacked, scaled up and down, panned or scrolled. This text terminal also supports popular features such as icons, pull-down menus, dialogue boxes and scroll bars.

### WINDOWING FOR TODAY'S SYSTEMS

ADDS AlphaWindow Terminals provide quick windowing with your existing RS-232 wiring - without using system upgrades. The ADDS 4000/AWT can be used alongside text terminals currently installed on the host.

### WINDOWING STANDARDS FROM A STANDARD SETTER

With the ADDS 4000/AWT AlphaWindow Terminal, you get compatibility with the newest industry standard windowing environment.

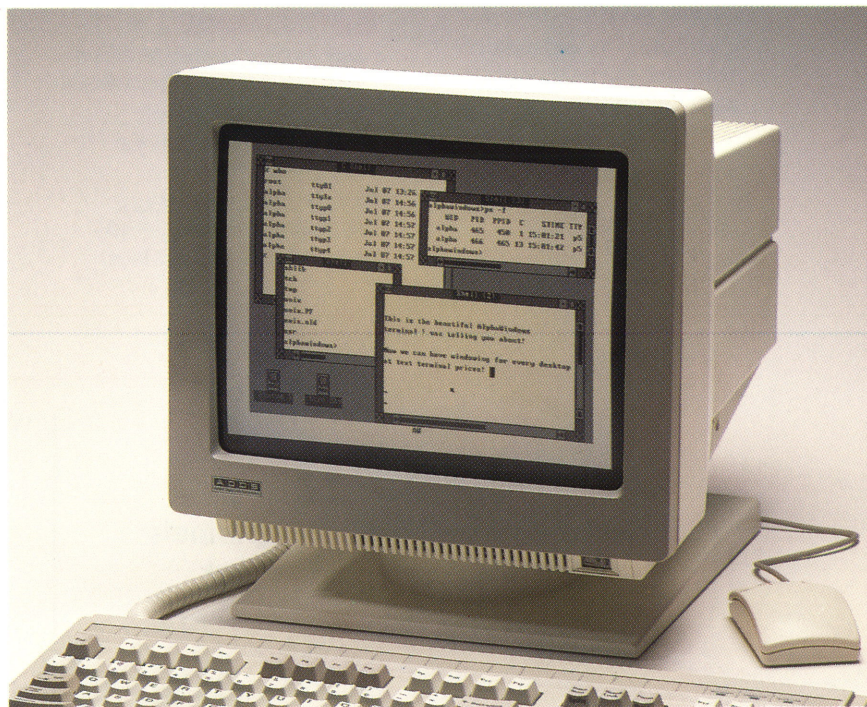

The ADDS 4000/AWT is fully compliant with the Display Industry Association (DIA) AlphaWindow terminal specification. ADDS implementation of the standard ensures compatibility with your operating systems, applications, and all other AlphaWindow compliant software.

Made in the U.S.A., ADDS AlphaWindow Terminals utilize a flexible manufacturing system to deliver customized terminals

Just-In-Time. A subsidiary of NCR/AT&T, ADDS has been delivering high quality terminals for over two decades and has a base of over two million terminals installed worldwide. The ADDS 4000/AWT is based on over ten years of expert windowing technology developed at AT&T Bell Labs.

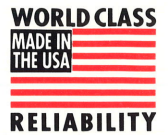

### WINDOWING FOR ENHANCED PRODUCTIVITY

Ideal for office environments, database query, telemarketing, customer service, accounting and transaction processing. The ADDS 4000/AWT offers a no-risk, inexpensive path to X-style advantages and productivity at text terminal prices.

# ADDS 4000/AWT

A multi-application, AlphaWindow compliant terminal which gives users the benefits of instant windowing capabilities at a text terminal price.

## ALPHAWINDOW SUPPORT

- Fully compliant with DIA AlphaWindow Standard
- Supported by all Window Managers
- Up to 10 virtual terminals running different applications and emulations
- Up to 16 windows to view one or all of your virtual terminals

## DUAL HOST SUPPORT

- Simultaneous connection and operation with 2 hosts
- Full or adjustable split screen display
- Hot key to alternate between windows
- Up to 3 pages of memory

## ERGONOMICS

- 14" flat-face, anti-glare screen
- Flicker-free 71Hz refresh rate
- Choice of green, amber or page white phosphor
- Character cells up to 9x18, with selectable font sizes
- Half dot shifting for improved resolution
- Variable speed smooth scroll
- Conveniently located contrast, brightness and power controls
- Fully adjustable tilt and swivel

## MOUSE SUPPORT

- Included with the terminal
- Microsoft compatible
- Serial, two-button protocol

## EMULATIONS

- AT&T 705, 605
- DEC VT-320, 220, 100
- ANSI PC Term

## ADDITIONAL PRODUCT FEATURES

- 80 or 132 columns
- 27 or 44 lines, with screen labels for easy function selection
- Selectable scrolling region
- Double wide and double high/wide characters
- Selectable screen saver
- Programmable tab stops

## PROGRAMMABILITY

- Auto login function keys with match-string capability
- 12 function keys programmable in four different modes (52 total)
- Separate user and host programmable function keys

## KEYBOARDS

- Low profile, detached keyboard with two-position adjustable tilt
- Enhanced PC keyboard (US 102 keys, International 103 keys)
- Also available with a PC/+, PS/2 style, keyboard (US 106 keys, International 107 keys)

## INTERNATIONAL LANGUAGE SUPPORT

- National or 8 bit/PC character mapping
- US keyboard standard
- International language keyboards: UK, French, German, Italian, Latin American, Spanish, French Canadian, French Canadian CSA

## COMMUNICATIONS

- Full/half duplex, local and monitor modes of operation
- Two Serial RS-232C ports
  - DTE, main host port
  - DCE, second host, mouse, modem or serial printer port
- One Parallel printer port
  - IBM PC and Centronics compatible

## DISPLAY DIMENSIONS

Length	130 in	330 cm
Width	12.5 in	31.8 cm
Height	134 in	340 cm
Weight	169 lbs	77 kg

## POWER REQUIREMENTS

- 100-240 VAC
- 50-60 Hz
- Autosensing, 40W

## ENVIRONMENTAL CONDITIONS

### Operating Environment

- Temperature: 50°F to 104°F (10°C to 40°C)
- Altitude: 0 to 10,000 ft (0 to 3,300 m)

### Storage Environment

- Temperature: 32°F to 95°F (0°C to 50°C)

### Humidity

- 10%-95% non-condensing

## REGULATORY COMPLIANCE

- UL 478, 5th edition
- CSA Standard 22.2, No. 220
- IEC 950/VDE 0805
- FCC Class A
- VDE 0871, Class A
- CISPR Publication 22

## WARRANTY

- 1 year standard
- 4 years for only \$50 additional
