INDEX 89

CONTRIBUTING COMPANIES 91

Hardware &

Commodore 64C

The complete computer for home, school and small business. Supported by high-quality peripherals and over 10,000 software programs. Full typewriter-style keyboard, 64K RAM, eight sprites, three voices. Bundled with both GEOS™ software, which creates an easy-to-use operating environment, and QuantumLink telecommunications software.

Commodore 1541C 5.25" Disk Drive

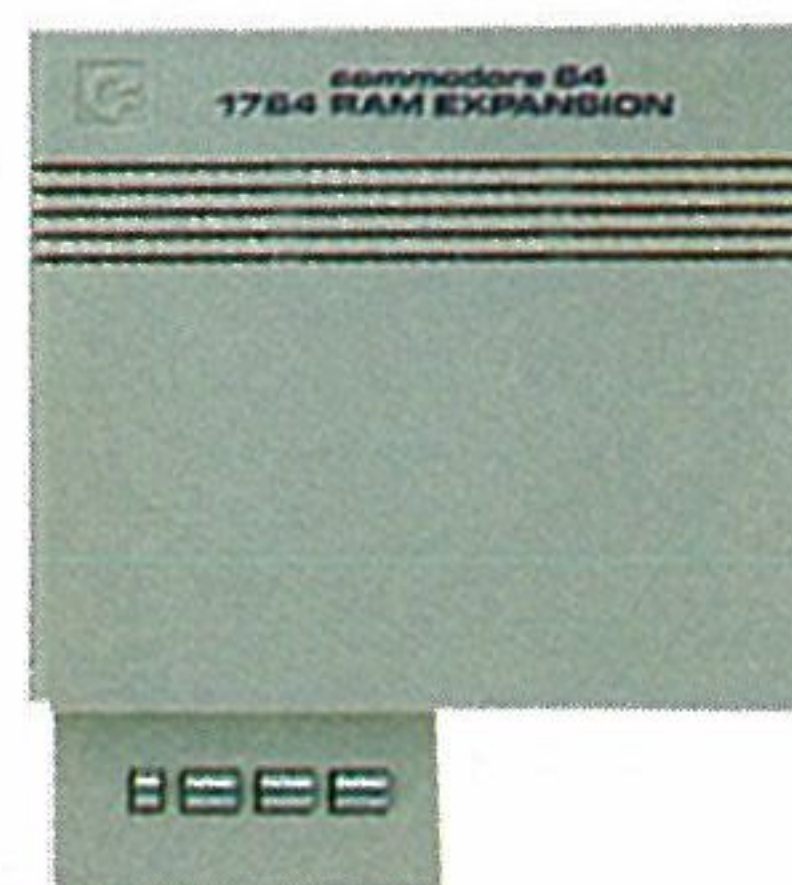

With its own microprocessor, RAM, ROM and operating system software, the 1541C provides fast throughput and large memory capacity for your Commodore 64C system.

Commodore 1802 Monitor

A high-resolution Color Monitor that maximizes the video capabilities of the Commodore 64C. Built-in speaker and audio amplifier; 40-column color mode and green-screen monochrome mode. Fully compatible with VCR's and television tuners.

1764 RAM Expansion Module

Expands the Commodore 64's memory to 320K, allowing use of larger programs and faster access to data. Data transfer rate of up to 1 megabyte per second. Comes with a Deluxe Commodore power supply, a GEOS patch program, RAMDISK DOS, and sample programs.

Commodore 1581 3.5 Disk Drive

A one-megabyte drive for the Commodore 64 and Commodore 128. Supports both standard and fast Commodore serial bus protocols (including 'burst' commands) to maximize data transfer speeds. Storage capacity of 808K.

Dual serial ports for daisy chaining more peripherals. Built-in 6502 microprocessor, 8K RAM and 32K RAM. Larger internal RAM yield increased performance.

MPS 1250 Printer/MPS 1200 Printer

State of the Art dot matrix printers. Draft or near letter quality. Performs text manipulations such as expanded, compressed, emphasized, italic and doublestrike print, superscripts and subscripts. Design your own print characters and symbols. Use the 11 different international character sets available. MPS 1259 includes both Centronics Parallel and Commodore Serial Interfaces. Choice of Commodore®, Epson FX™, and IBM® Graphic Printer emulation modes. With an optional Centronics parallel interface, the MPS-1200 works just like an IBM® graphics printer or Epson FX printer.

Peripherals

Commodore 128

Completely compatible with all Commodore 64 software and peripherals. 128K RAM, expandable to up to 640K with RAM expansion modules. User-selectable 40- or 80-column full color screen display. Numeric keypad. Also runs CP/M® software, such as WordStar™, dBase II™ and The Perfect Series™.

Commodore 1571 5.25" Disk Drive

Completely compatible with Commodore 128 and Commodore 64 computers. Capable of fast data transfer rates. Storage capacity of 350K. Allows CP/M software compatibility.

Comodore 1902 Monitor

RGBI/composite high-resolution color monitor for both 40- and 80-column color applications. Built-in audio amplifier and speaker; headphone jack. Compatible with VCR's and television tuners.

1750 RAM Expansion Module

Expands the memory of the Commodore 128 to 640K, and supports both Commodore 128 and CP/M modes. Data transfer rate up to 1 megabyte per second.

Commodore 2002 Monitor Analog RGB and Digital

RGBI/high-resolution color monitor for both 40- and 80-column color applications. Built-in audio amplifier and speaker; headphone jack. Compatible with VCR's and television tuners as well as all Commodore and Amiga computers.

1660 Modem/300 and 1670 Modem/1200

The 1660 direct-connect modem features 300-baud data transfer rate, auto answer, auto dial with audio feedback. The 1670, also direct-connect, features 1200-baud data transfer, auto answer, auto dial with audio feedback, as well as auto baud, auto speed and auto mode selections. Uses the popular "AT" HAYES™ command protocol.

Commodore 1351 Mouse

Point and click the mouse to create pictures or quickly edit documents on your Commodore 64 or Commodore 128 computer. Two modes of operation: In "joystick" mode, the mouse can be used with all software requiring a joystick. In "mouse" mode, the mouse lets you take advantage of newer software such as GEOS.

Hardware & Peripherals

COMMODORE 128D COMPUTER

Includes a full 128 keyboard and a built-in 5 1/4" disk drive (1571 compatible).

128D has 128K of user memory expandable to 640K.

The 3 modes of operation present in the C128 are also present here.

- Commodore 64
- Commodore 128
- CP/M Plus Version 3.0

The 128D features a 14 key numeric keyboard, 16 colors, built in BASIC 7.0, advanced sound capabilities and 40 and 80 column output (80 column display if used with RGBI or monochrome monitor.)

Section 1

Hardware Peripherals

Expand your computing horizons with accessories for control, speed, storage, and information access.

"The Right Time"TM

Battery Backed Clock Calendar Cartridge

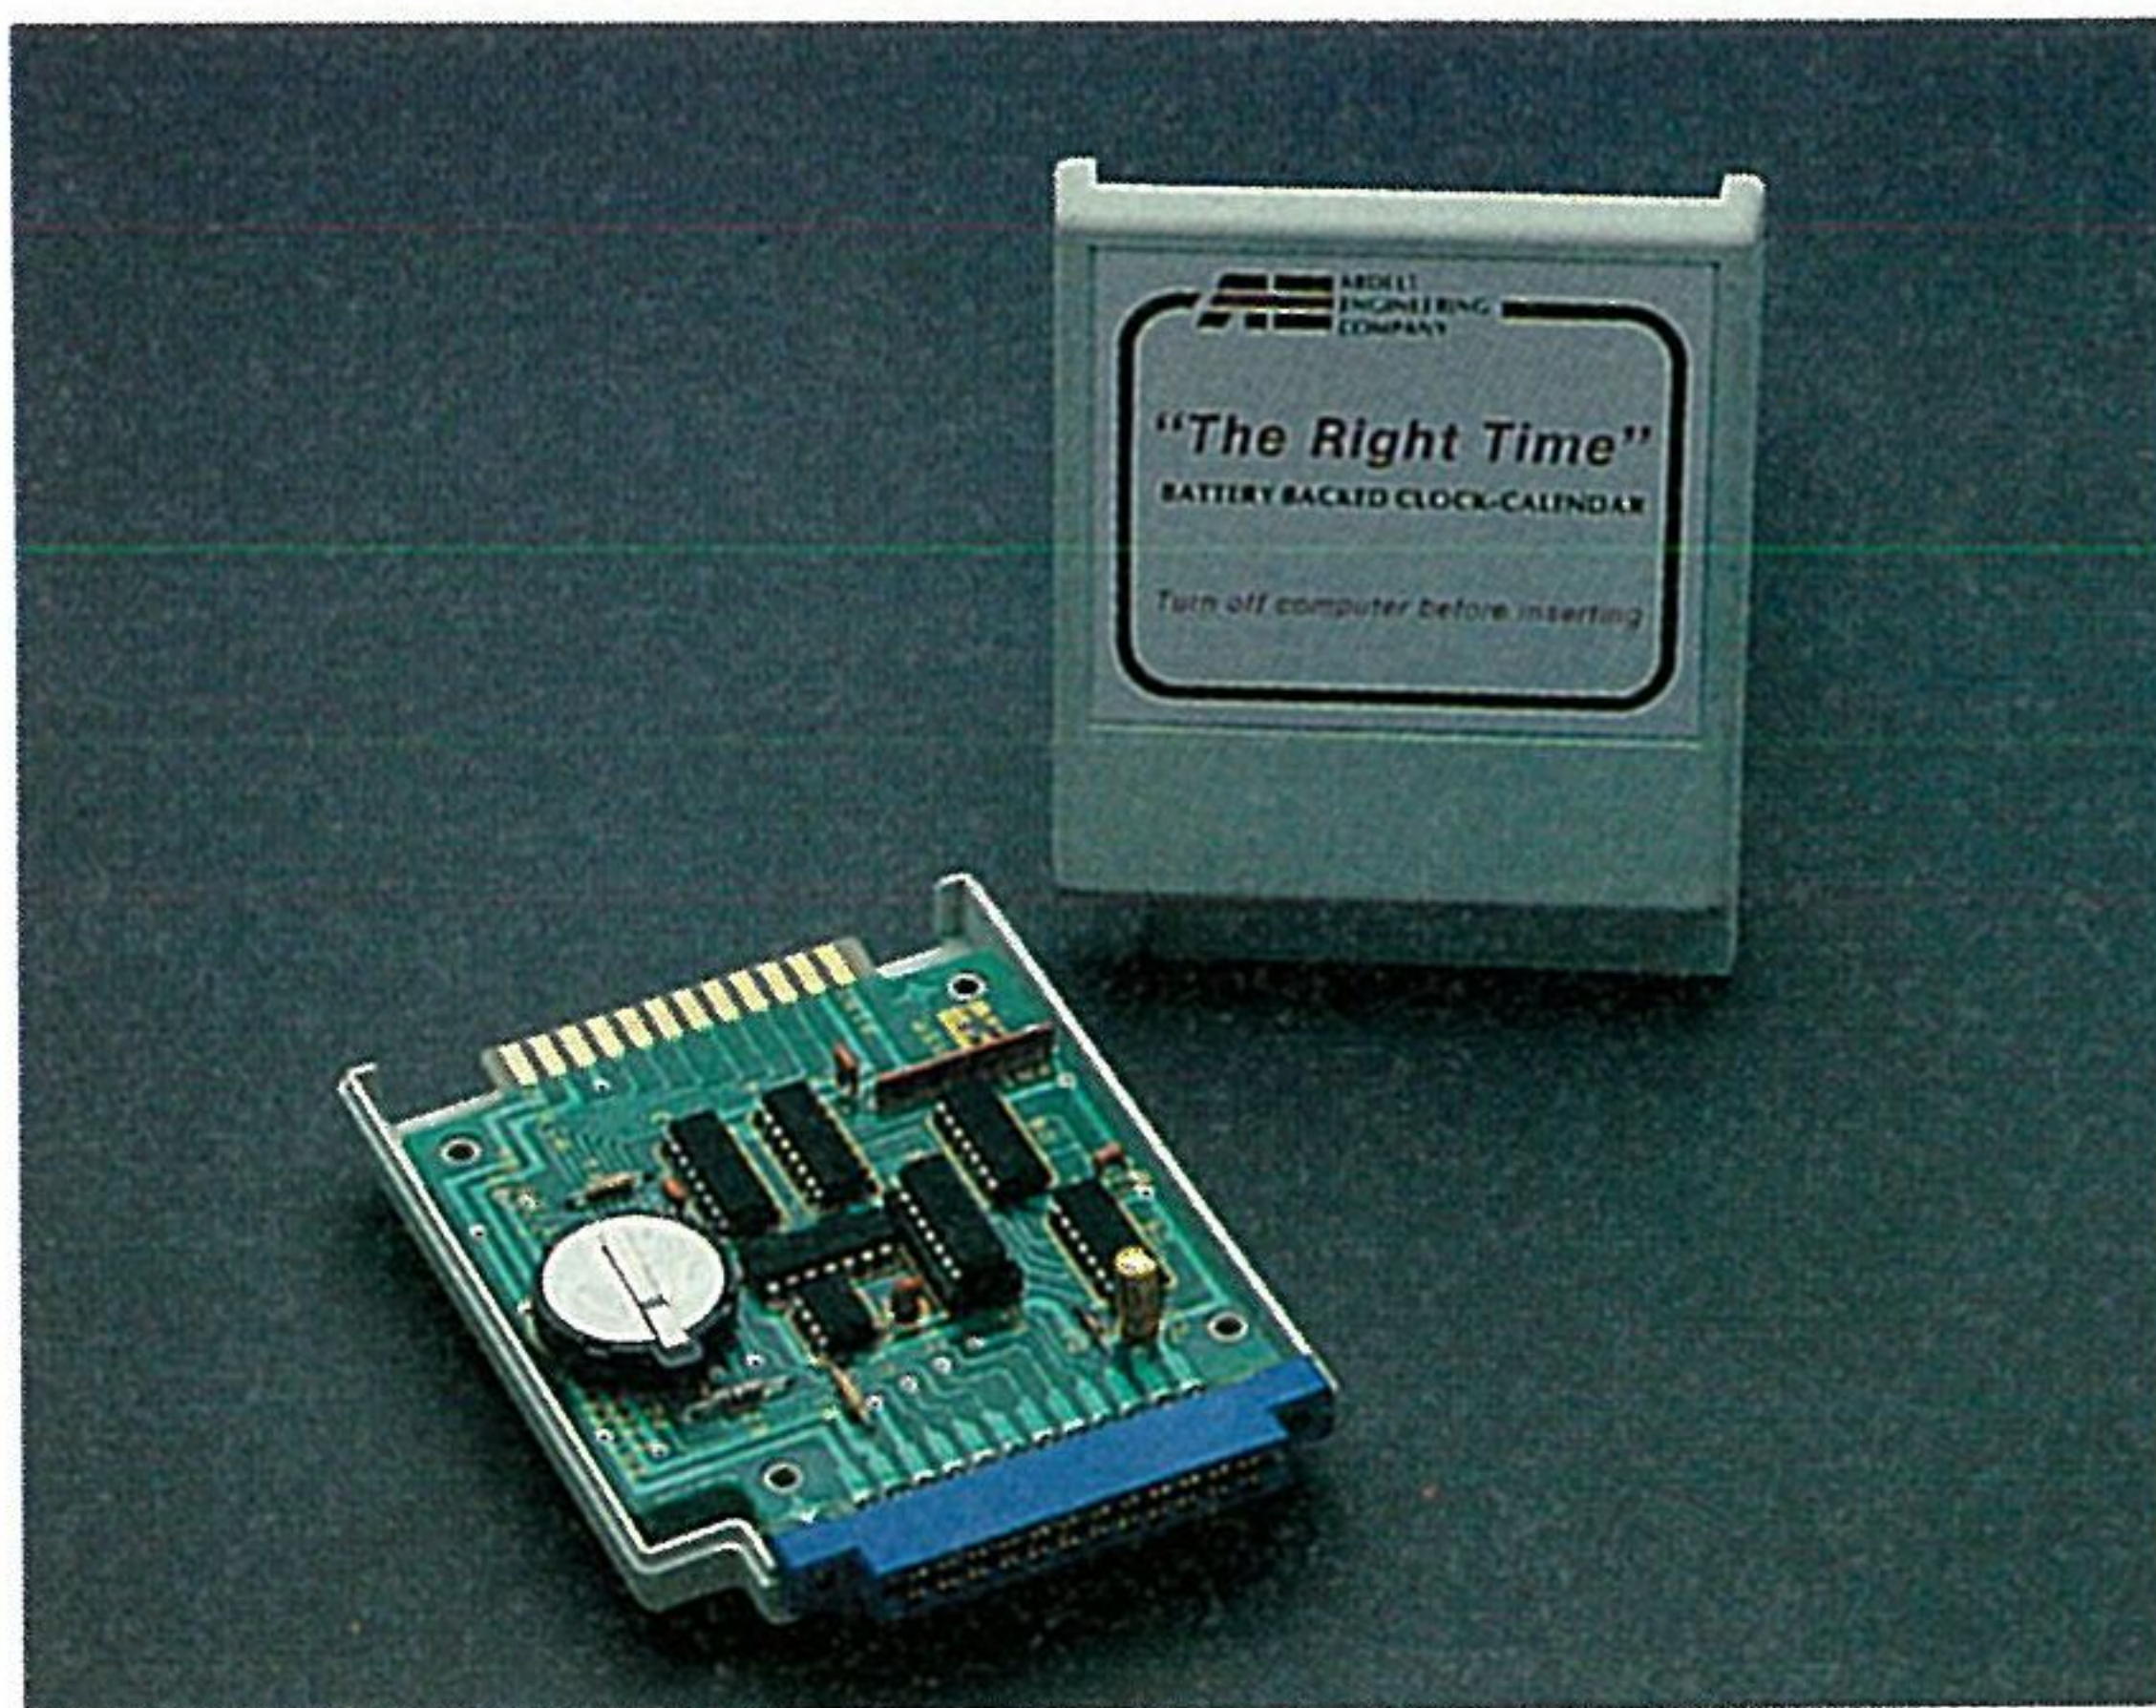

\$59.95 suggested retail
Including cartridge and software
Disk drive required

Ardelt Engineering Company
8175 East 39th Avenue
Denver, Colorado 80207

Available from your local dealer or order:

TOLL FREE 1-800-237-2943
Visa/MasterCard accepted
Information: 1-303-355-1763

"THE RIGHT TIME"TM cartridge is designed to be inserted into the COMMODORE 64, 64C or 128 computer USER PORT. The current time, day of week and date are not lost when the computer is turned off. The cartridge senses that the power has been removed and switches the quartz crystal controlled clock-calendar to battery back-up mode until power is restored.

- No programming experience required to use! Date & time loaded w/1 command from BASIC
- USER PORT can still be used for other peripherals.
- Software can be incorporated into USER written programs.
- Software does not use any BASIC RAM.
- Date & time display can be controlled by USER programs.
- Built in power-up diagnostics.
- Date & time update run as background activity to BASIC or ML language programs.
- TI\$ is updated by software for much greater accuracy.
- Does not interfere with use of RAM expansion modules.
- Utility programs are included for copying software to USER programs and setting date & time.
- Excellent for applications such as home control, burglar alarm systems, time management, etc.
- Gold plated connectors. MADE IN U.S.A.

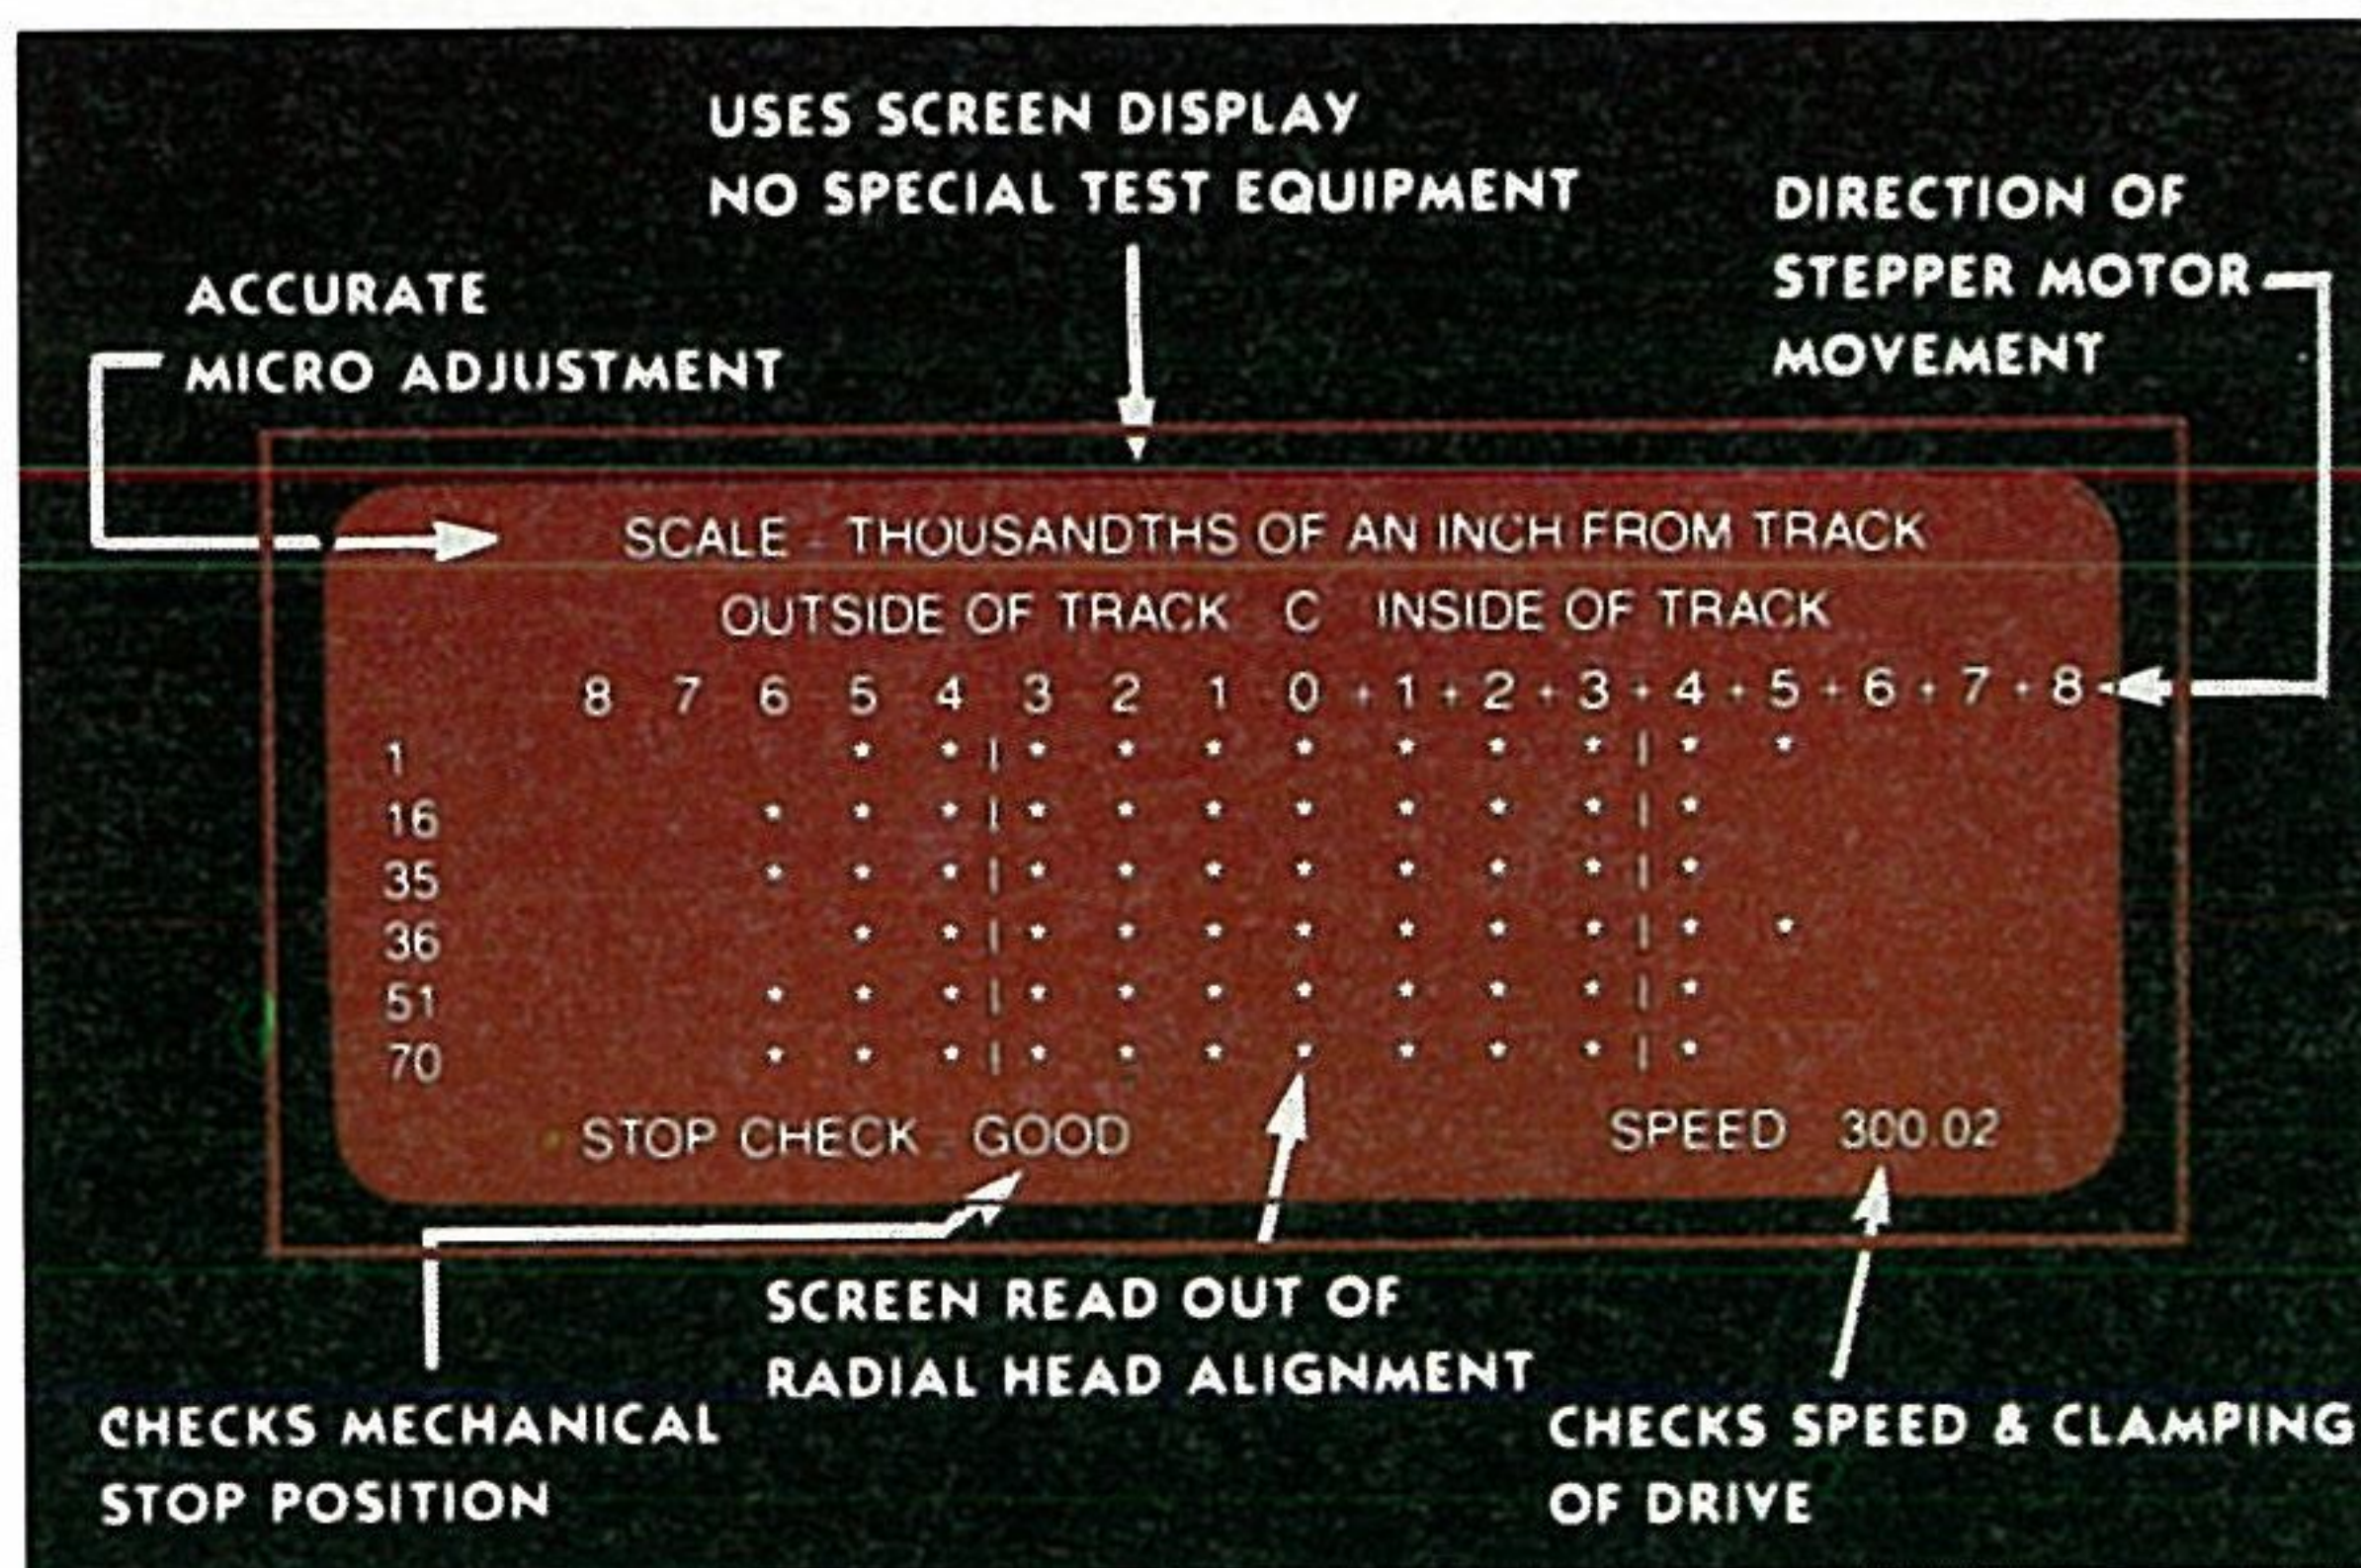

Physical Exam

\$39.95 suggested retail
Commodore 64/128/B128
Versions available for:
1541, 1571 8250, 8050,
SFD 1001, 4040 Drives

Cardinal SoftwareTM
14840 Build America Drive
Woodbridge, VA 22191
(703) 491-6494

To order: USA 1-800-762-5645
Info: 1-703-491-6494

All computer equipment needs maintenance occasionally. A maladjusted disk drive may fail to read diskettes, which could result in your loss of data and time while you wait to have it repaired. Physical Exam warns you that your disk drive needs repair before it's too late. Drive alignment, speed and mechanical stop position are tested. Hard copy of test results can be printed for future comparison. Complete, illustrated instructions are included to make any necessary adjustments.

Peripherals

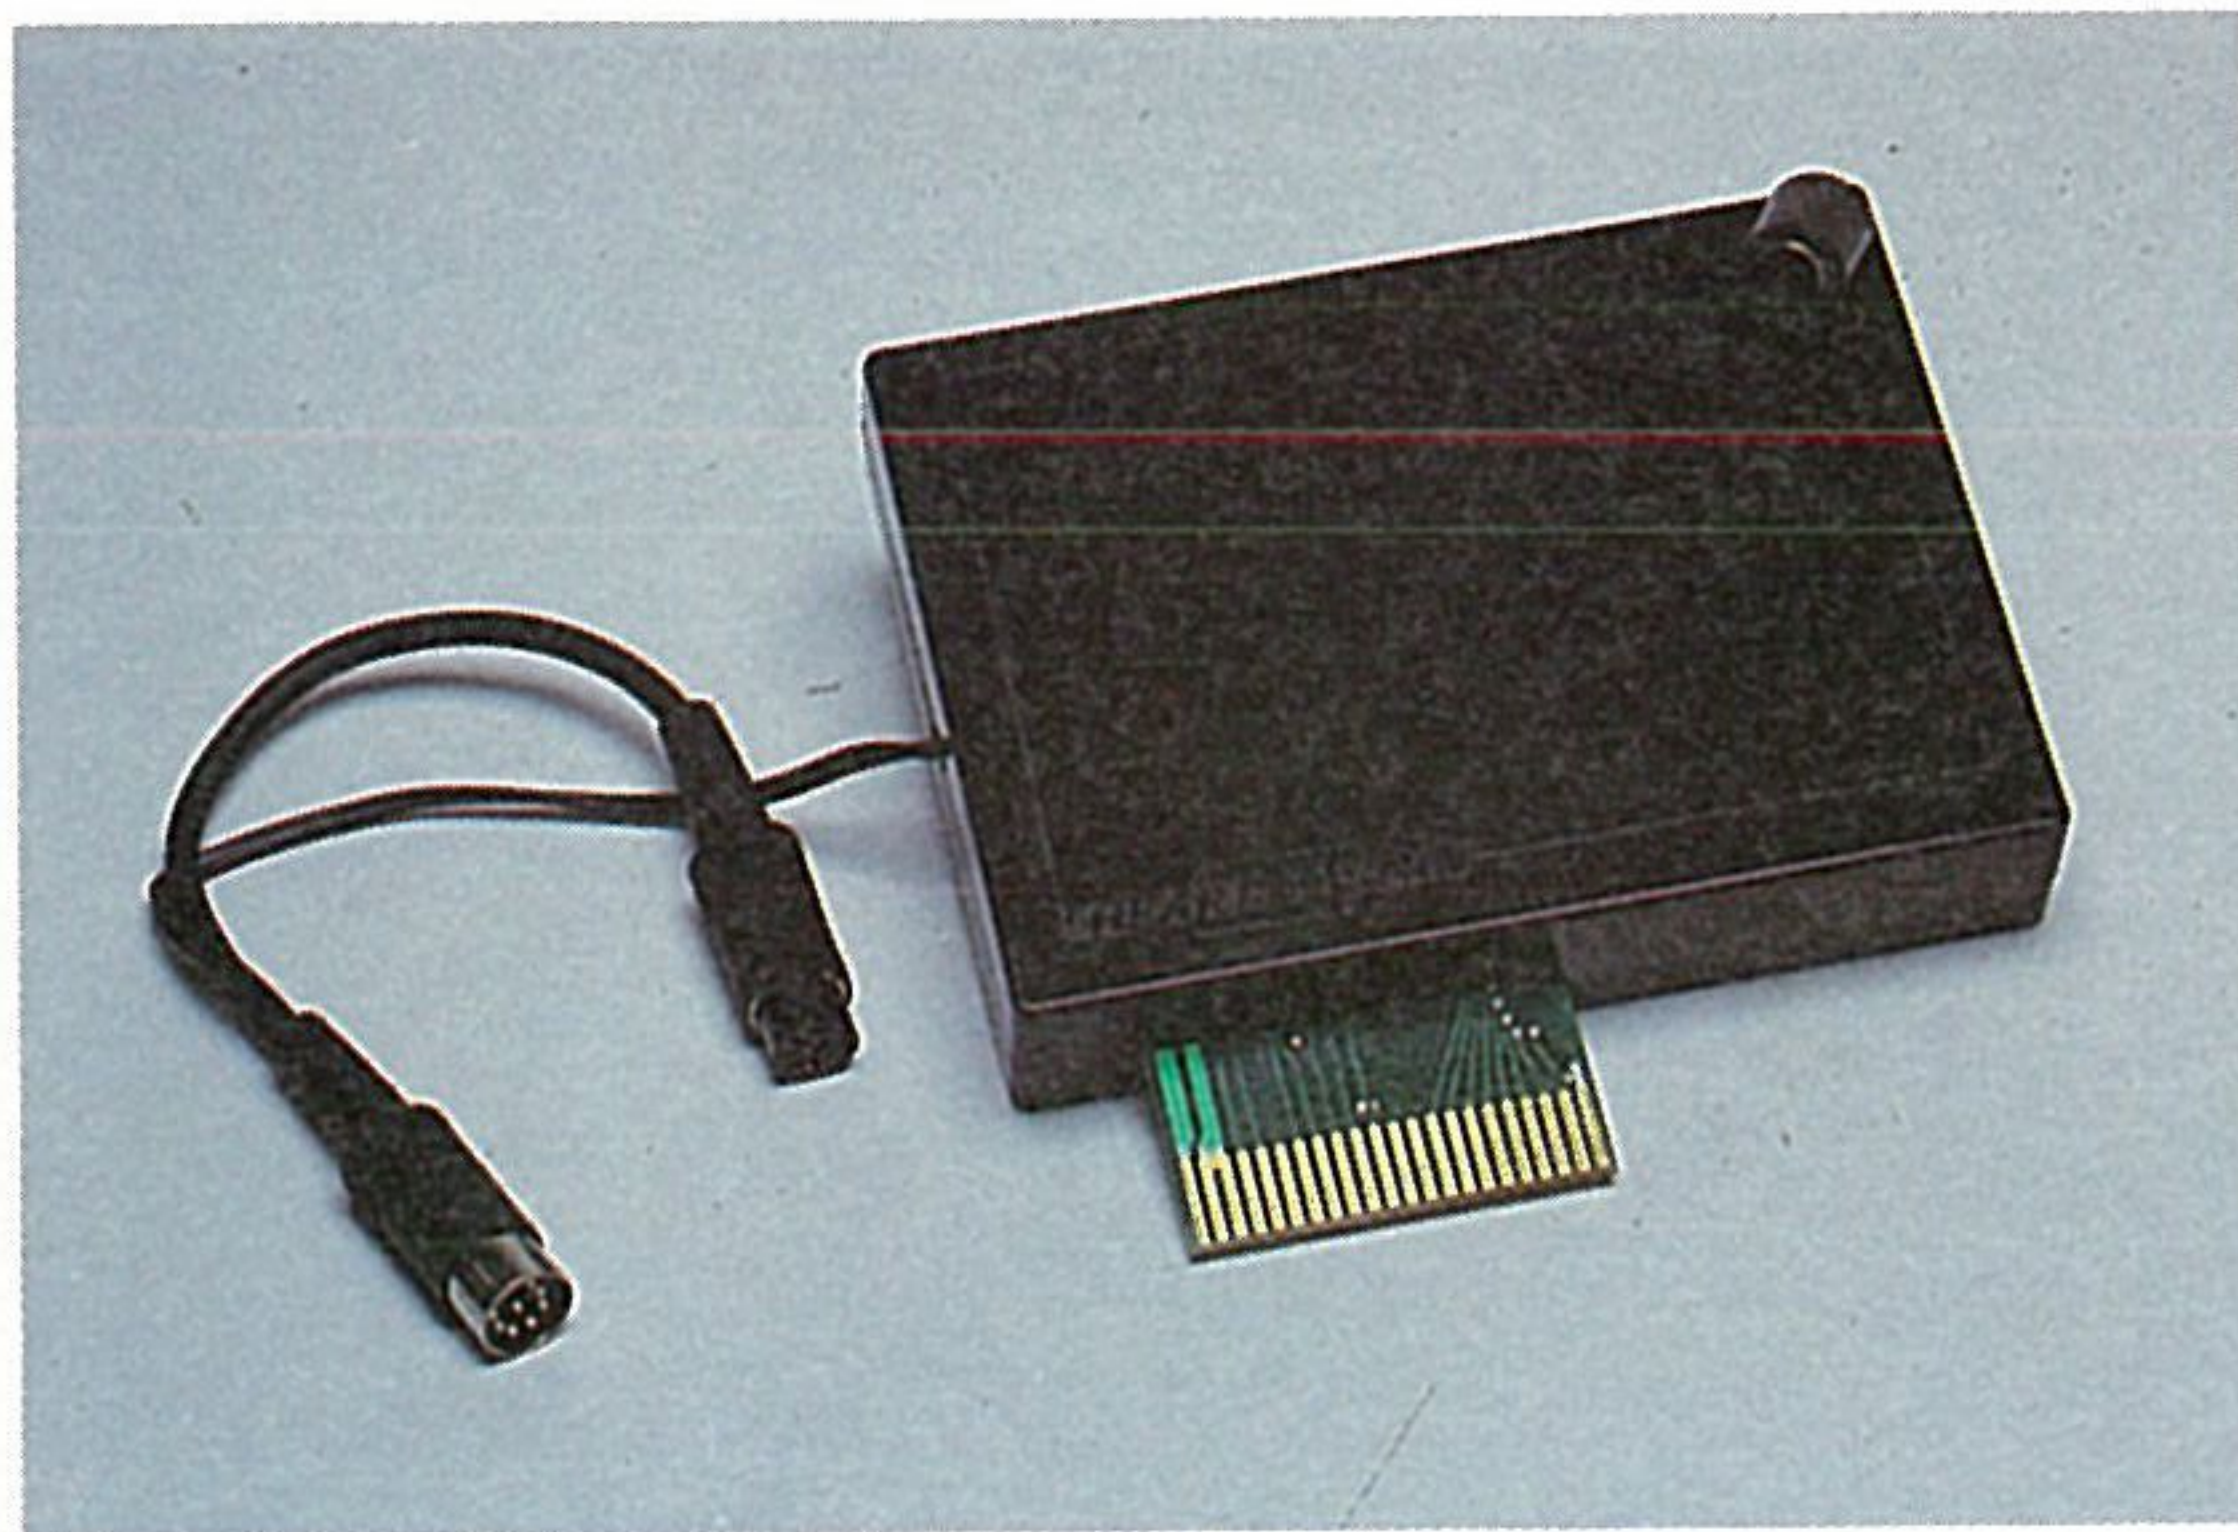

Voice Master

Covox

\$89.95 suggested retail

The new age of computer voice technology is here! VOICE MASTER is a voice recognition and speech response machine with a bonus music feature that allows music to be written as it is hummed. Speech and recognition can work together or separately. Accompanying software contains new BASIC commands that can be added to programs for fun and productivity. Or control motors, robots, the environment and more with easy to follow instructions included. Send for FREE catalog on VOICE MASTER and other Covox product marvels. Introductory Talking Disk for only \$5 provides useful talking programs.

Hearsay 1000

HEARSAY INC.

Hearsay Inc.
1825 74 Street
Brooklyn, NY 11204
718-232-7266

\$79.95 suggested retail
Commodore 64/128

The HEARSAY 1000 combines speech synthesis and voice recognition in one compact unit. Now text-based programs talk, and the user can verbally command virtually any of their programs requiring keyboard input. The HEARSAY 1000 is the only device in its class enabling use of off-the-shelf software. With a talking and verbally responding computer, add a totally new dimension to entertainment and educational programs. Now includes SWIFTLOAD—LOAD SOFTWARE 5 TIMES FASTER.

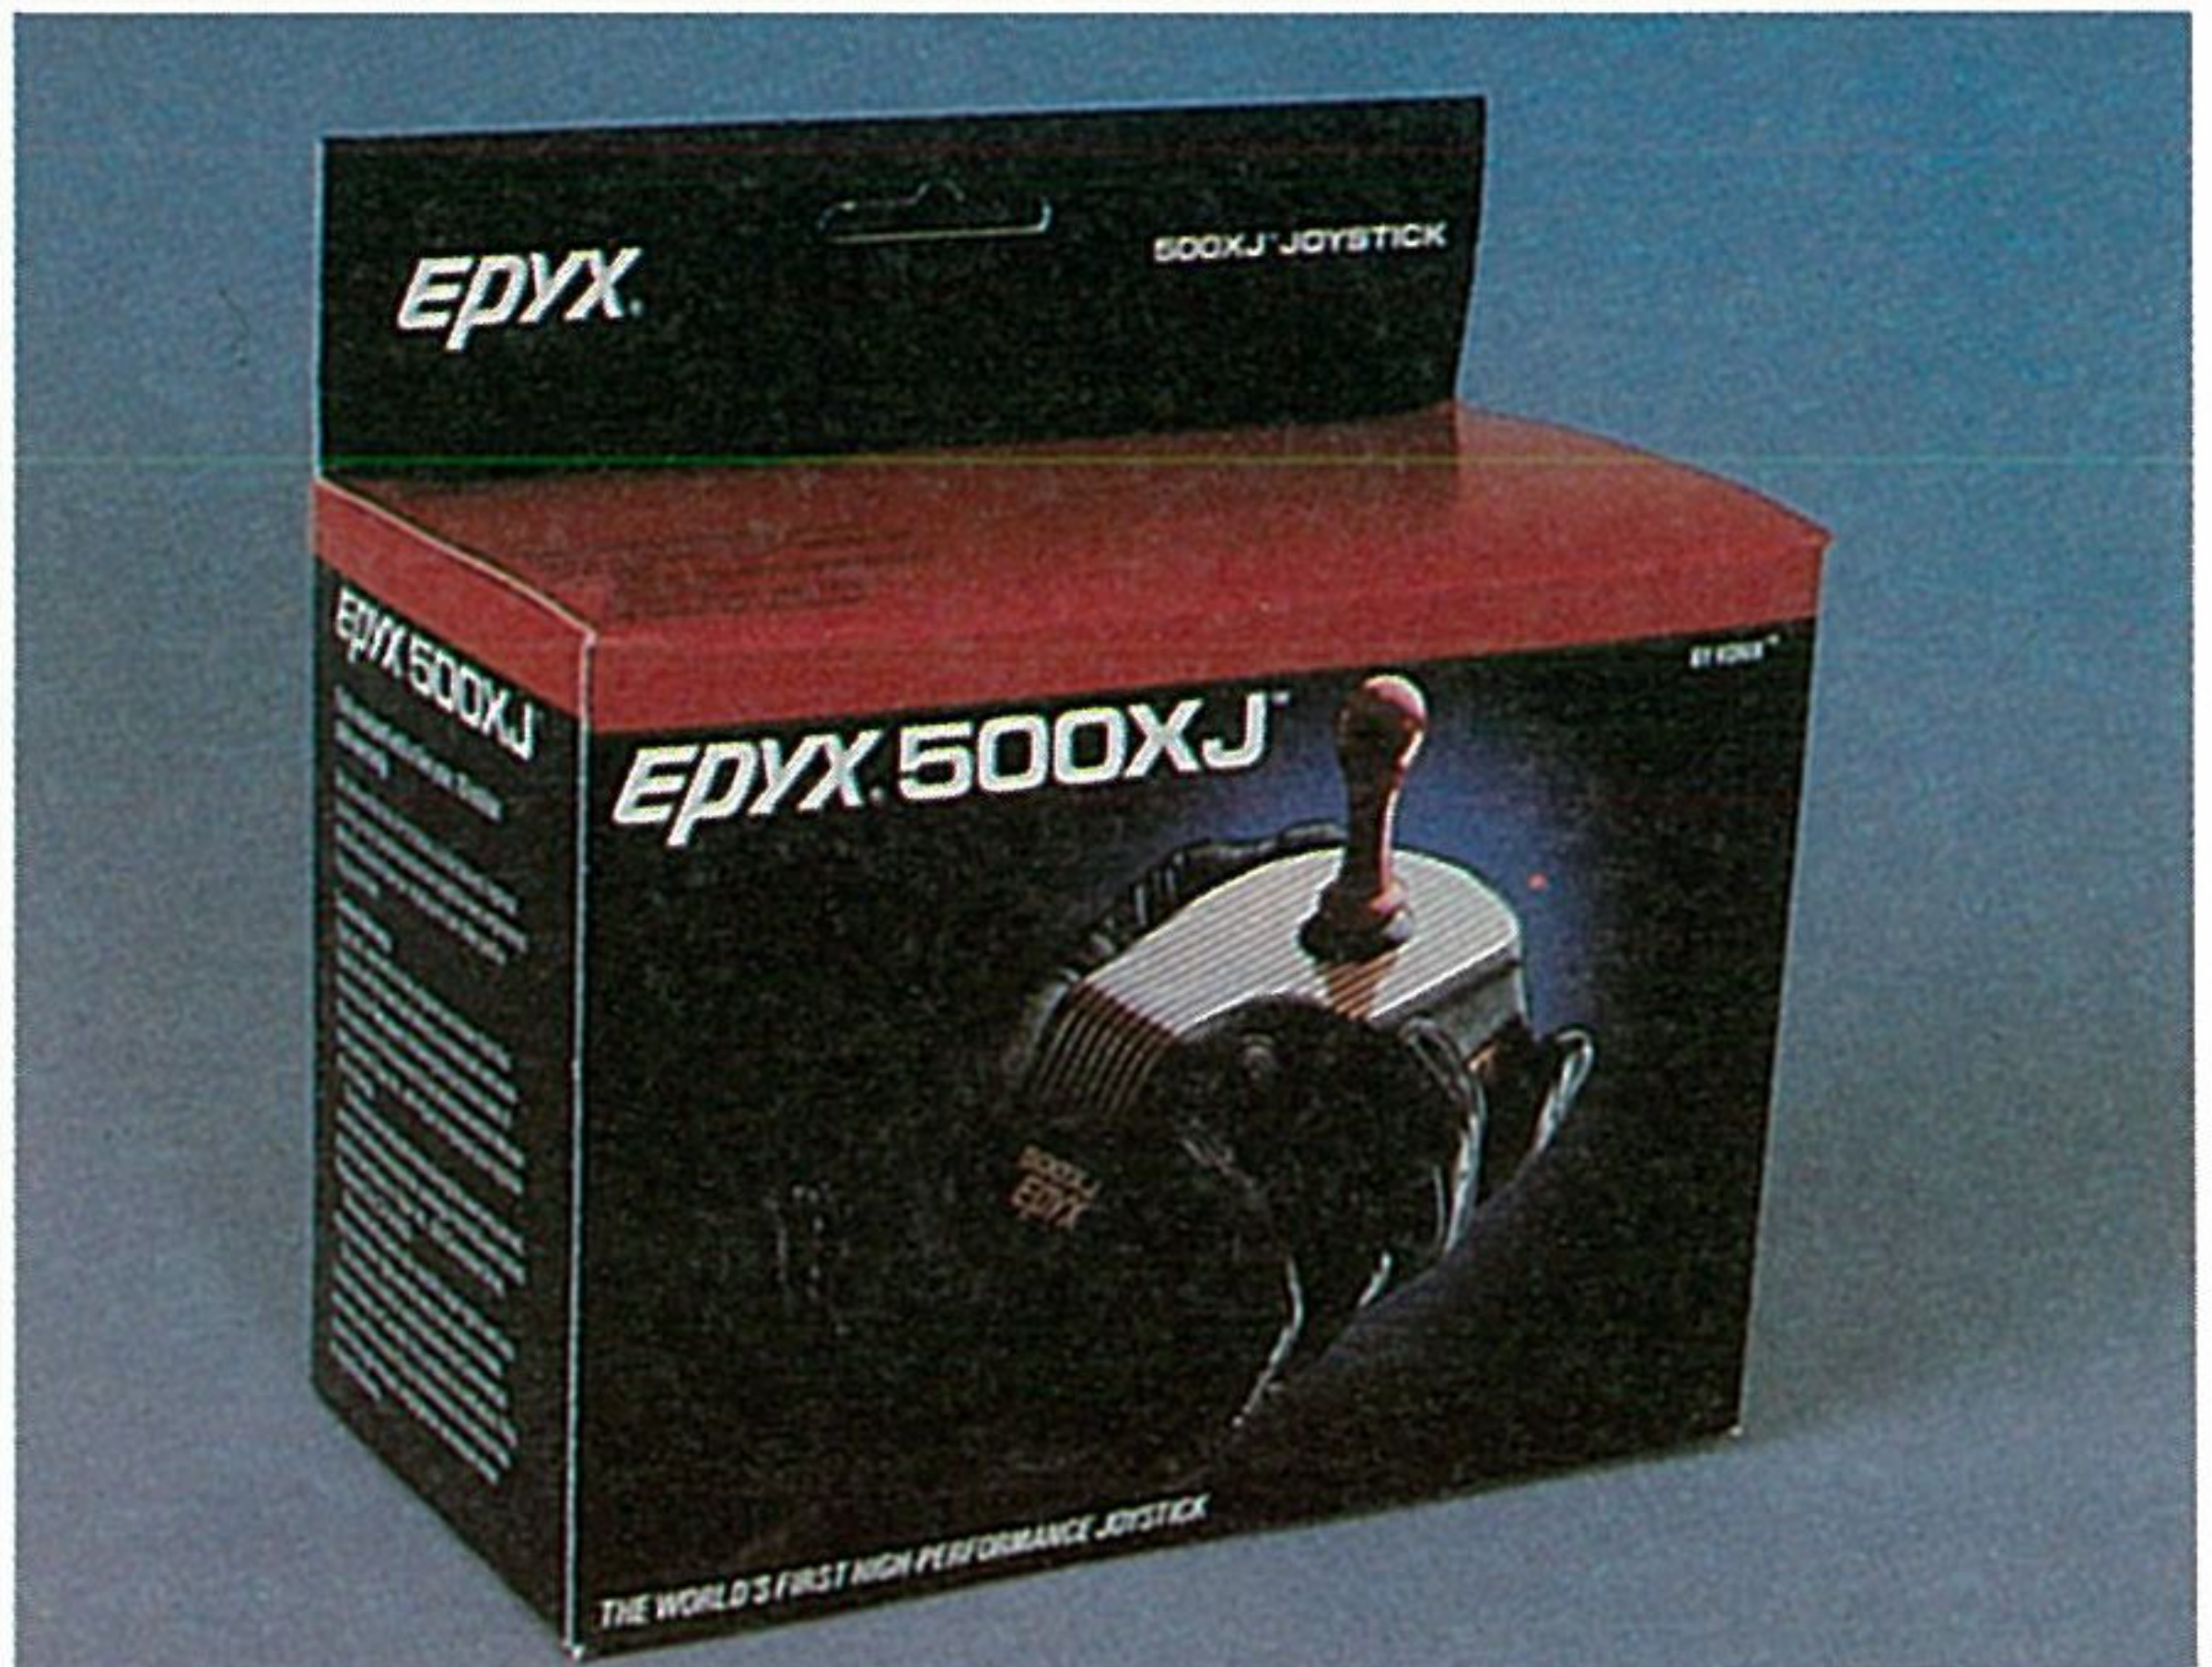

(See Educational Software Section: Aqua's Circus and Think Bank pg. 38)

Peripherals

Epyx® 500XJ™

EPYX

Epyx, Inc.
600 Galveston Drive
P.O. Box 8020
Redwood City, CA 94063
(415) 366-0606

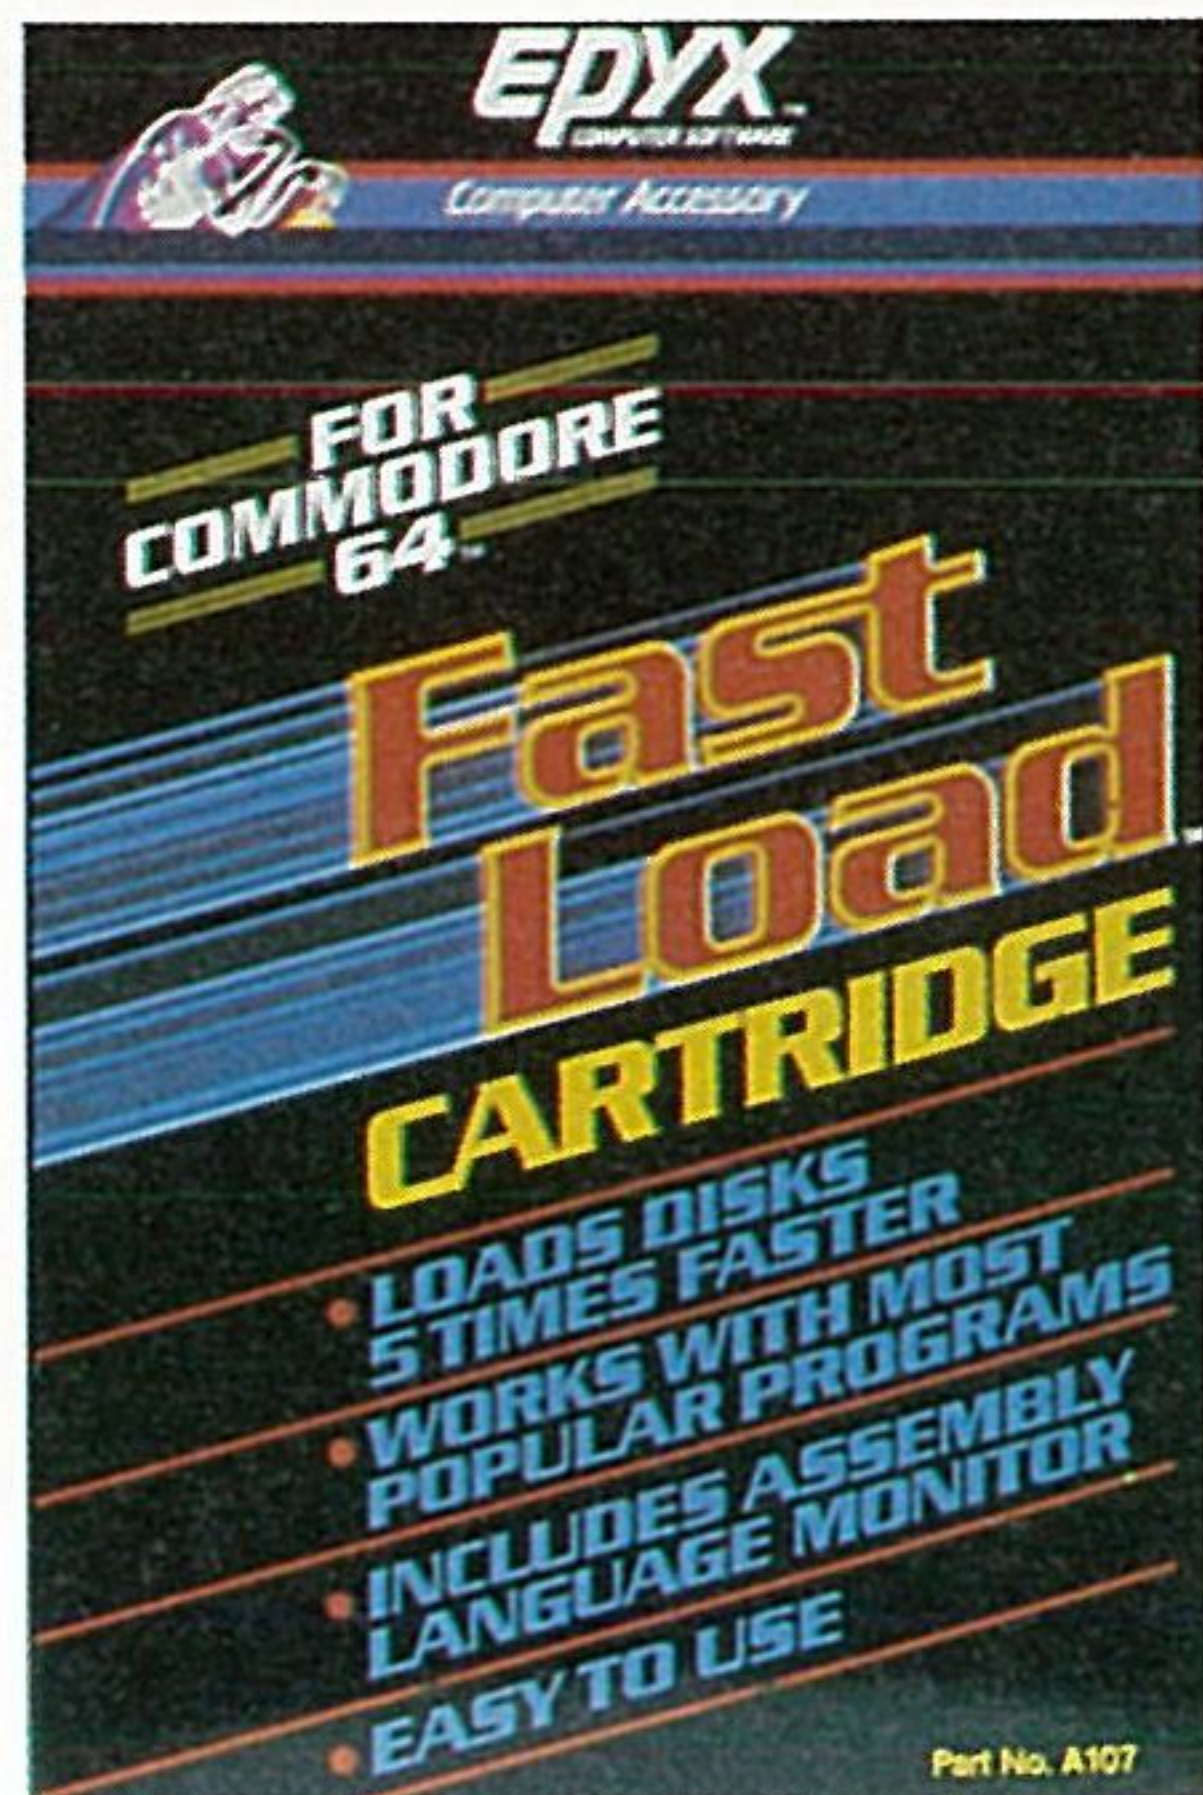

The Epyx 500 XJ — the fastest, highest scoring, most durable production joystick ever engineered. The first joystick specifically designed to fit in the palm of your hand. For easier handling. Five hi-tech microswitches give precise, instant stick control. So long lasting, this joystick comes with a 5 year warranty. New from Epyx.

Fast Load Cartridge™

EPYX

Epyx, Inc.
600 Galveston Drive
P.O. Box 8020
Redwood City, CA 94063
(415) 366-0606

A must for any Commodore owner. Fast Load loads and copies disks up to five times faster than usual. Even edits disks and lists directories. Works with virtually any commercial software. All you do is plug in the cartridge and press two keys to load disks at blinding speeds.

Peripherals

Clock/Calendar Cartridge Model CCSZ

Jason-Ranheim Co.

\$49.95 suggested retail

Jason-Ranheim Co.
1805 Industrial Drive
Auburn, CA 95603
(916) 823-3284-3285

To Order: 800-421-7731 Nationwide
800-421-7748 California

Combines three functions in one plug-in cartridge:

- Real time clock.
- Battery backed RAM.
- Application socket for auto-starting software.

Crystal controlled clock gives seconds, minutes, hours, day, date and year. Ni-cad battery backs up clock and 8K of RAM in the CCSZ, recharges when CCSZ is in use. No software to load. Ideal for dedicated applications. Use with Commodore C64C and C128 computers.

Promenade EPROM Programmer Model C1

Up Periscope!

ActionSoft Corp.

\$29.95 on disk
Joystick optional

ActionSoft Corporation
201 West Springfield Avenue
Suite 711
Champaign, IL 61820
(217) 398-8388

Command a WWII fleet class submarine! Your mission—patrol the Atlantic and Pacific theatres of World War II. You can relieve different historical situations, or go hunting on your own. Your sub includes extensive realistic equipment; multiple radar views, variable-power periscope, torpedo data computer, and complete armament supplies. Animated enemy ships are depicted in unprecedented 3-D detail, courtesy of SubLOGIC graphics technology. Combat strategy and tactics are provided by Captain John Patten, USN (Ret.).

Hardball!

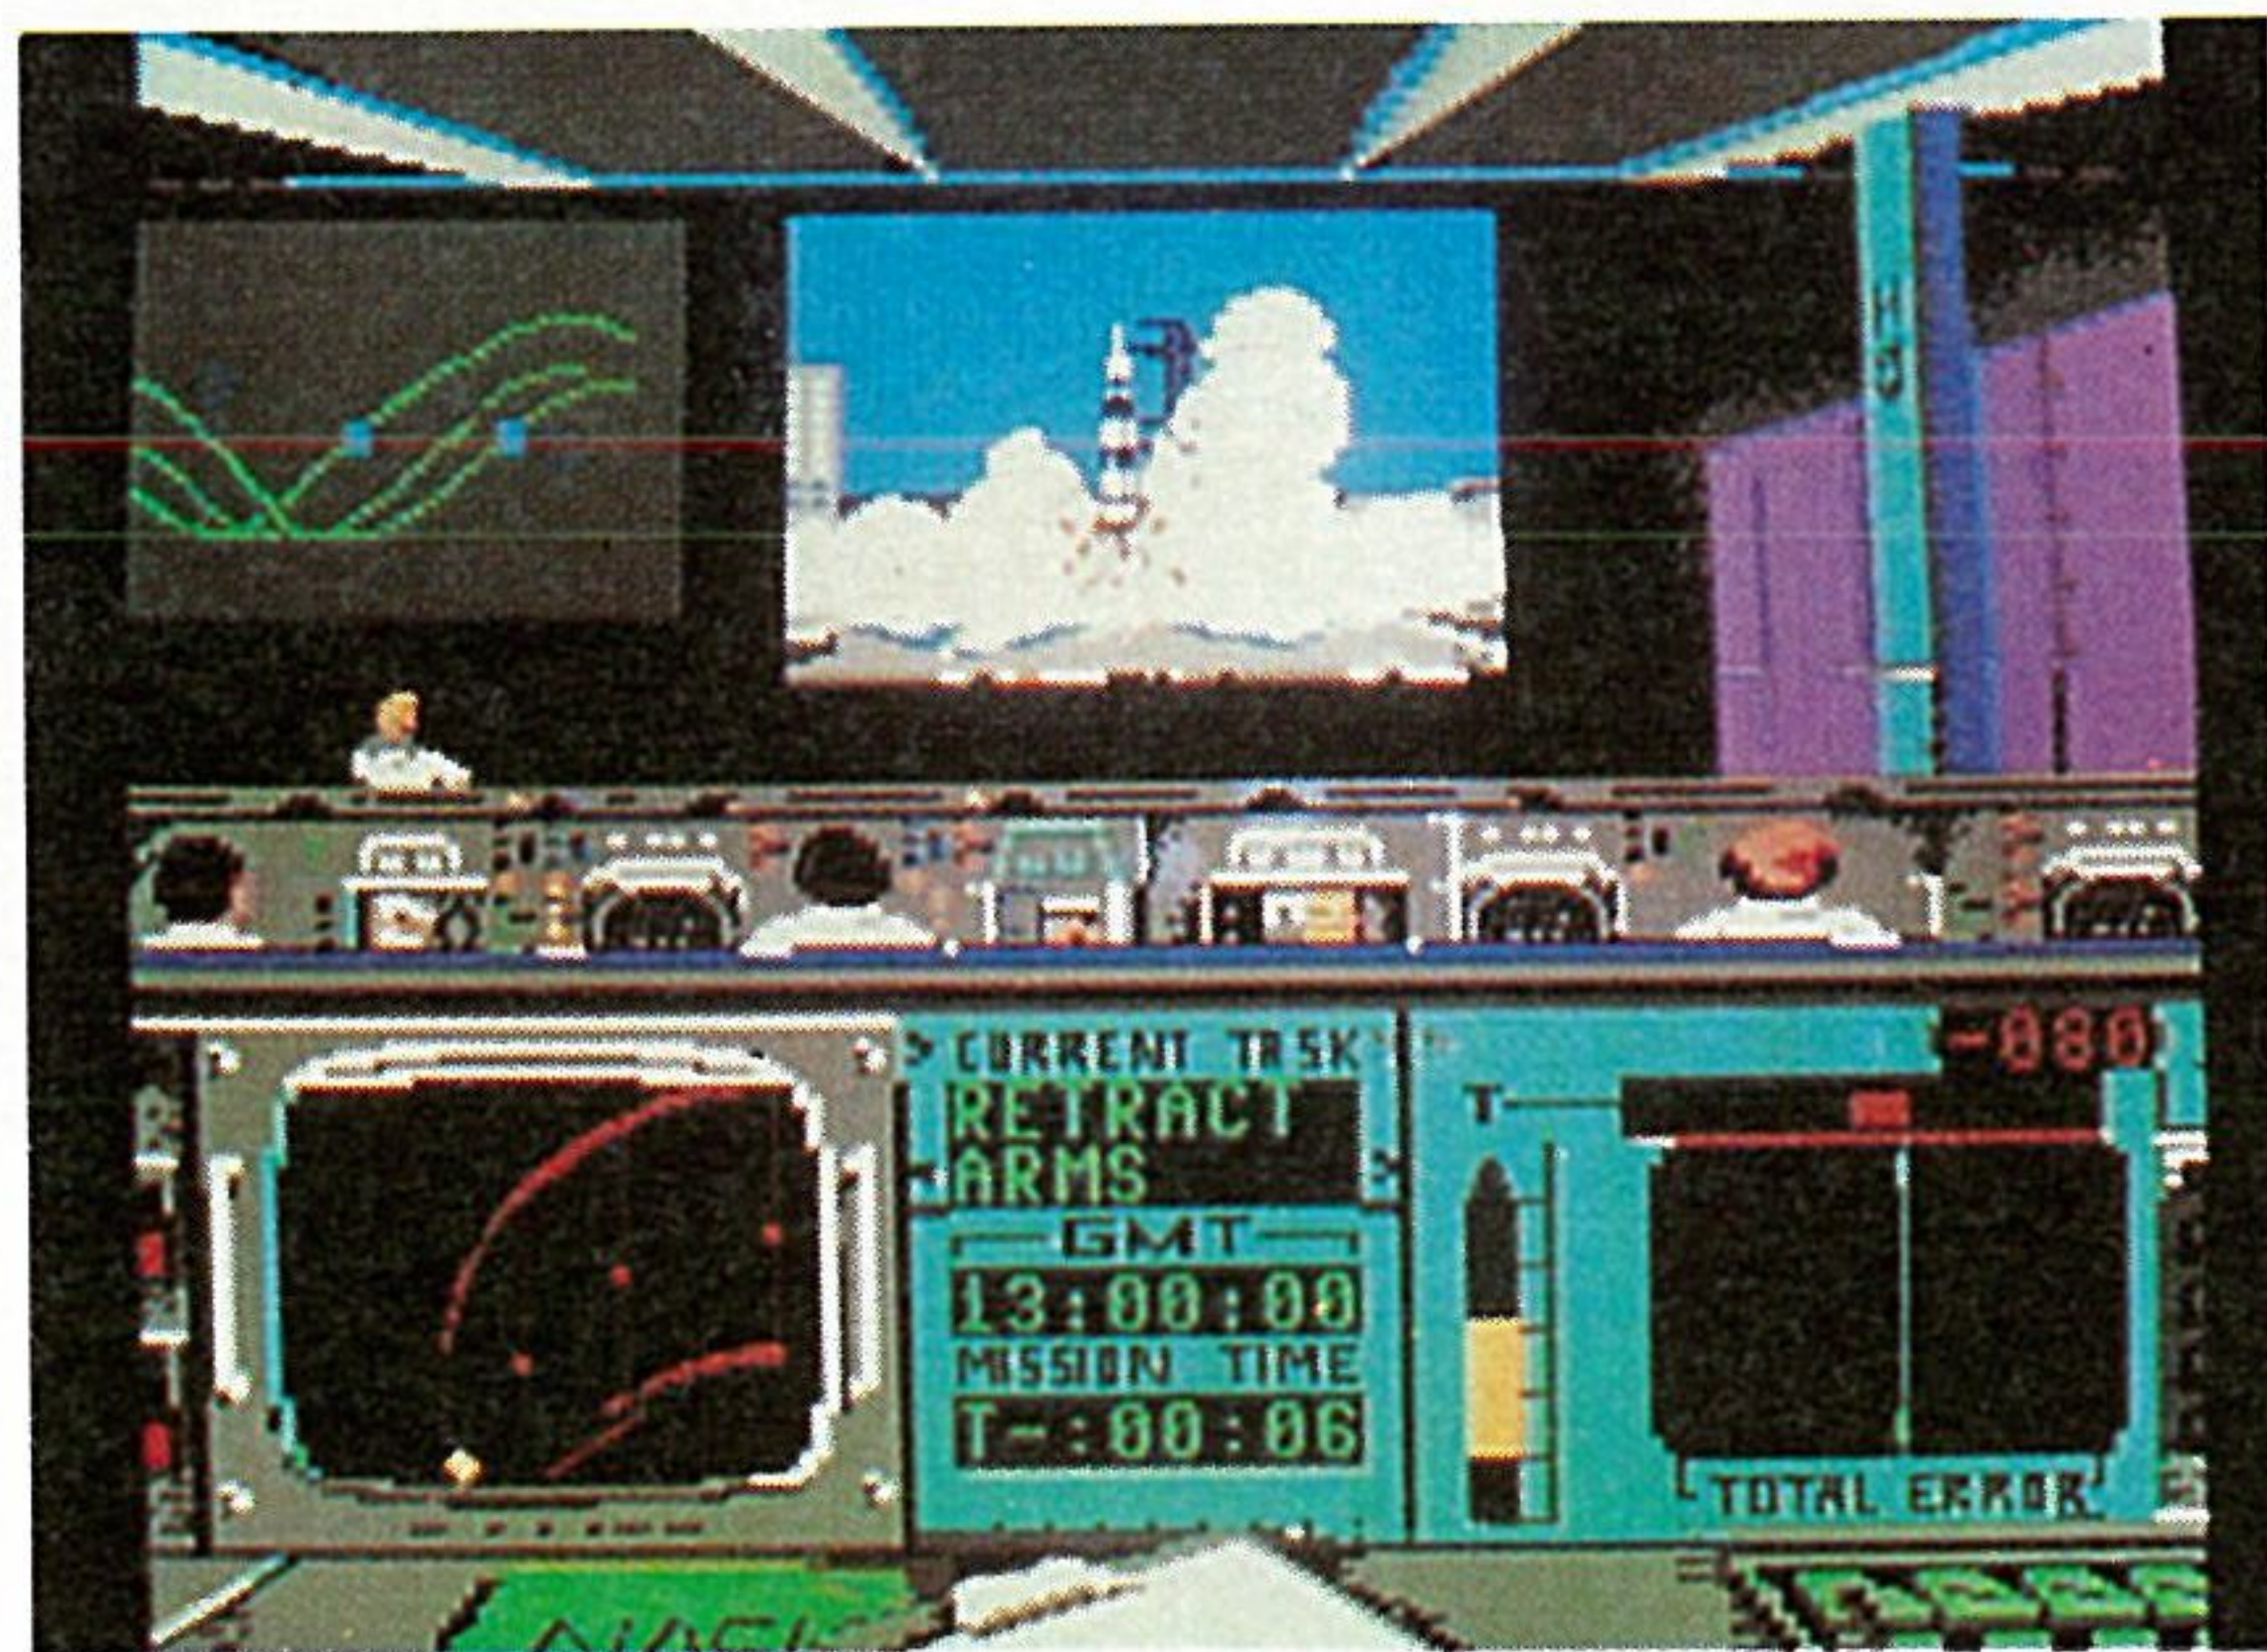

ACCOLADE

20813 Stevens Creek Boulevard,
Cupertino, California 95014.
408-446-5757

Like Wille, Mickey and The Babe, Hardball! is an American classic. And while others have tried to imitate Hardball!'s realism and playability, its true-to-life baseball simulation has remained in a league by itself.

Drill a homer, turn two or K the side. Here's animation as fluid as a lefty's move to first, with graphics that rival live network TV coverage.

Slap a "high five" on Accolade's Hardball! It's a sure bet for Cooperstown.

Apollo 18: Mission to the Moon

ACCOLADE

20813 Stevens Creek Boulevard,
Cupertino, California 95014
408 446-5757

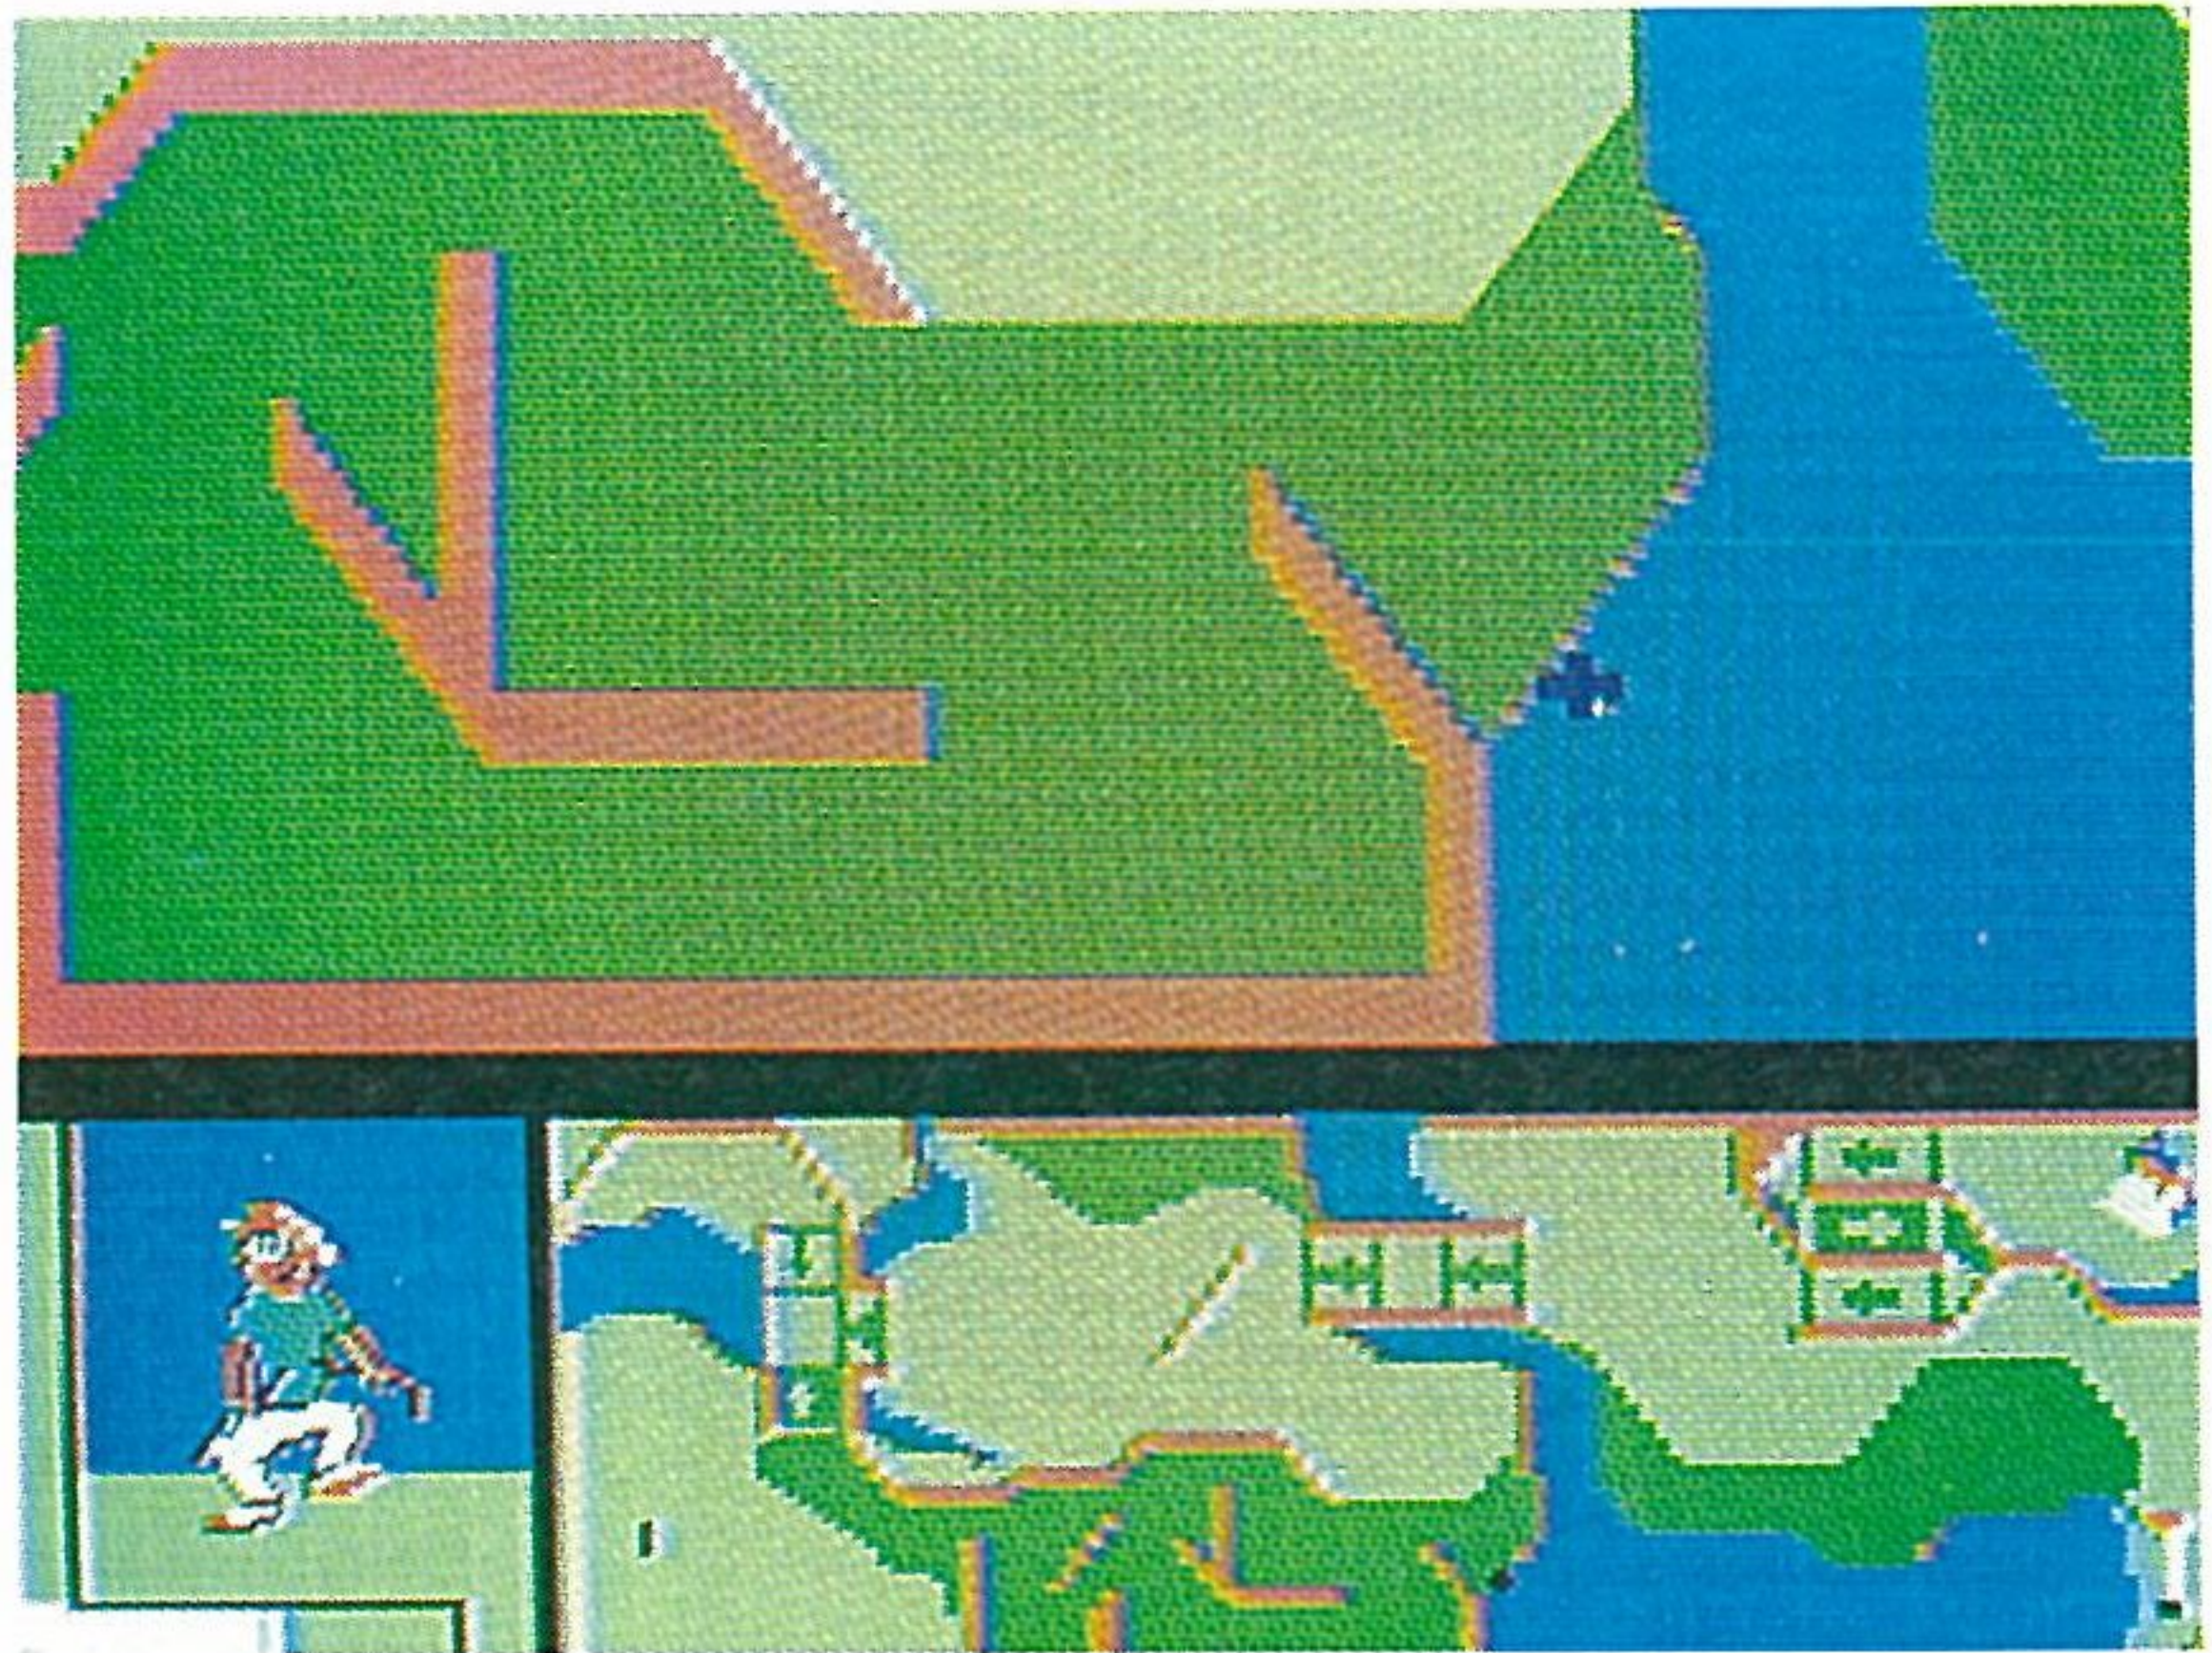

Only a select few have journeyed to the Moon. Do you have "the right stuff" to follow in their footsteps? Accolade's Apollo 18 launches you on a simulated flight to the Moon, recreating mankind's greatest adventure.

Your skills as an astronaut are put to the test as you undergo all the challenges of a lunar mission; liftoff, docking, spacewalking, lunar landing and splashdown. In Apollo 18, your every move is critical . . . every moment, exhilarating.

Mini-Putt

ACCOLADE

20813 Stevens Creek Boulevard,
Cupertino, California 95014.
408-446-5757

What do you get when you turn the geniuses of Accolade loose on a miniature golf course? You get the wackiest, zaniest, most unbelievable miniature golf game ever concocted! Accolade's Mini-Putt is the one miniature golf game that tests your skills and your sanity!

Putter-around on a variety of theme courses that feature everything from ball-munching greens to trap doors with crazy creatures! It's animated, it's looney, it's Mini-Putt!

Test Driver

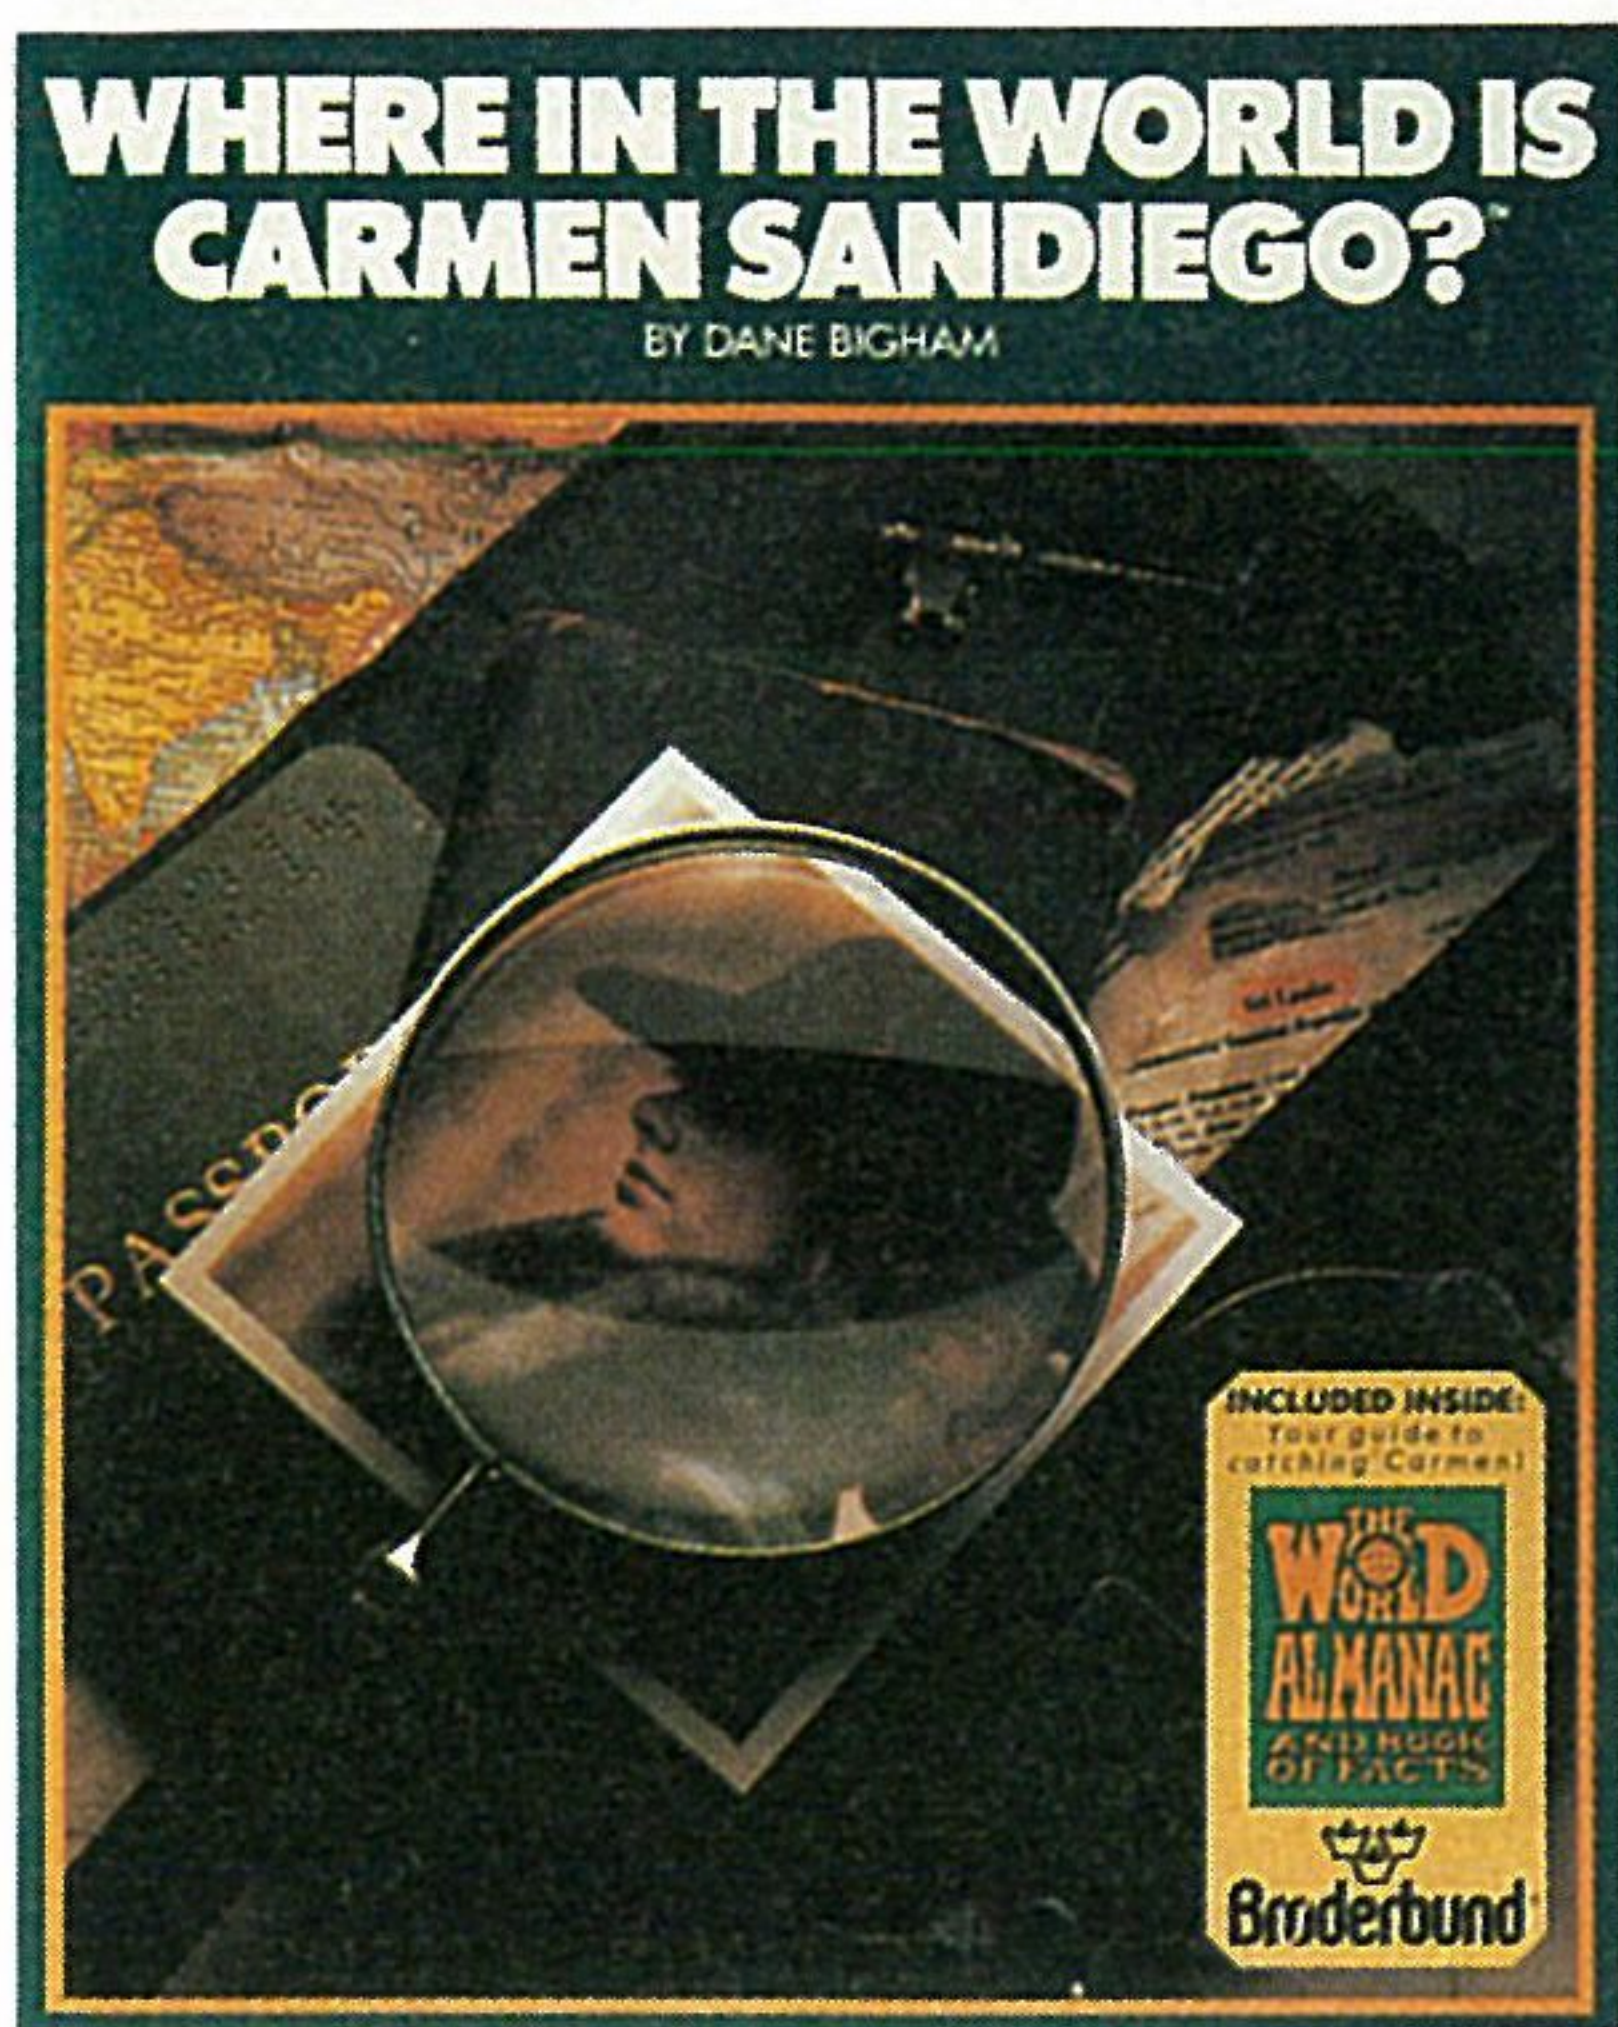

ACCOLADE

20813 Stevens Creek Boulevard,
Cupertino, California 95014.
408-446-5757

Ever wanted to propel a Ferrari down a mountain road? Blast a Lamborghini through a straightaway? Accolade's Test Driver lets you push some of the world's most exotic performance cars to the limit in an incredible driving simulation.

Climb behind the wheel of your Lotus. Downshift in your Porsche. Corner in your Corvette. Sense all the characteristics of each car in practically every driving situation. But watch your radar detector. The fuzz ain't friendly in these parts.

Cauldron

 **Broderbund®**

Broderbund Software
17 Paul Drive
San Rafael, CA 94903-2101
(415) 492-3500

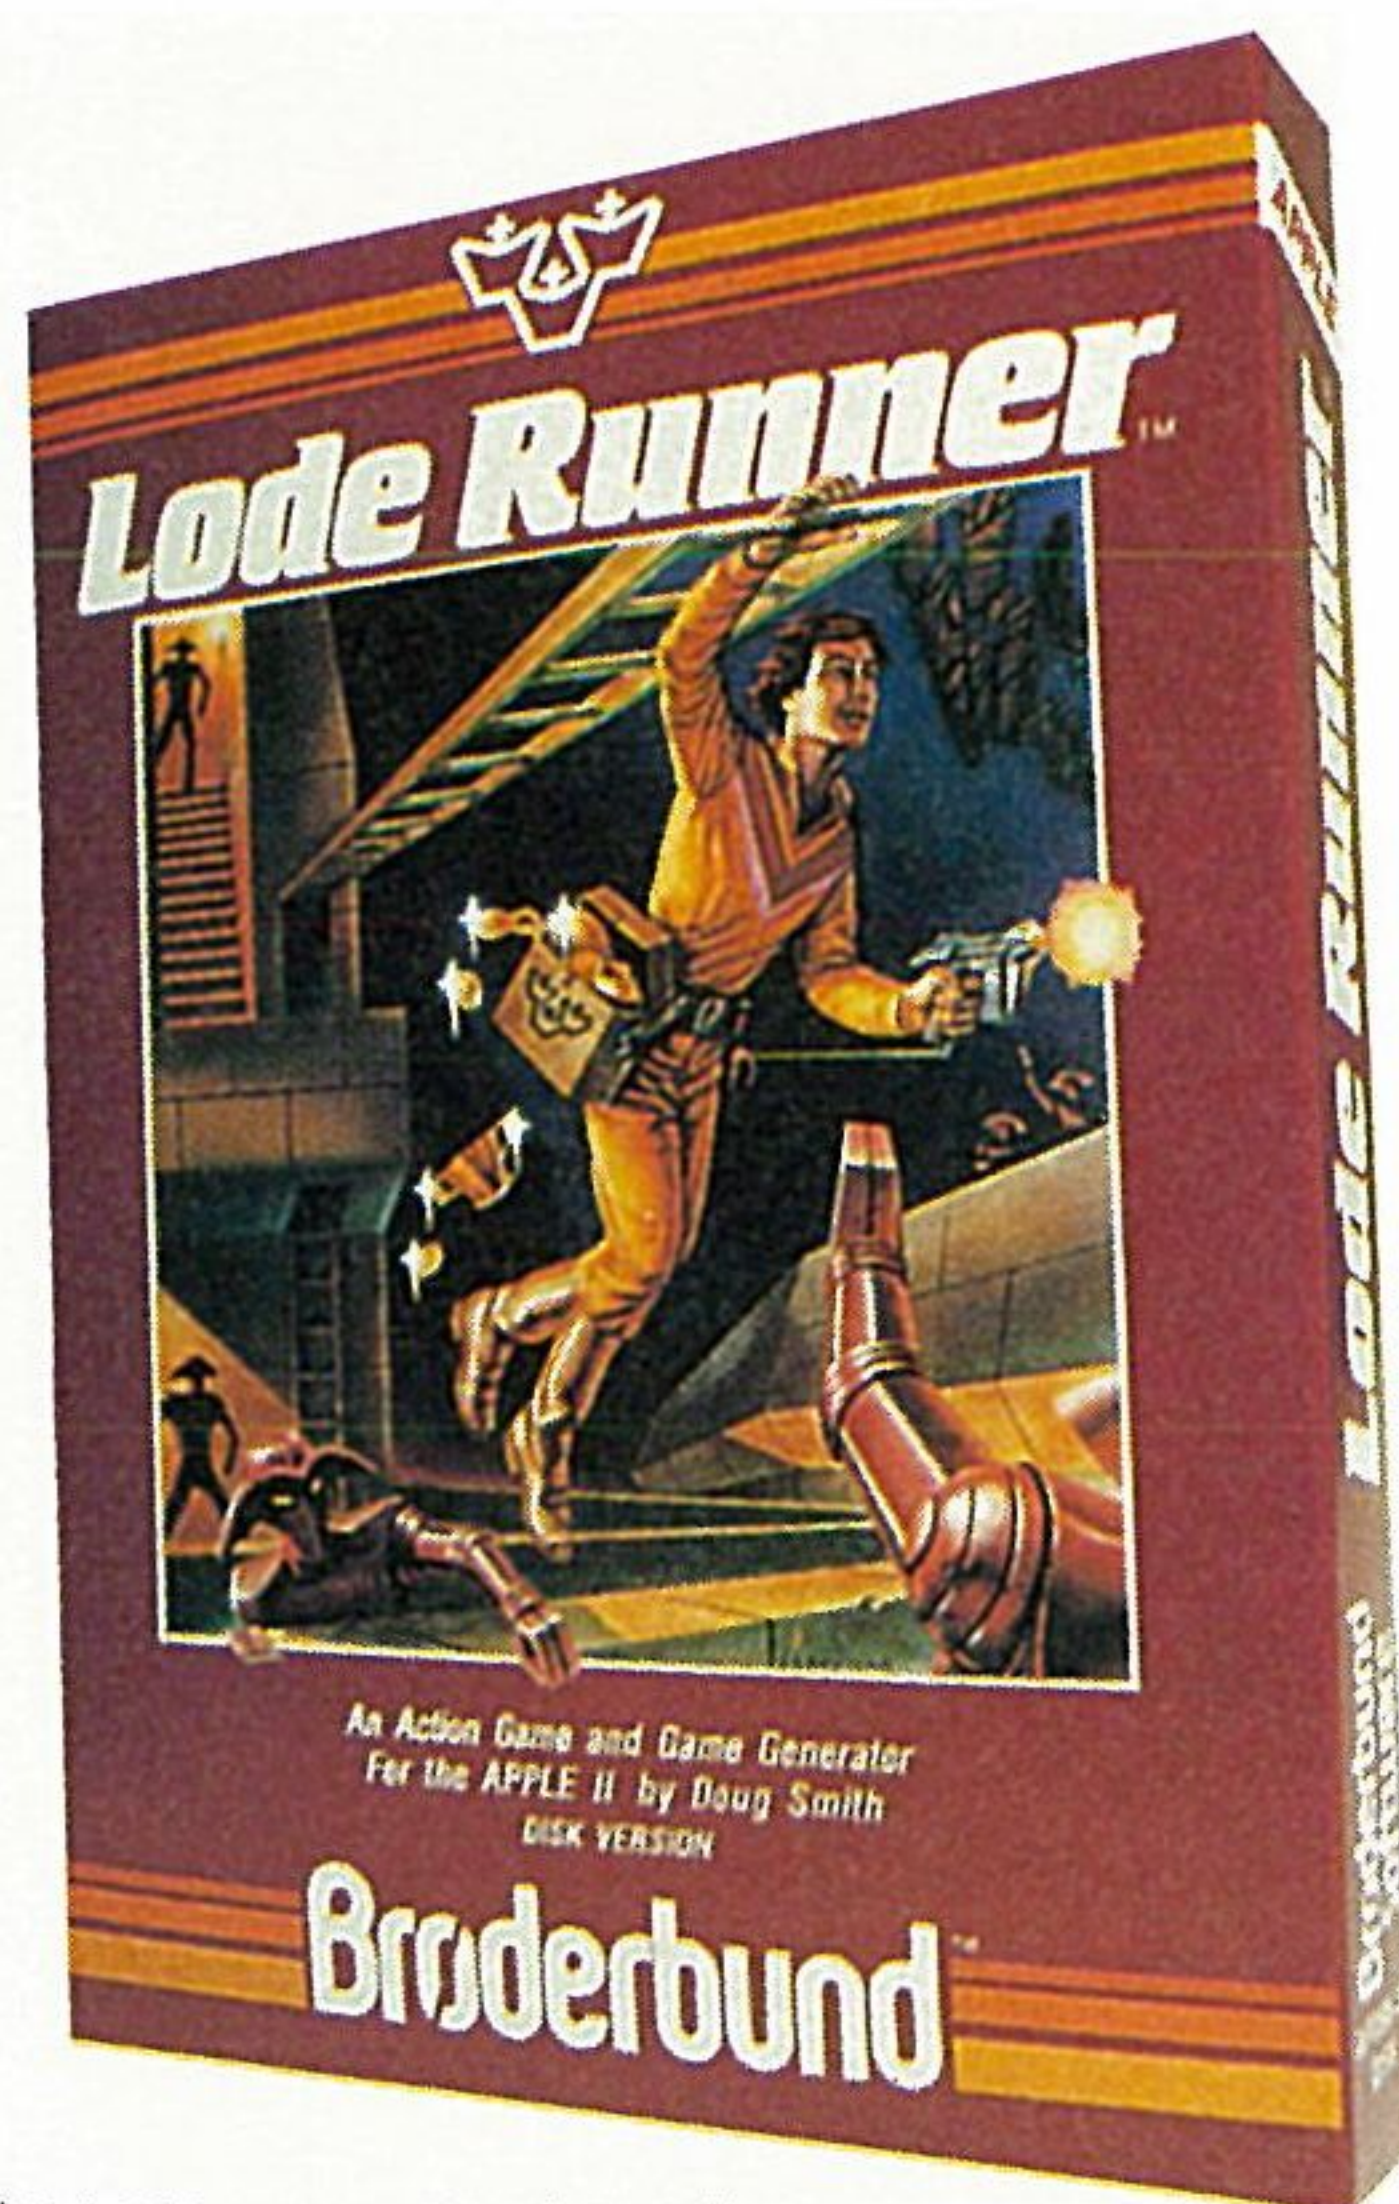

Cauldron is really two rip-roaring arcade games. In one, you're a witch whose golden broom has been stolen by the Pumpking. In the other, you're a pumpkin warrior out to destroy the evil Witch Queen. Both games feature rapid-fire arcade animation and highly challenging maneuvers. You'll have to battle your way past bats, skeletons, killer spiders, and assorted other nasties. In all, there are 192 richly designed sets with brilliant color and sound effects!

Lode Runner

Broderbund Software
17 Paul Drive
San Rafael, CA 94903-2101
(415) 492-3500

This one-of-a-kind game is a classic that offers truly unlimited play. Each of the 150 different game screens requires strategic problem solving, quick thinking and lightning-fast reflexes. You'll be running, jumping, drilling passages and out-foxing life-threatening guards as you try to recover stolen treasure from the greedy leaders of the Bungeling Empire. But that's not all. Lode Runner also includes a powerful Game Generator, so you can create an unlimited number of original game boards.

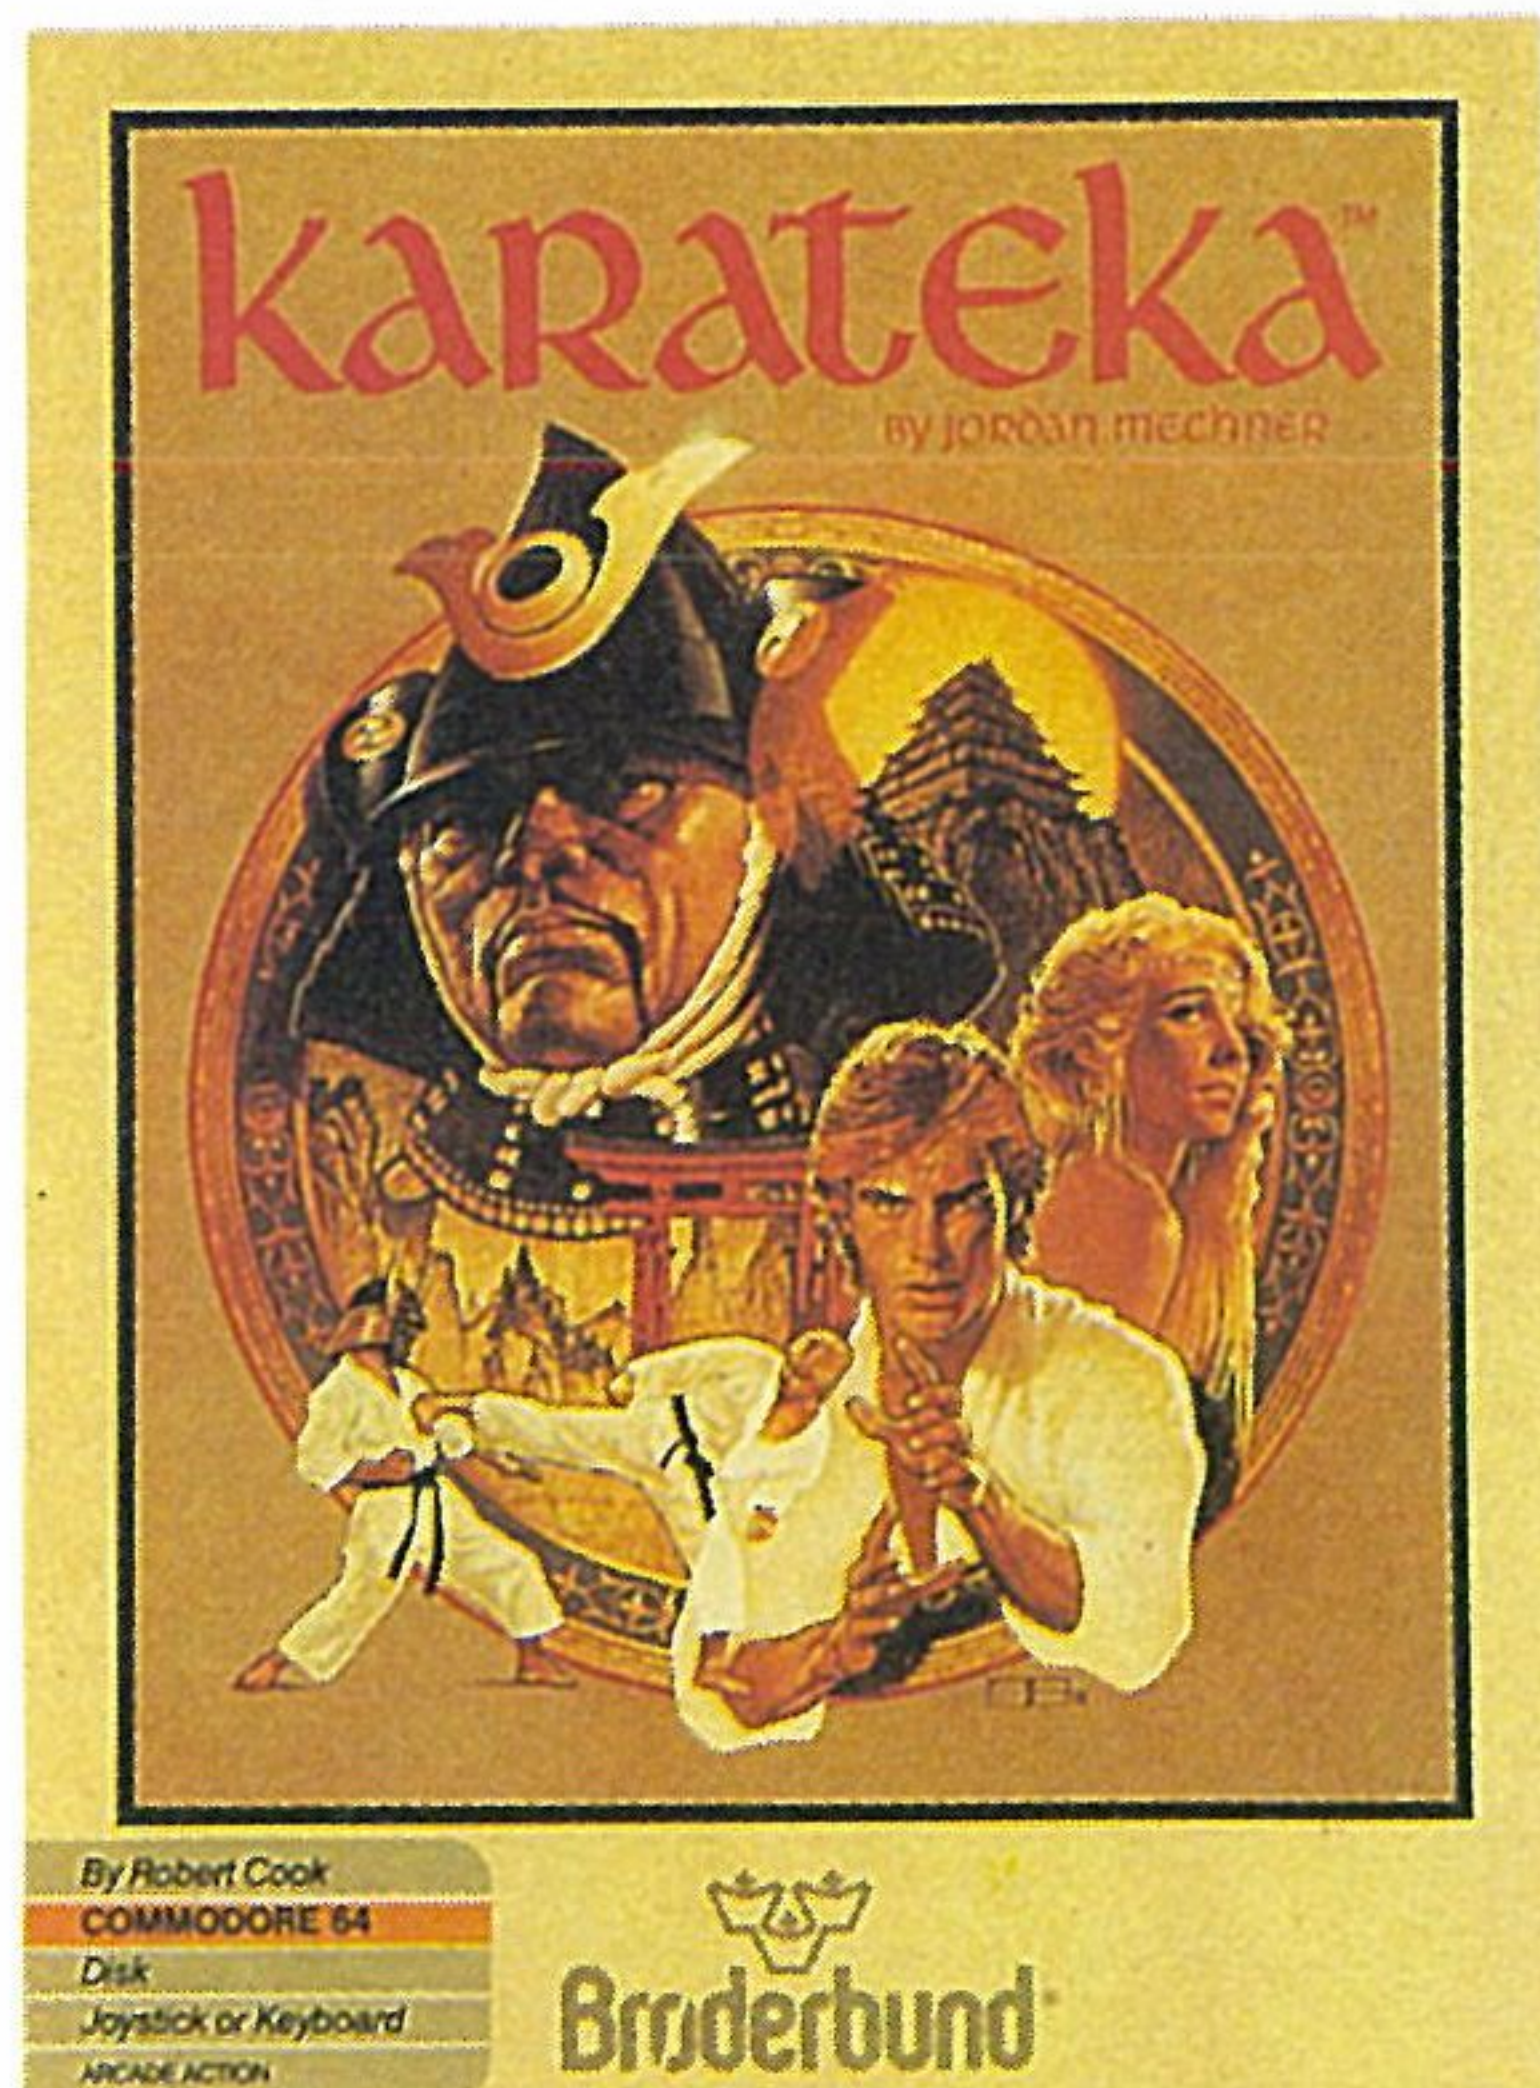

\$34.95 suggested retail

Karateka

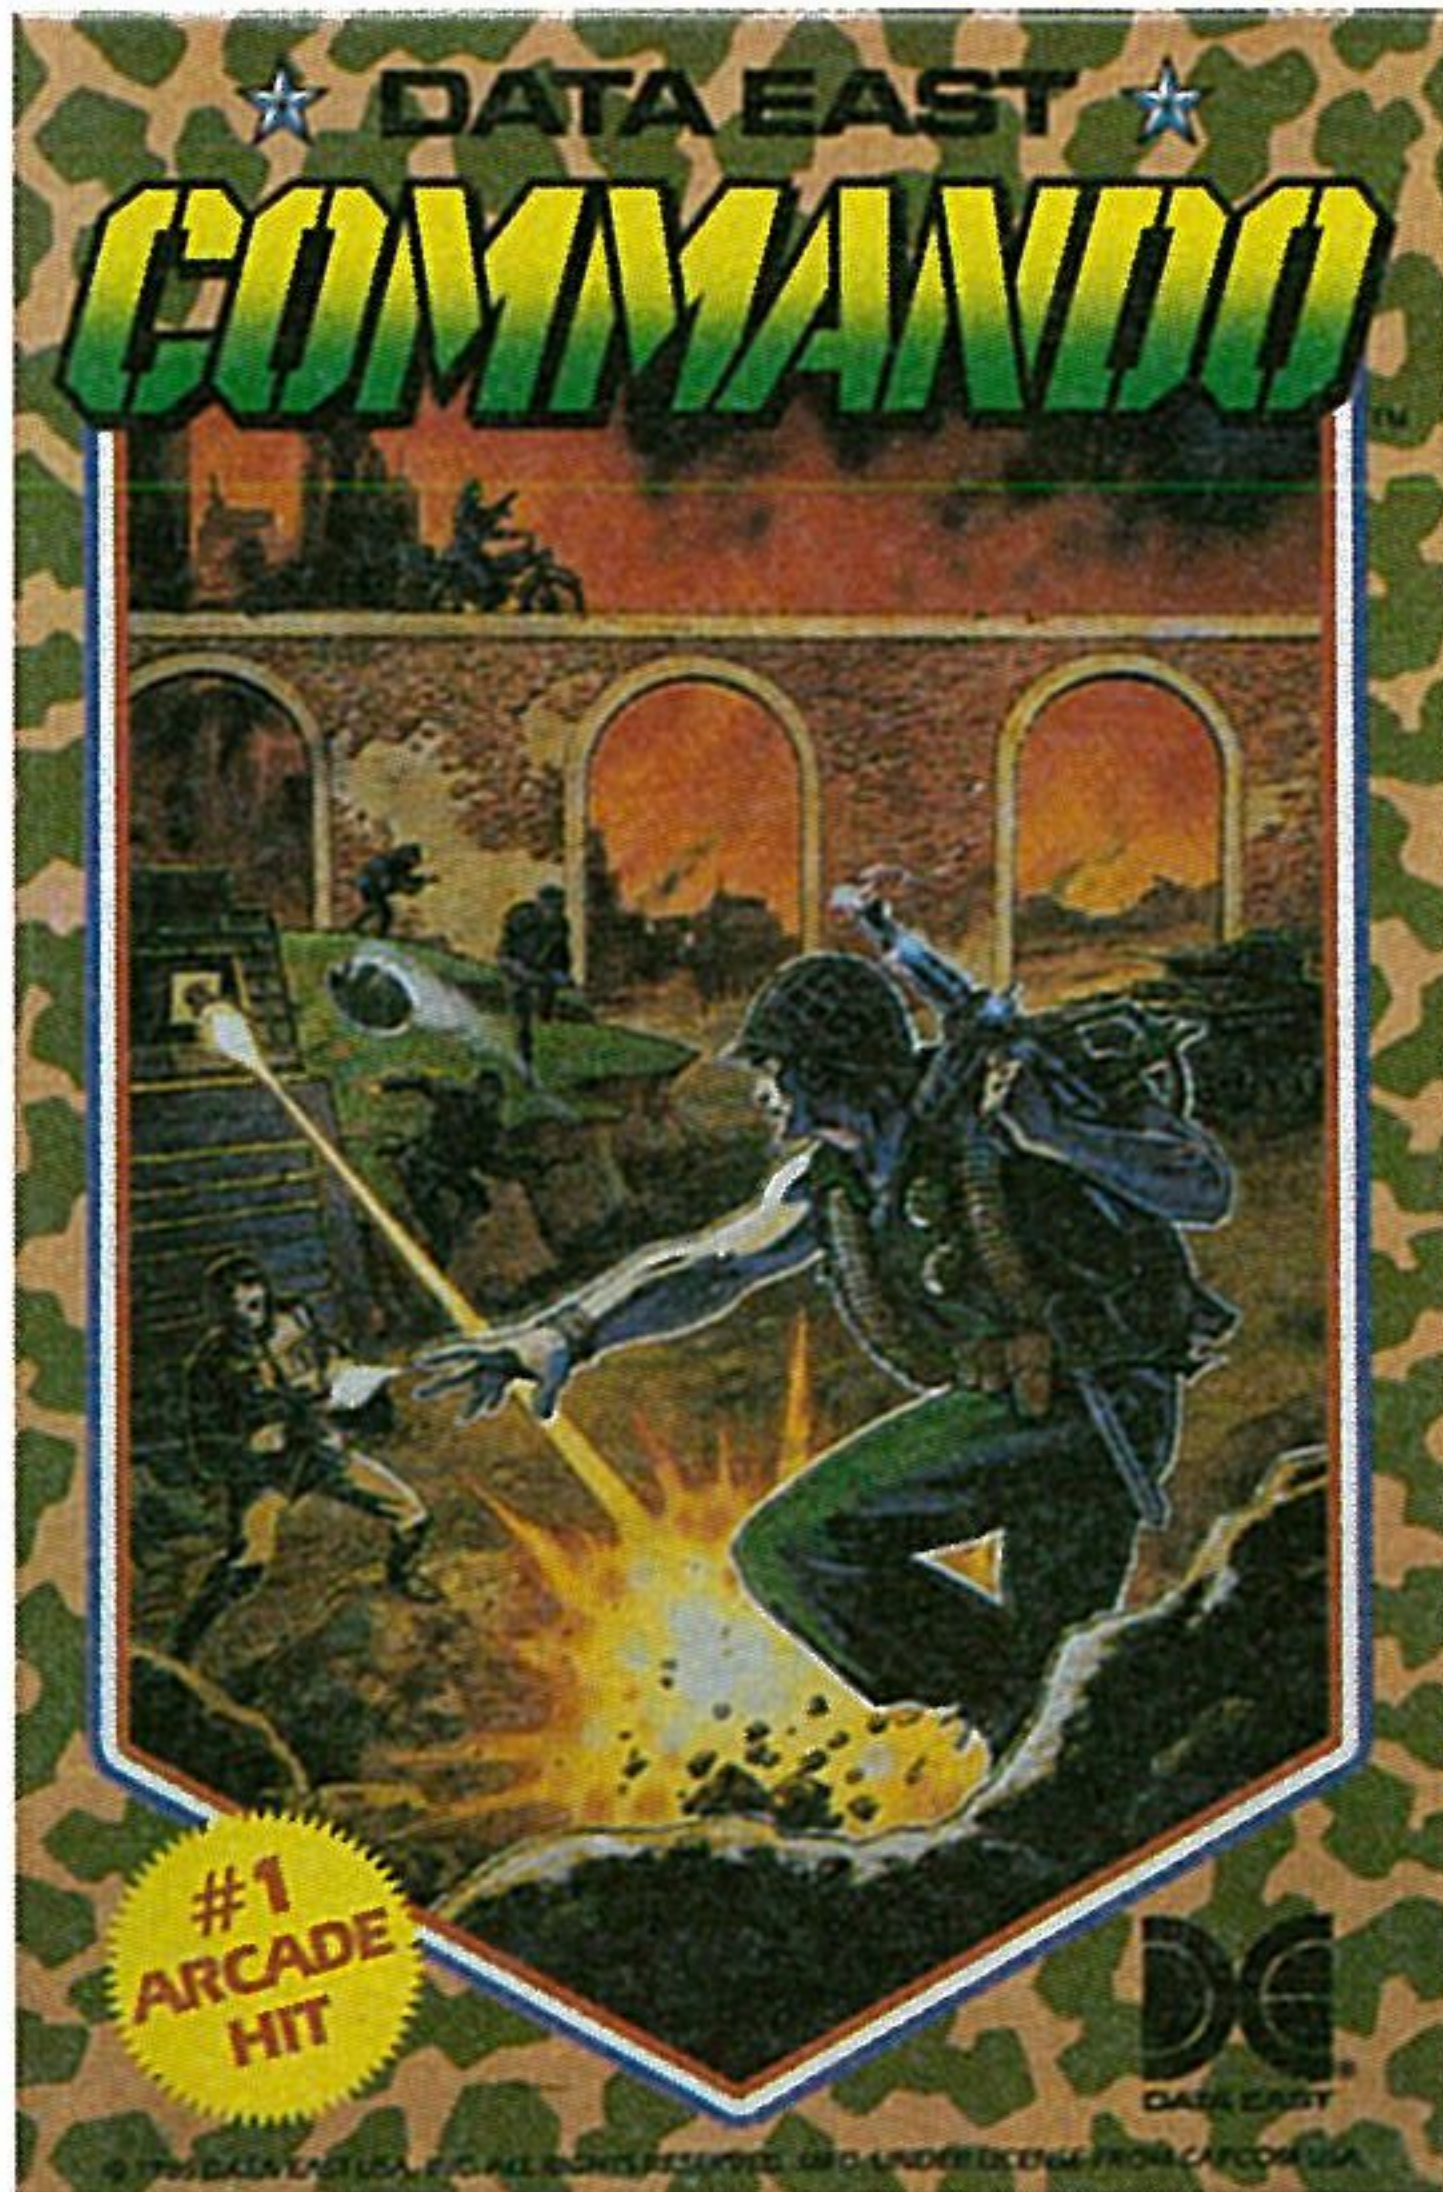

Broderbund Software
17 Paul Drive
San Rafael, CA 94903-2101
(415) 492-3500

Prepare for split-second adventure. Karateka combines an intricate plot, realistic martial arts action, and beautifully detailed animation. It has the feel and excitement of an authentic martial arts movie—and you control all the karate moves. You are a young karate master who must rescue your beloved princess from the evil warlord Akuma. As you fight Akuma's vicious warriors—and finally Akuma himself—you'll need the utmost discipline and skill to win.

Commando

Data East

470 Needles Drive
San Jose, CA 95112

As the crack shot **COMMANDO**, battle overwhelming odds to defeat advancing rebel forces! Carry out your lone crusade through hostile territory with only a machine gun and hand-grenades. Enemy fire flies past you from all directions; rebel forces appear from caves, trenches, and strongholds to bar your progress! Break through the enemy lines to reach the fortress, collecting supplies from defeated outposts. There can be no retreat — the fate of the free world is in your hands!

Tag Team Wrestling

Data East

470 Needles Drive
San Jose, CA 95112

Teamwork and stamina are the keys, as you and your partner battle your way through the Title Matches on your quest for the belt. Attack your opponents with body slams, drop kicks, backbreakers, flying head butts, or even throwing them out of the ring! To win, it's a pin for a count of three. Nothing can match the super excitement as the crowd cheers over this mania on the mat. Prepare yourself for **TAG TEAM WRESTLING!**

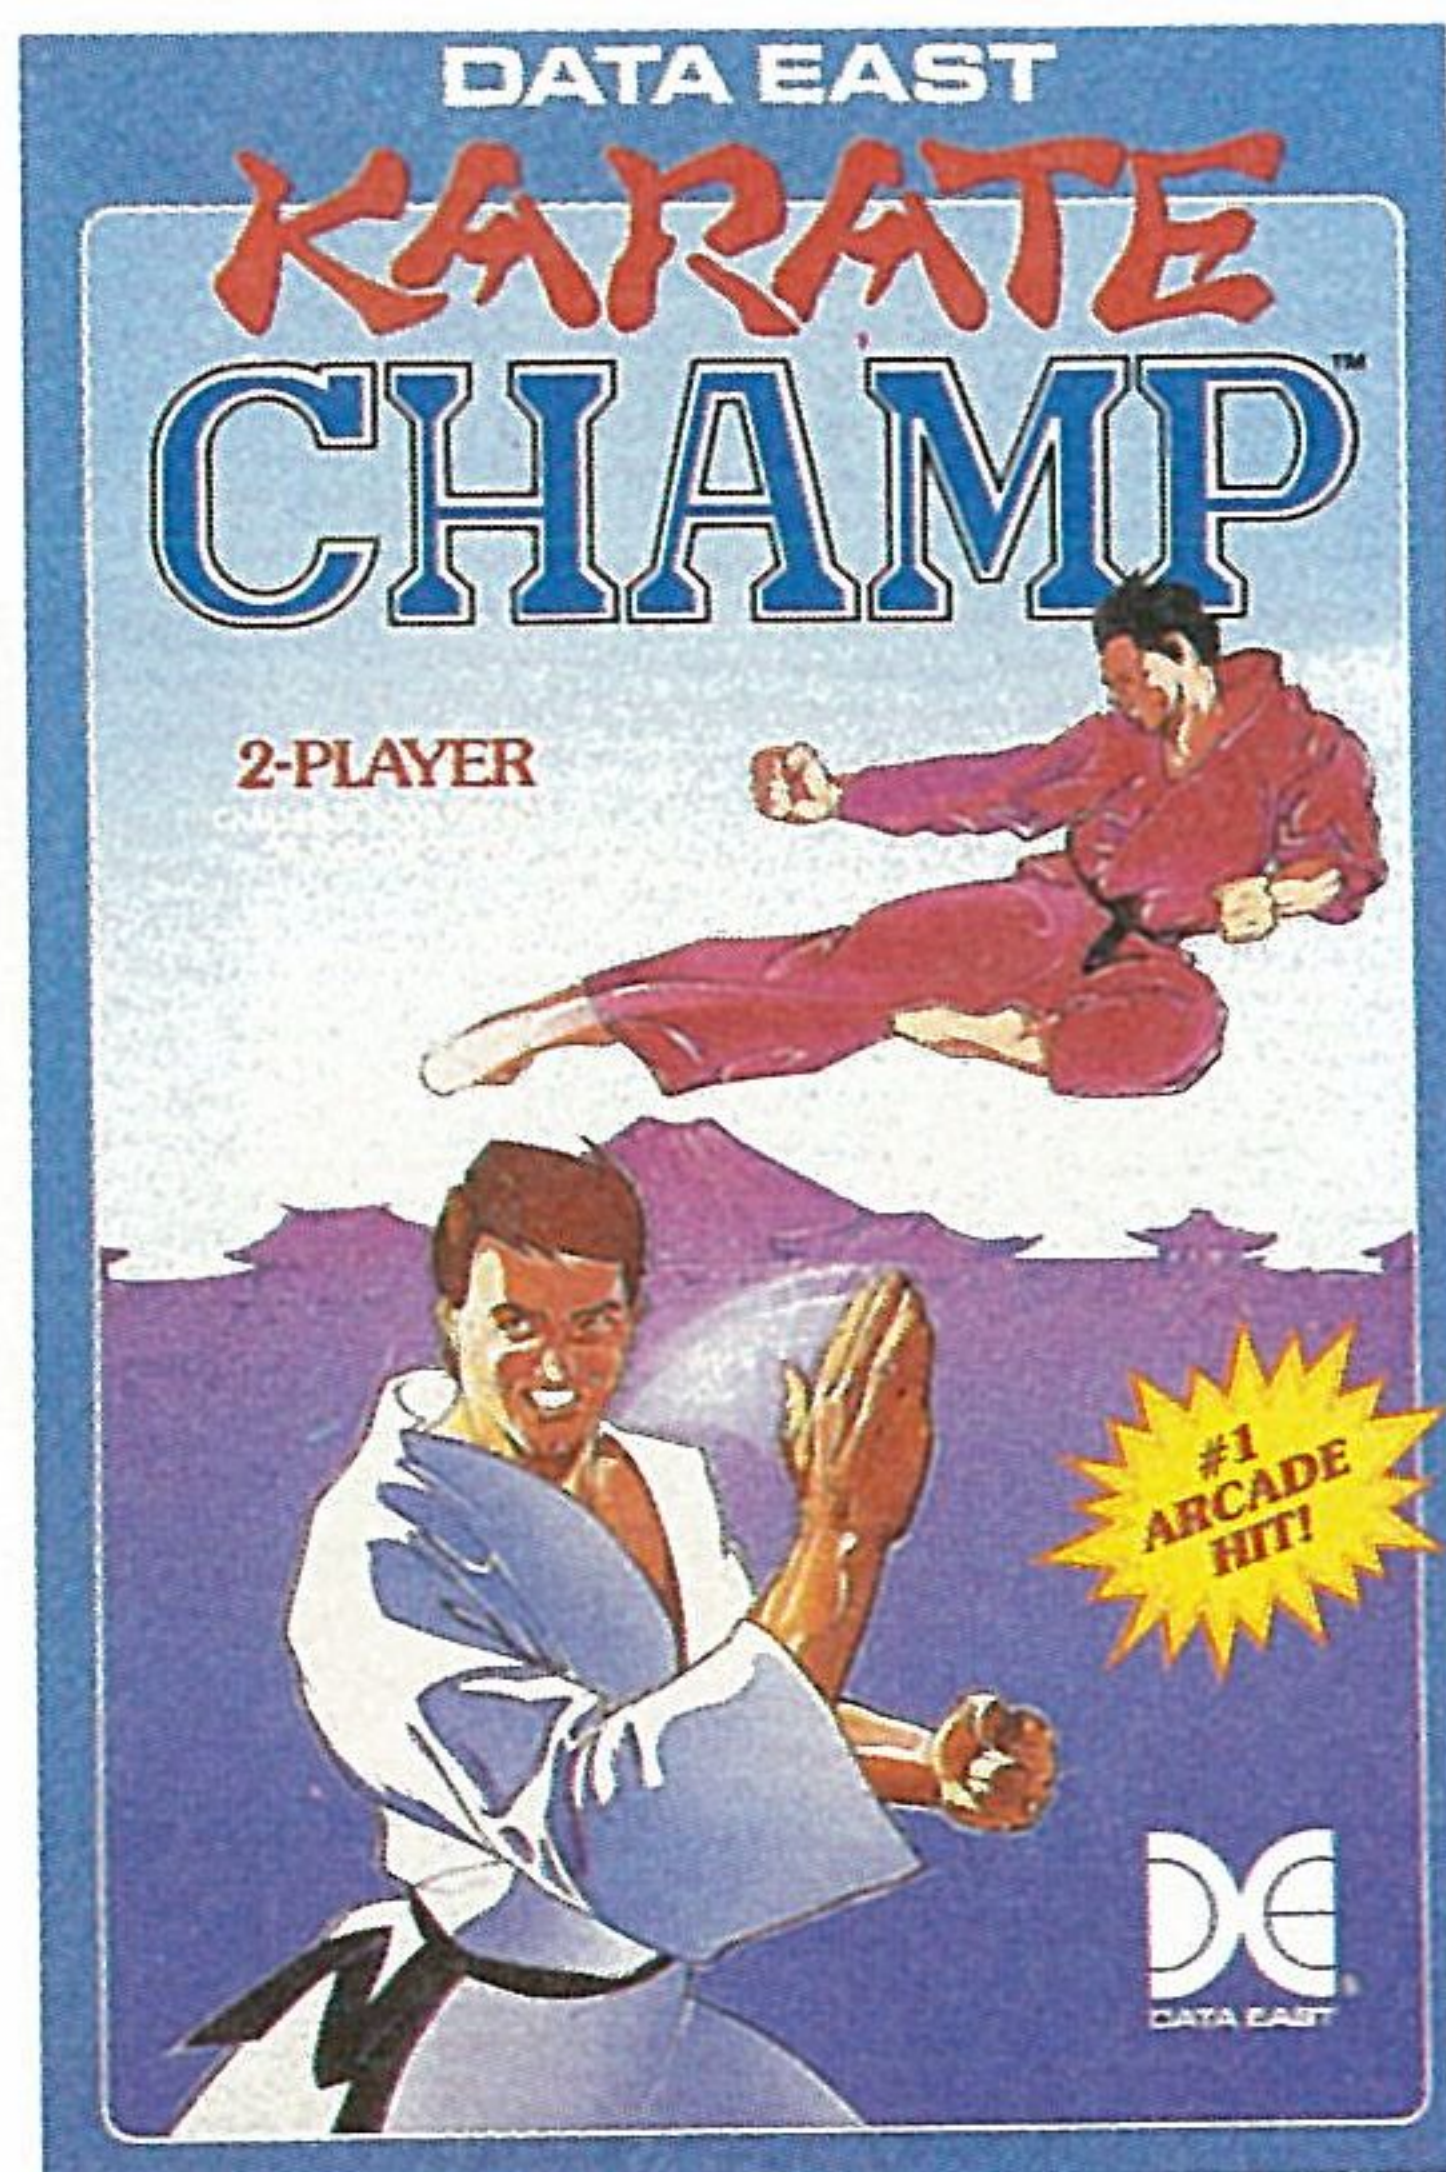

Karate Champ

DATA EAST

470 Needles Drive
San Jose, CA 95112

Sharpen your split-second reflexes, focus your concentration skills, and put on your black belt. Your karate championship is at stake. Can you master all the lunges, kicks, spins, somersaults, foot sweeps, reverse punches, and defensive blocks needed to retain your title? Only the quick-witted will survive. So, move fast. Play smart or else you'll get flattened before you can grunt. Compete against a friend, or challenge the computer. Nine different picturesque settings (plus three especially challenging bonus screens!), provide the back drops for your matches.

Kung-Fu Master

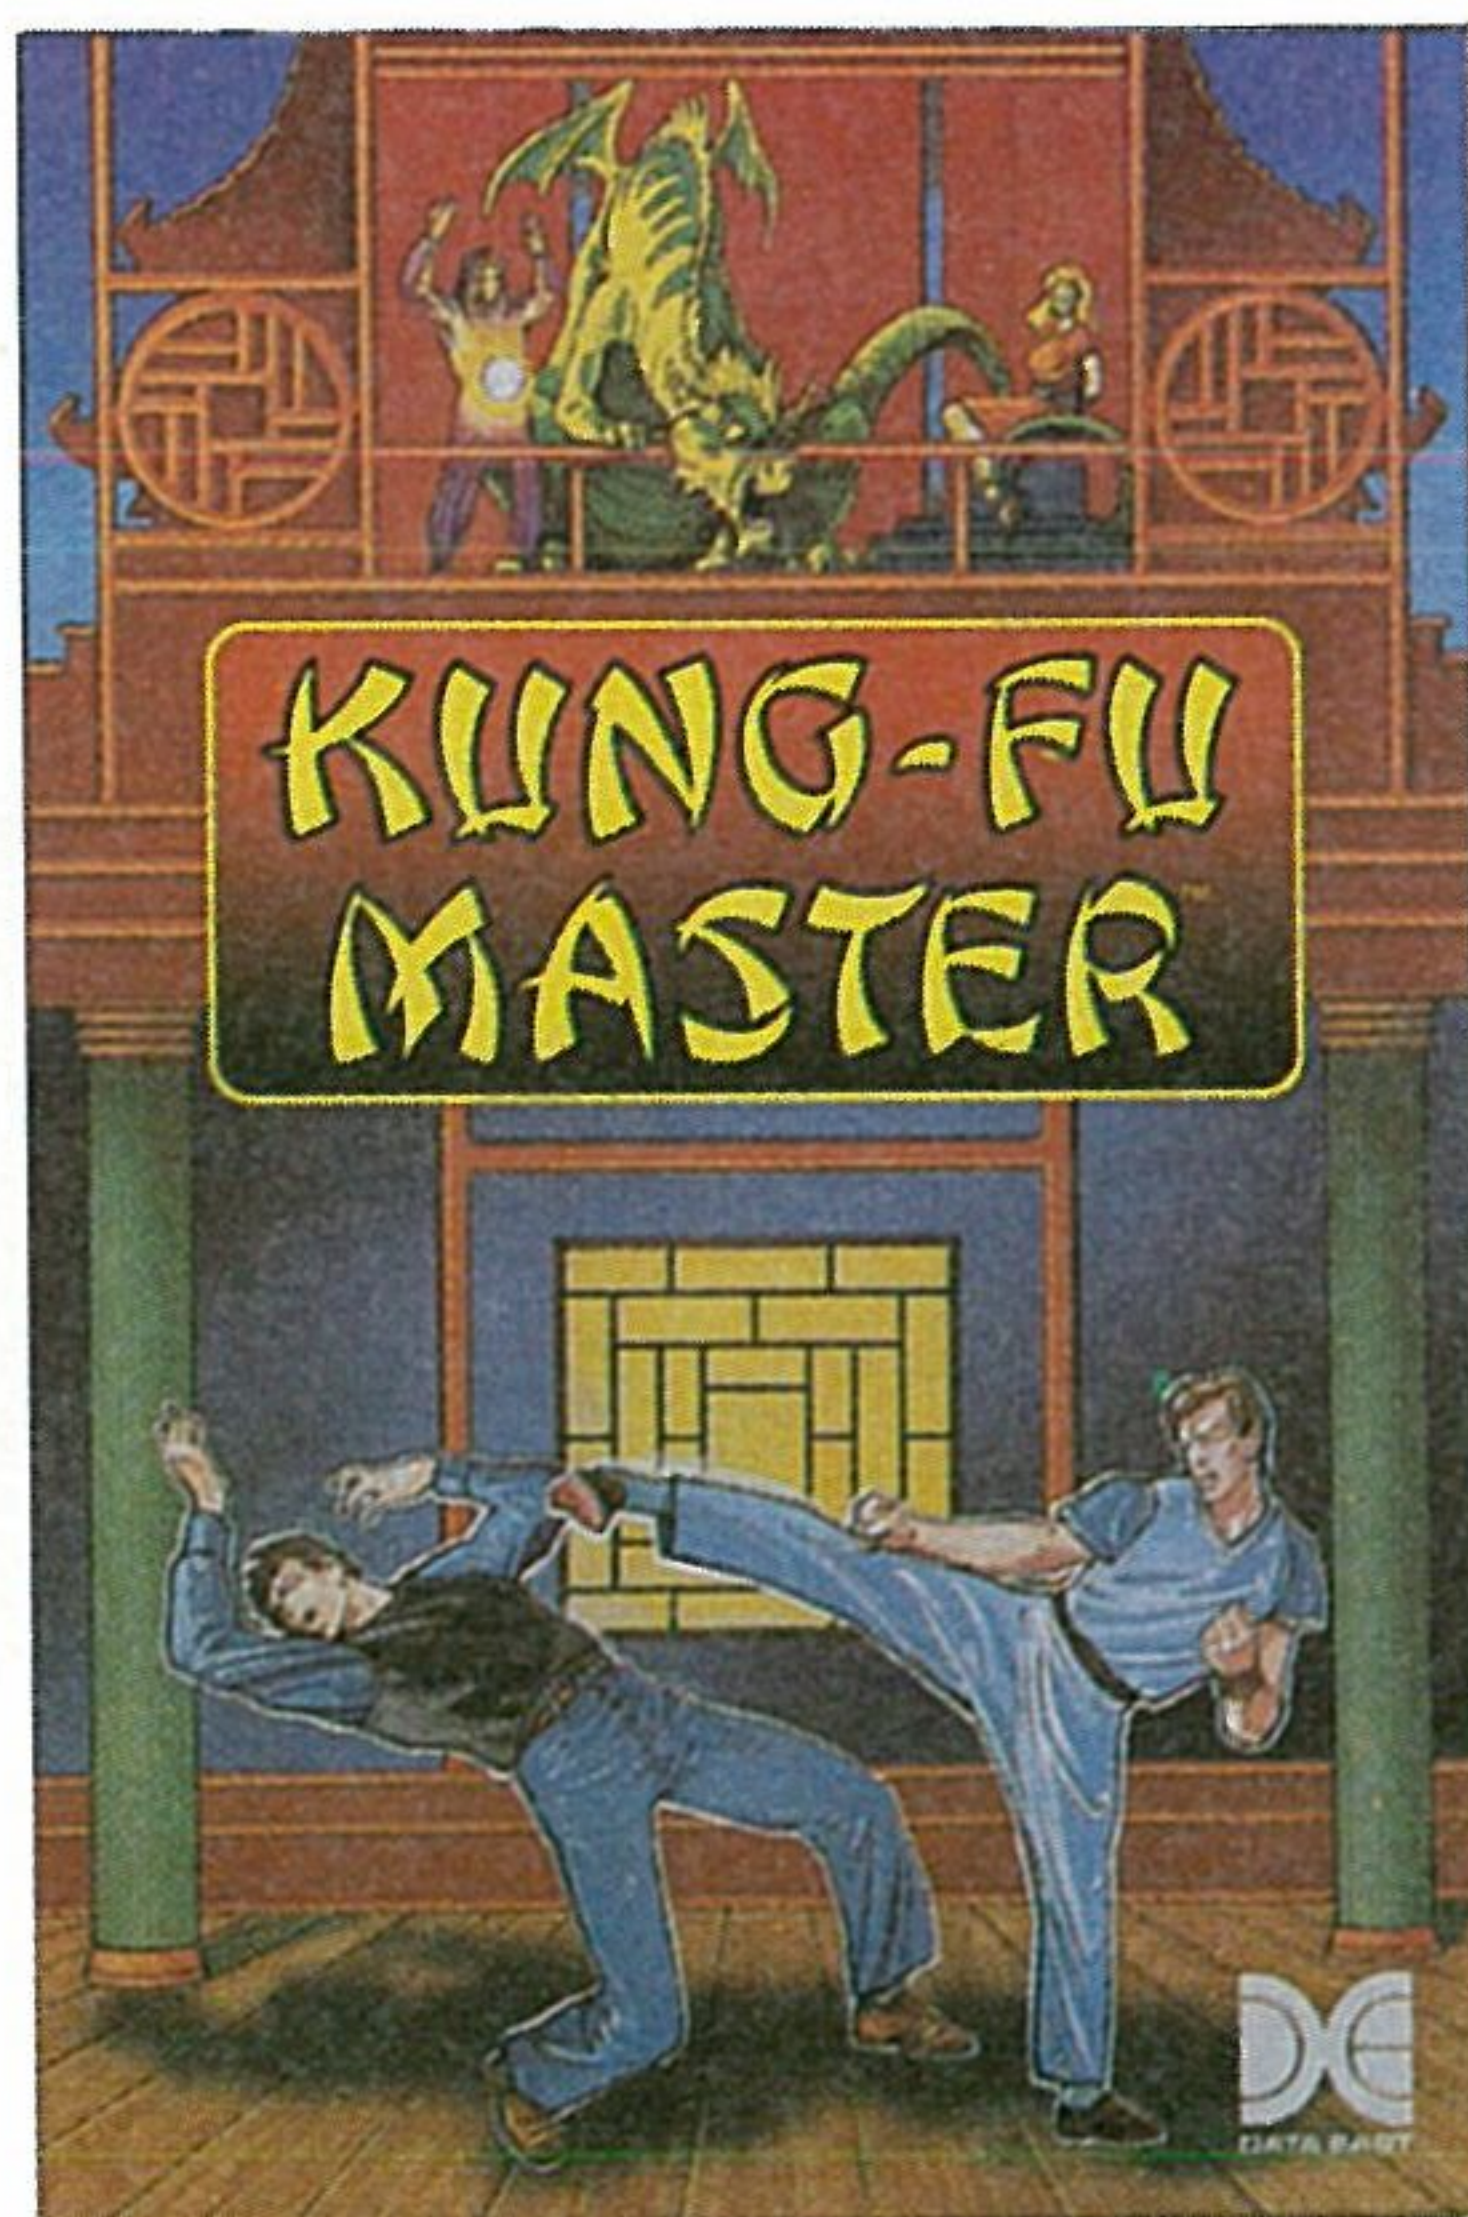

Data East

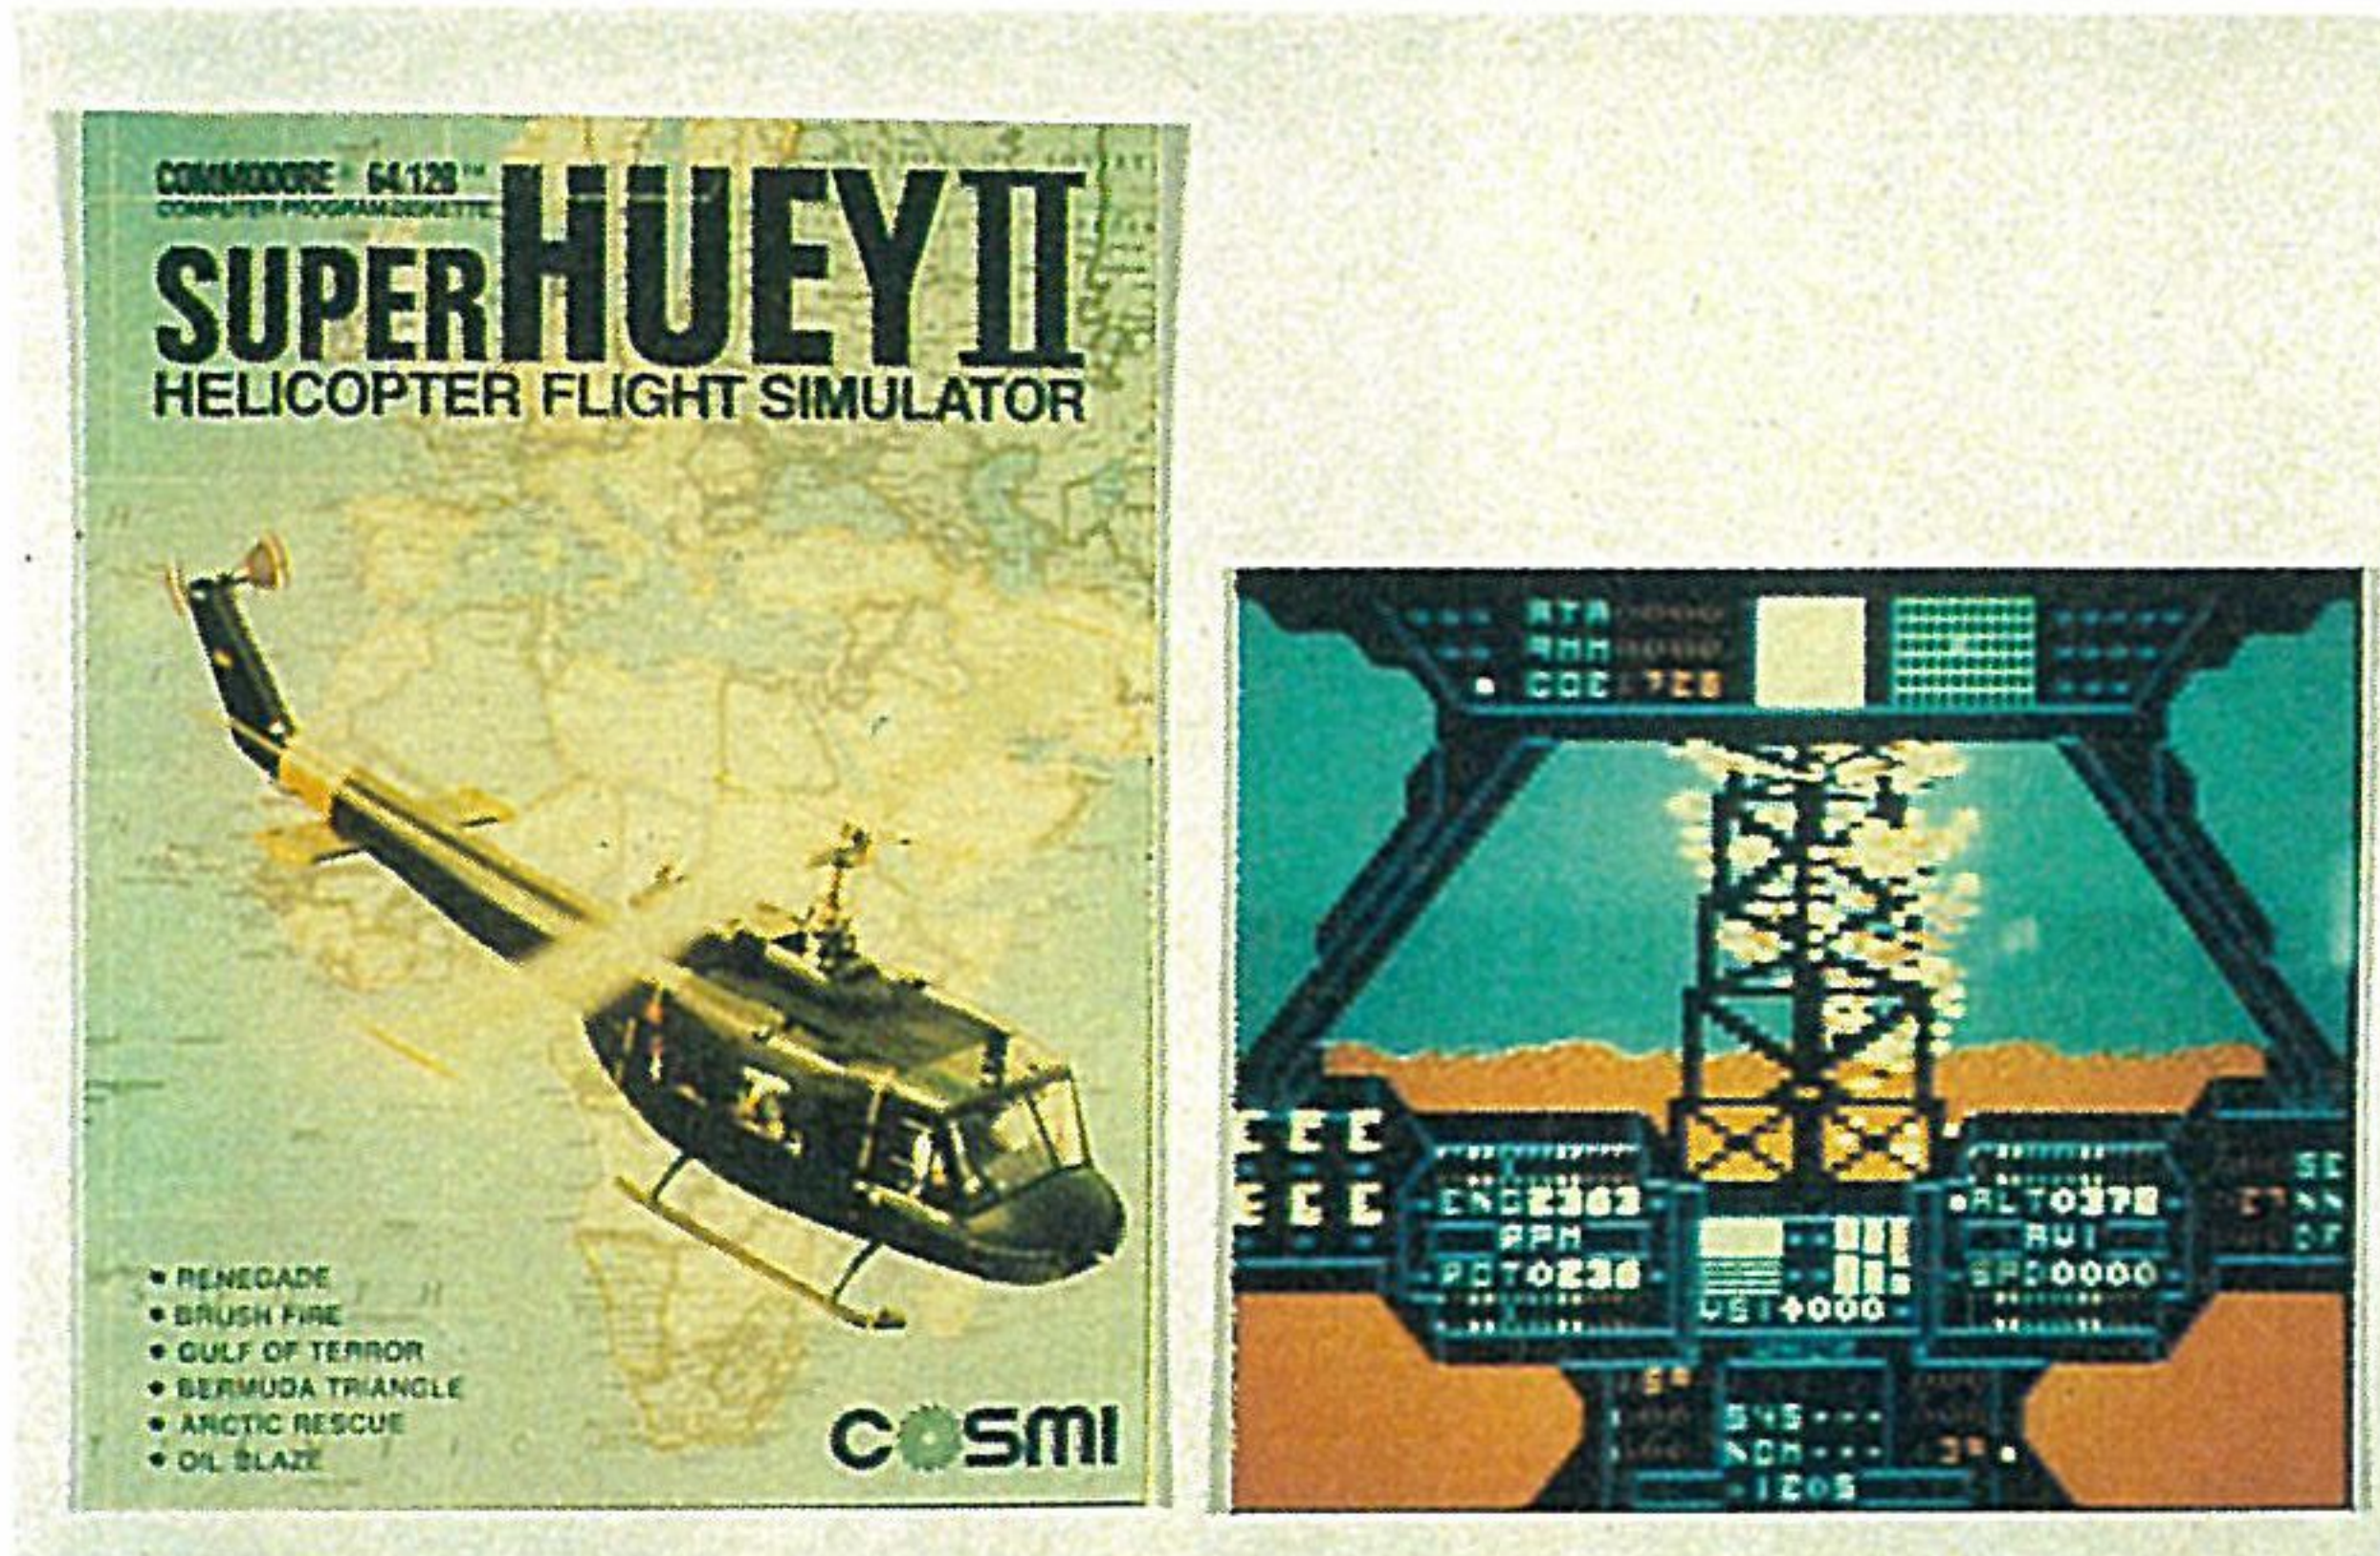

DATA EAST

470 Needles Drive
San Jose, CA 95112

Martial arts experts and demons of every description are your obstacles in this fast paced video action thriller. Travel through the wizard's temple to rescue the fair maiden held captive. You must avoid demons along with dragons, snakes, and killer bees. Beware of weapon wielding henchmen and defeat each of the deadly guardians to advance to each of the five floors. Your only defense is your own martial art skills!

"Graphics and sound are excellent. SUPER HUEY II gets straight A's on all counts!"—Ervin Bobo, RUN Magazine. Not merely a sequel to the SPA Gold Medal winning SUPER HUEY (sales over 160,000), SUPER HUEY II is totally new, with six exciting and challenging scenarios: Gulf of Terror, Bermuda Triangle, Renegade, Brush Fire, Arctic Rescue and Oil Blaze.

"One of the best flight simulations available today. An essential buy for any budding pilot."—ZZAP! Magazine.

Defcon 5

COSMI

COSMI
415 N. Figueroa
Wilmington, CA 90744
(213) 835-9687

\$19.95 suggested retail

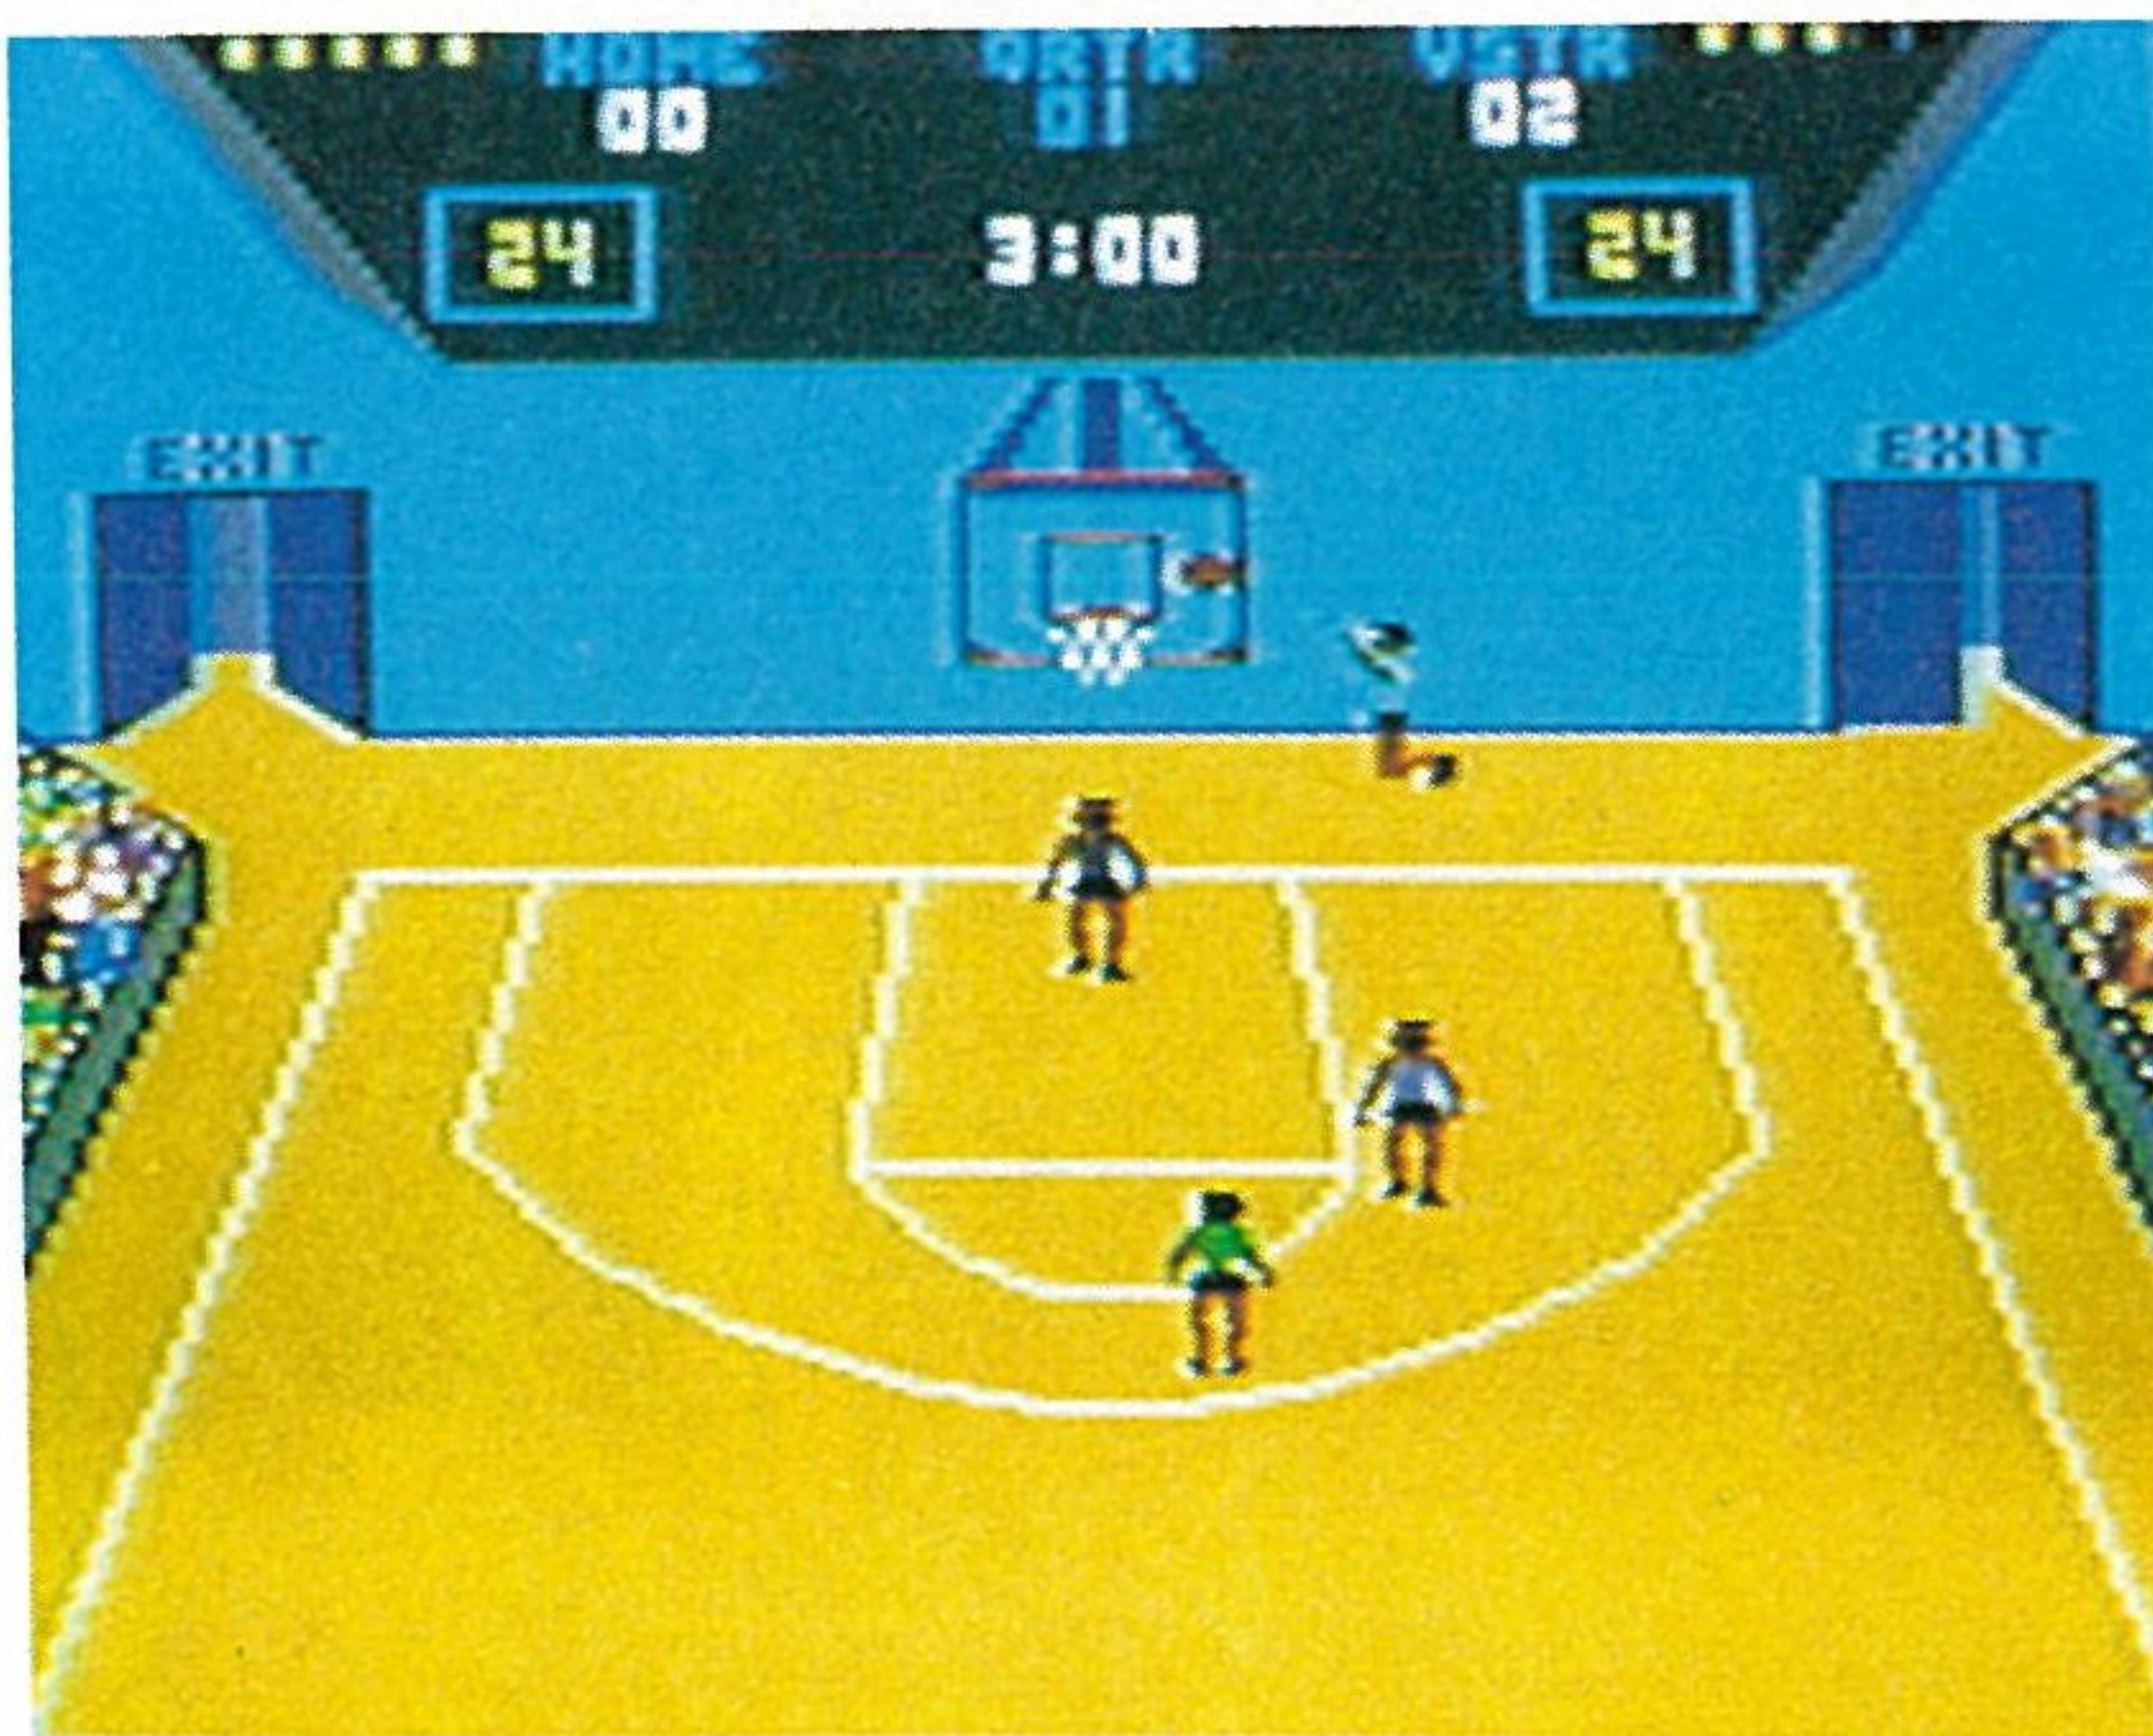

DEFCON 5 is the ultimate authentic simulation of the "Star Wars" defense system. Designed by Paul Norman, creator of SUPER HUEY, the smash hit helicopter flight simulator, DEFCON 5 is actually a computer/computer simulation in which the player's computer simulates being the computer in control of America's S.D.I. system. You control 12 orbiting visual reconnaissance satellites and 9 defensive weapons systems in a race against an incoming armada of enemy missiles.

GBA Championship Basketball™ Two-on-Two™

GAMESTAR★

c/o Activision
2350 Bayshore Parkway
Mountain View, CA 94043

\$34.95 suggested retail

Created by Troy Lyndon, Scott Orr and John Cutter. The computer basketball challenge that picks up where the rest of the others leave off.

Here's the first and only computerized basketball game with two-on-two team action. A four-division, 23-team league gives you the chance to reach the playoffs and go for the GBA Championship.

GFL Championship Football™

GAMESTAR★

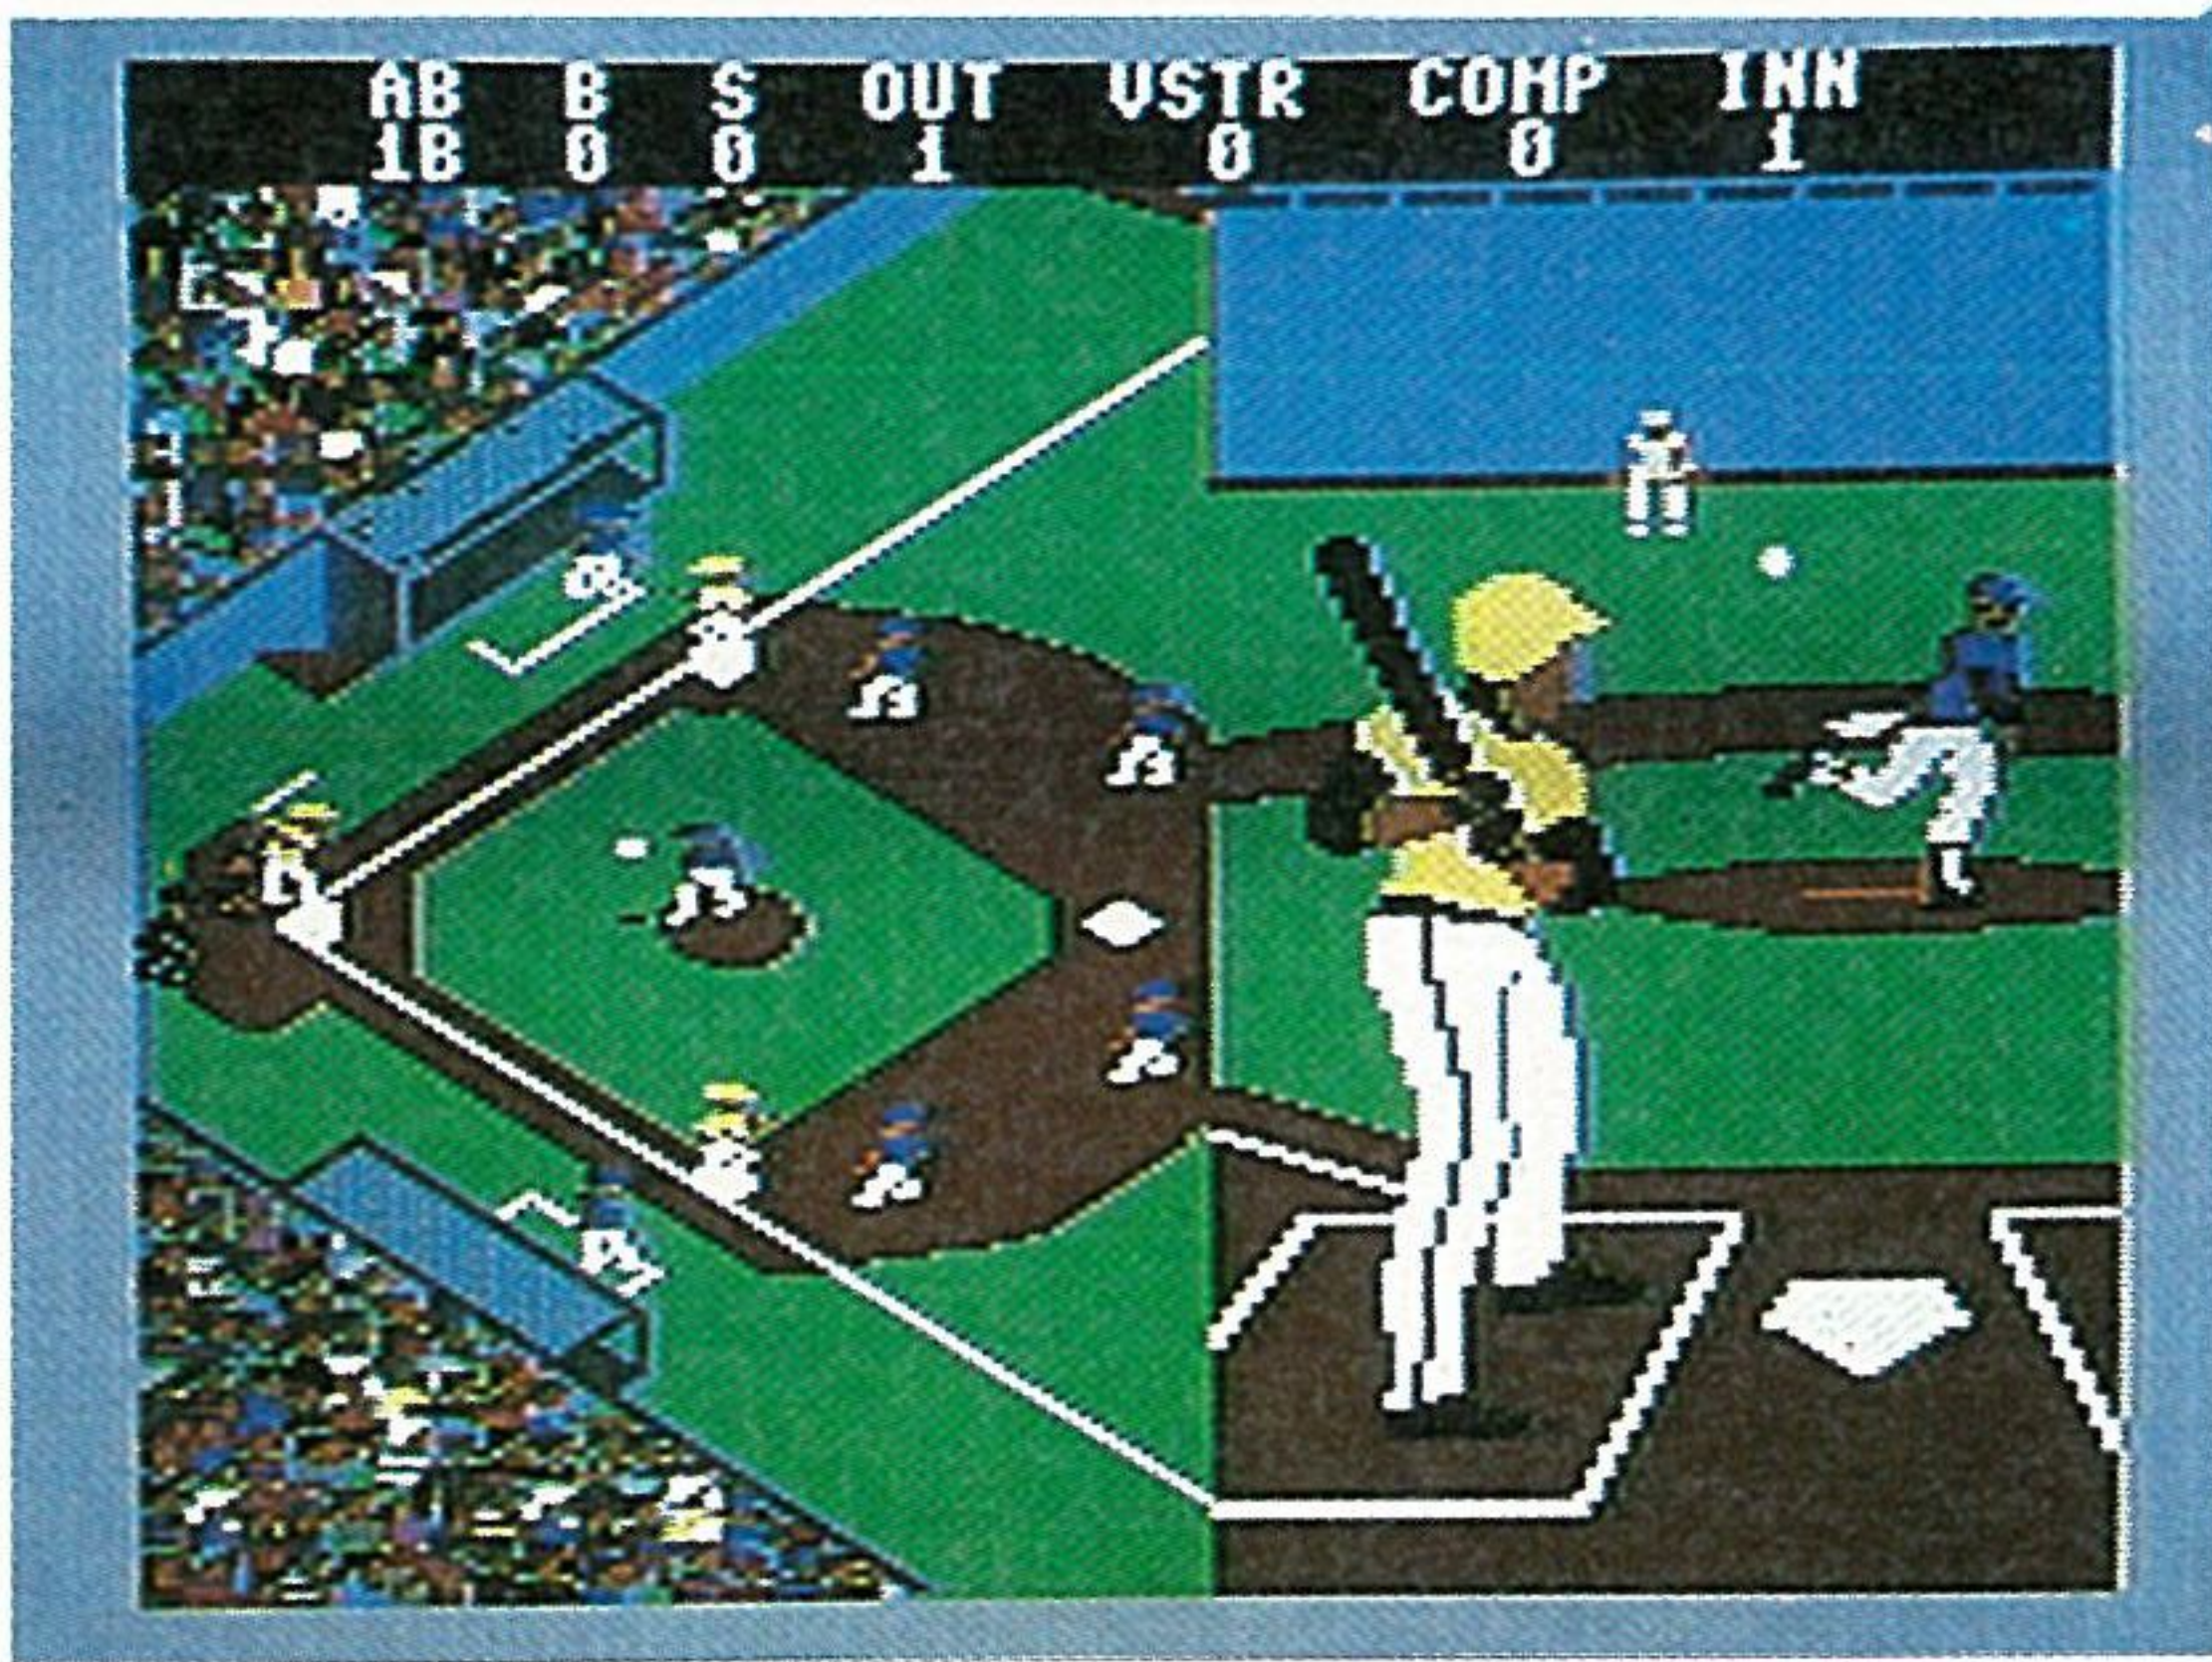

c/o Activision
2350 Bayshore Parkway
Mountain View, CA 94043

\$34.95 suggested retail

Created by Dennis Kirsch, Mark Madland and Scott Orr. There's a lot more to football than X's and O's.

You haven't *really* experienced football until you've been down on the field, with an outside linebacker headed straight for you and nobody blocking him. GFL Championship Football gives you that experience, with an in-the-helmet-perspective no one else has. You'll get 60 minutes of hard hitting action. On the field. Where *real* football is played.

Championship Baseball™

GAMESTAR★

\$29.95

For Commodore 64 and 128

c/o Activision

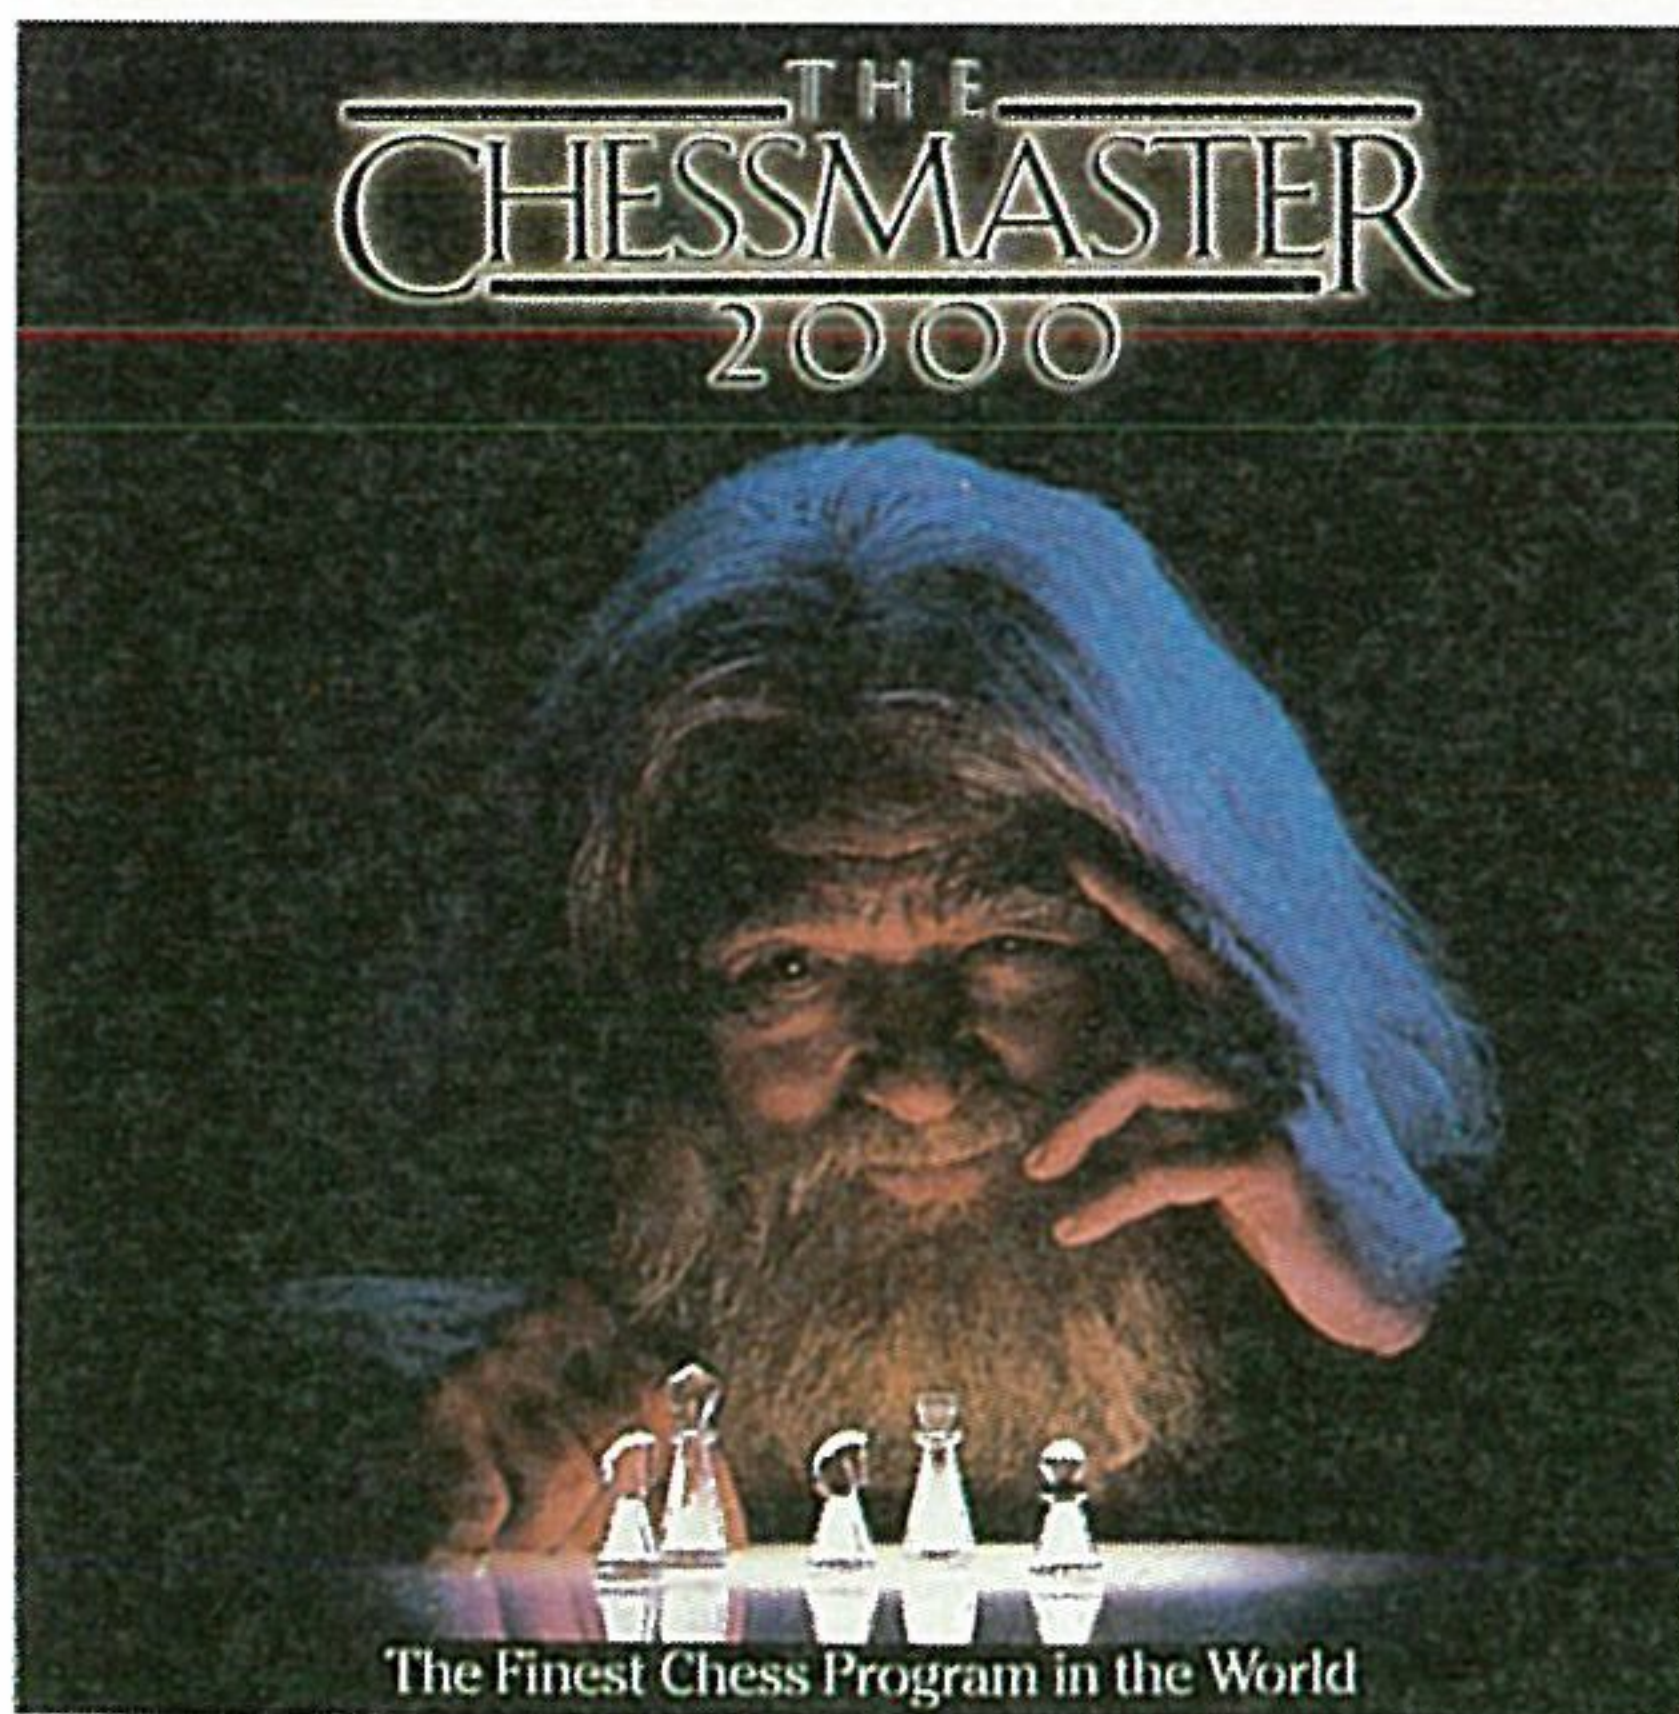

2350 Bayshore Parkway

Mountain View, CA 94043

Created by Darrin Massena, Scott Orr and Mark Madland.

The national pastime has never looked better.

Here's the most complete baseball simulation available. You control all the action — pitching, hitting, catching, base running, even sliding under tags. Unique split-screen view gives simultaneous at-the-plate and total field view. So grab your bat and glove, pick your team and take on the challenge of the 4-division, 24-team race for the pennant!

Game Screen: Sumo Wrestlers

The sequel to our outrageously popular "GAMES" series (Summer Games, Summer Games II, and Winter Games), is a challenge of global proportions. You'll compete in 8 impossible events around the world. First, it's off to Mexico for death-defying Cliff Diving. Then Japan, where you'll go stomach to stomach with a 400 pound Sumo wrestler. Then onto Germany for Barrel Jumping. Bull Riding in the U.S. Weightlifting in Russia. And then France, to ski the Slalom. Are you ready to go the distance?

California Games

EPYX

Epyx, Inc.
600 Galveston Drive
P.O. Box 8020
Redwood City, CA 94063
(415) 366-0606

Introducing the gnarliest bunch of games under the sun. Games invented on the beaches by sun-baked beach bums with a fondness for ripping, grinding, and shredding. With six radically thrilling events intended to bring you to the edge and blow your mind. Get "amped" to surf, skateboard on the half pipe, bike BMX-style, kick-back with a foot bag, rollerskate and fling the flying disc.

So get air. Go crazy. Welcome to a new state of intensity.

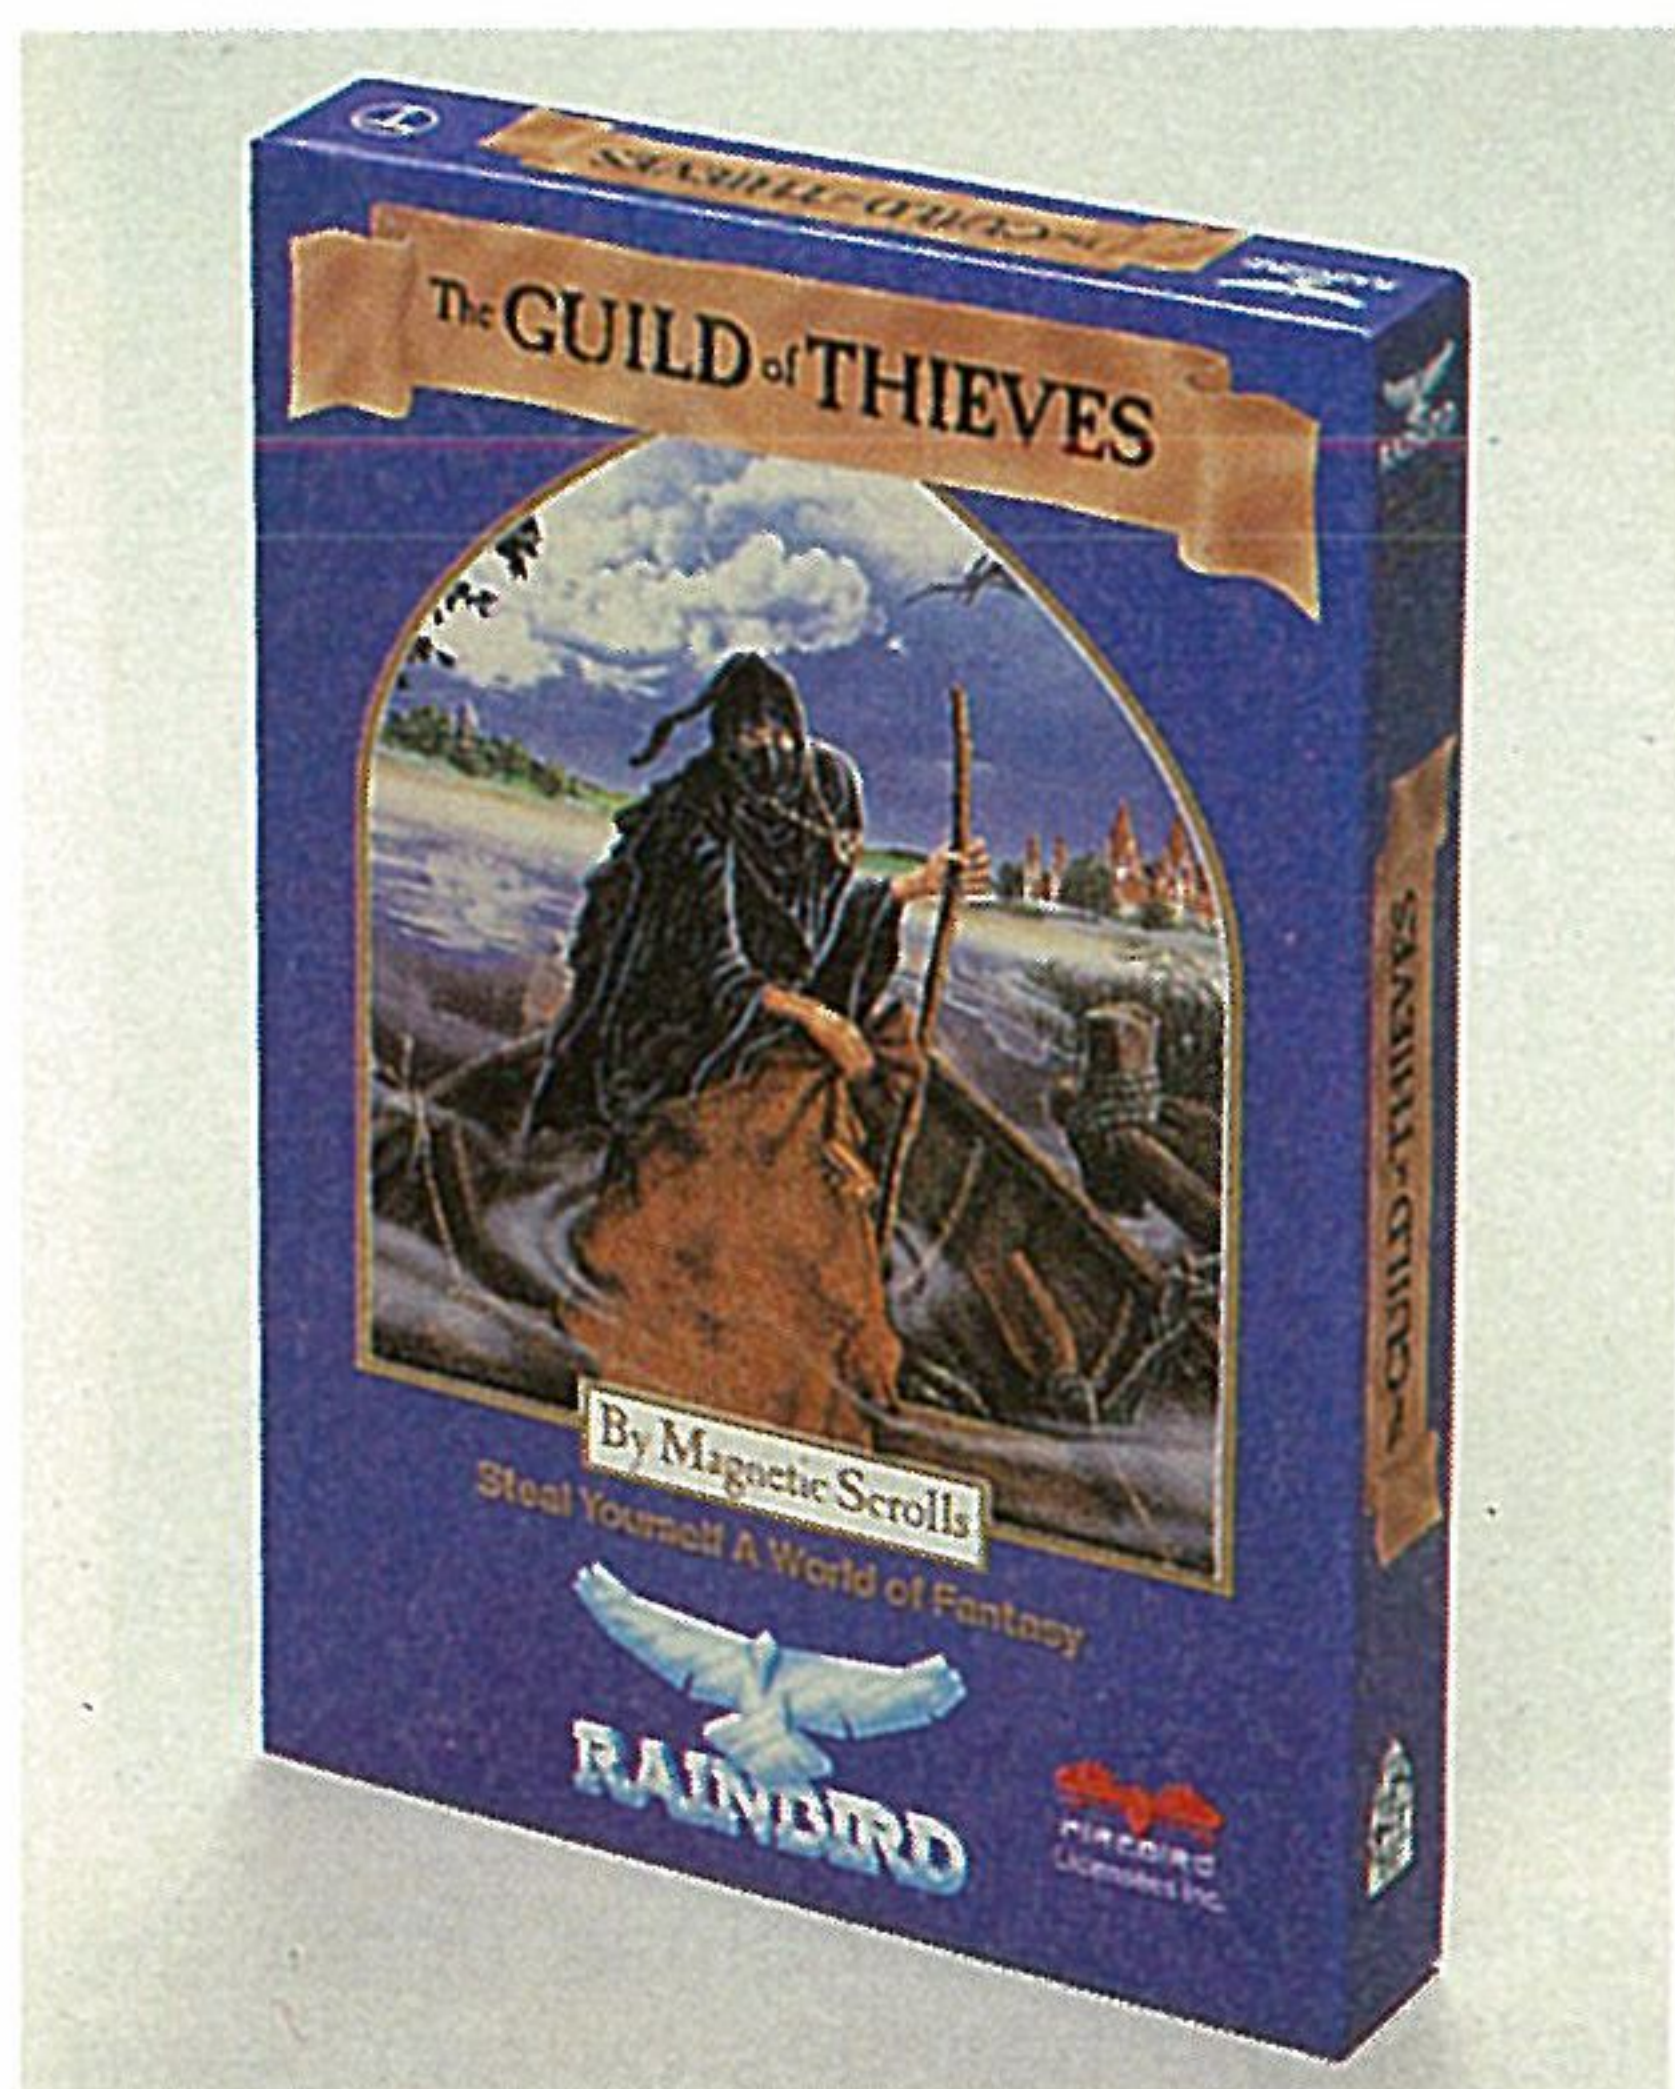

Street Sports Baseball

EPYX

Epyx, Inc.
600 Galveston Drive
P.O. Box 8020
Redwood City, CA 94063
(415) 366-0606

The first in the Street Sports series from Epyx. Street Sports Baseball is a diamond in the rough. But what this game lacks in big league glamor, it makes up for in local color. The diamond, for instance, is makeshift. The bases may be trash can lids, or, perhaps, old tires. And the team? Players can choose from 16 of the neighborhood's hot hitters and hacks. Each with his own level of skill in hitting, fielding and throwing. With the right combination, your team could be champions. With the wrong combination—chumps.

Guild of Thieves

WHY BUY THIS GAME WHEN YOU COULD STEAL IT?

Except you can't. Not yet. An amateur like you? Get real! Now, if you were a fully paid member of the Guild Of Thieves, things would be different . . . It's not easy. You might find yourself ditched on a remote jetty by the Guildmaster, or expected to ransack a well guarded Kerovnian mansion.

GUILD OF THIEVES, the long awaited sequel to THE PAWN, is available now from Firebird. With graphic locations to take your breath away, and puzzles to blow your brains out, it's the adventure experience of the year.

A GEOS based spreadsheet that's useful for budgeting, financial and tax planning, and cost estimating — geoCalc's 28,000 cells get the job done. Includes advanced math functions, auto or manual recalculation, split screen capabilities, and multiple print options. geoCalc lets you not only keep track of what's happened, but lets you look at and plan the "what ifs" of the future.

FONTPACK1™

TWENTY NEW FONTS FOR USE WITH GEOS™

FOR THE COMMODORE 64, 64c, AND 128 COMPUTERS.

Font Pack 1

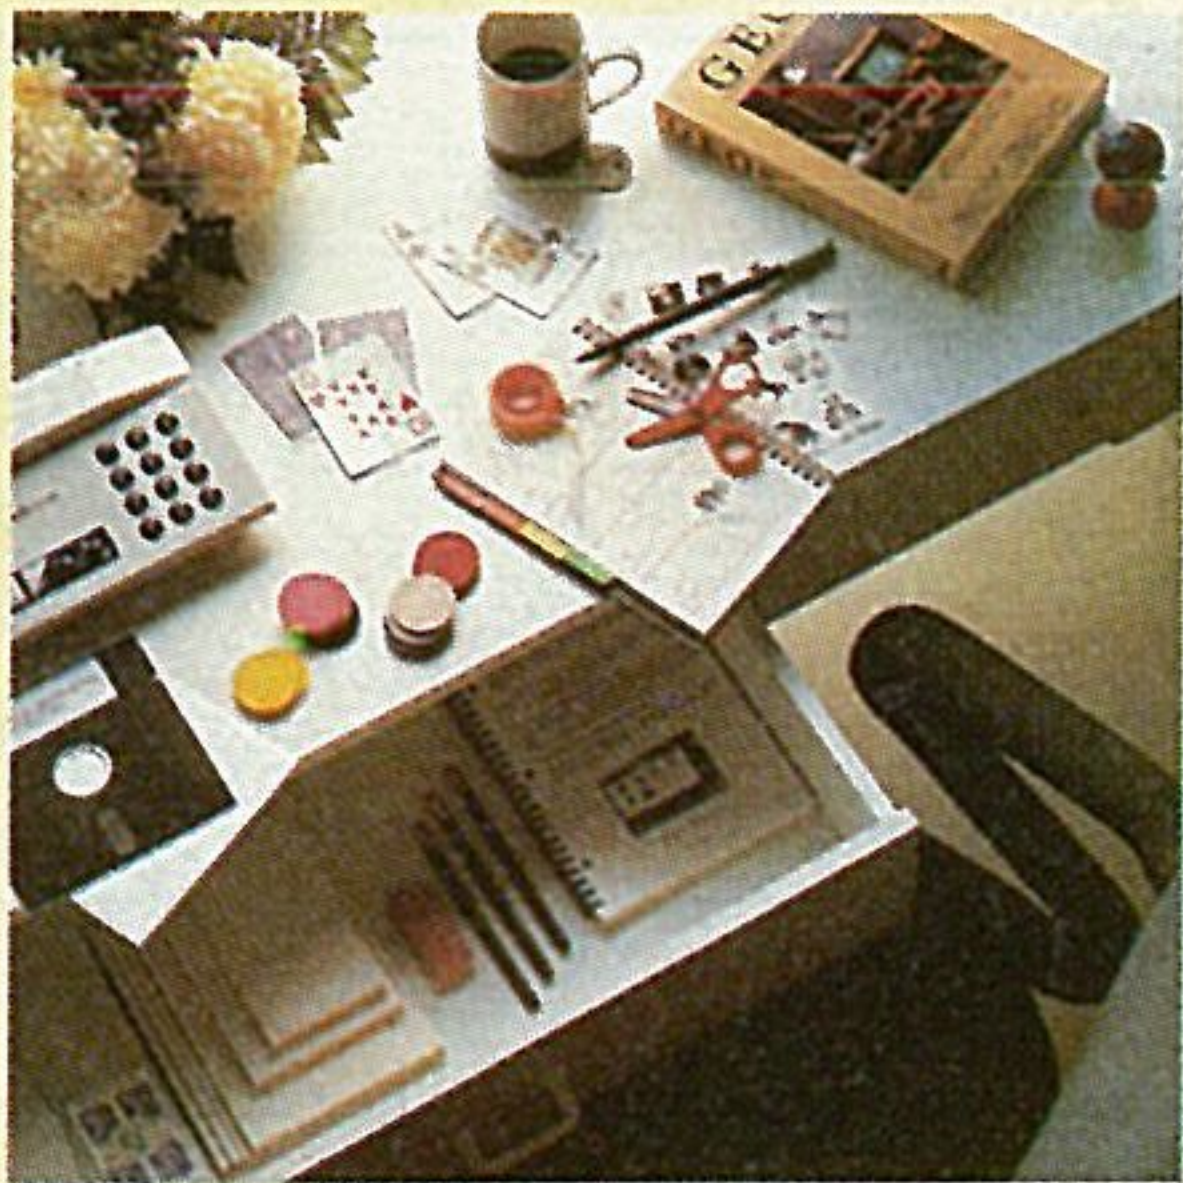

Berkeley Softworks

2150 Shattuck Ave.
Berkeley, CA 94704

Font Pack 1 contains 20 new and exciting fonts (typefaces) for use with geoPaint and geoWrite. Each font brings its own unique character and impact to all your printed presentations. Jazz up a newsletter! Spruce up a report! Create announcements and invitations that no one will forget! Pick a font and a point size that suits your need and type away. What you see on the display screen is what you'll get off of your dot-matrix printer!

DESKPACK1™

FOUR NEW APPLICATIONS FOR USE WITH GEOS™

FOR THE COMMODORE 64, 64c AND 128 COMPUTERS.

Icon Editor™: Customize your GEOS file icons. Black Jack: How lucky do you feel?
Calendar: An appointment secretary. Graphics Grabber™: Copy clip art graphics.

BERKELEY
Softworks

Desk Pack 1

Berkeley Softworks

2150 Shattuck Ave.
Berkeley, CA 94704

4 useful and fun accessories that include: 1) Graphics Grabber, accesses and converts hundreds of Print Shop, PrintMaster, and Newsroom graphics for use with geoPaint and geoWrite; 2) Calendar, a pop-up calendar accessory for appointment planning through the year 9999; 3) Blackjack, a pop-up Blackjack game that rivals those in Las Vegas; 4) Icon Editor, allows you to create your own customized file icons and convert non-GEOS files to GEOS format.

Writer's Workshop

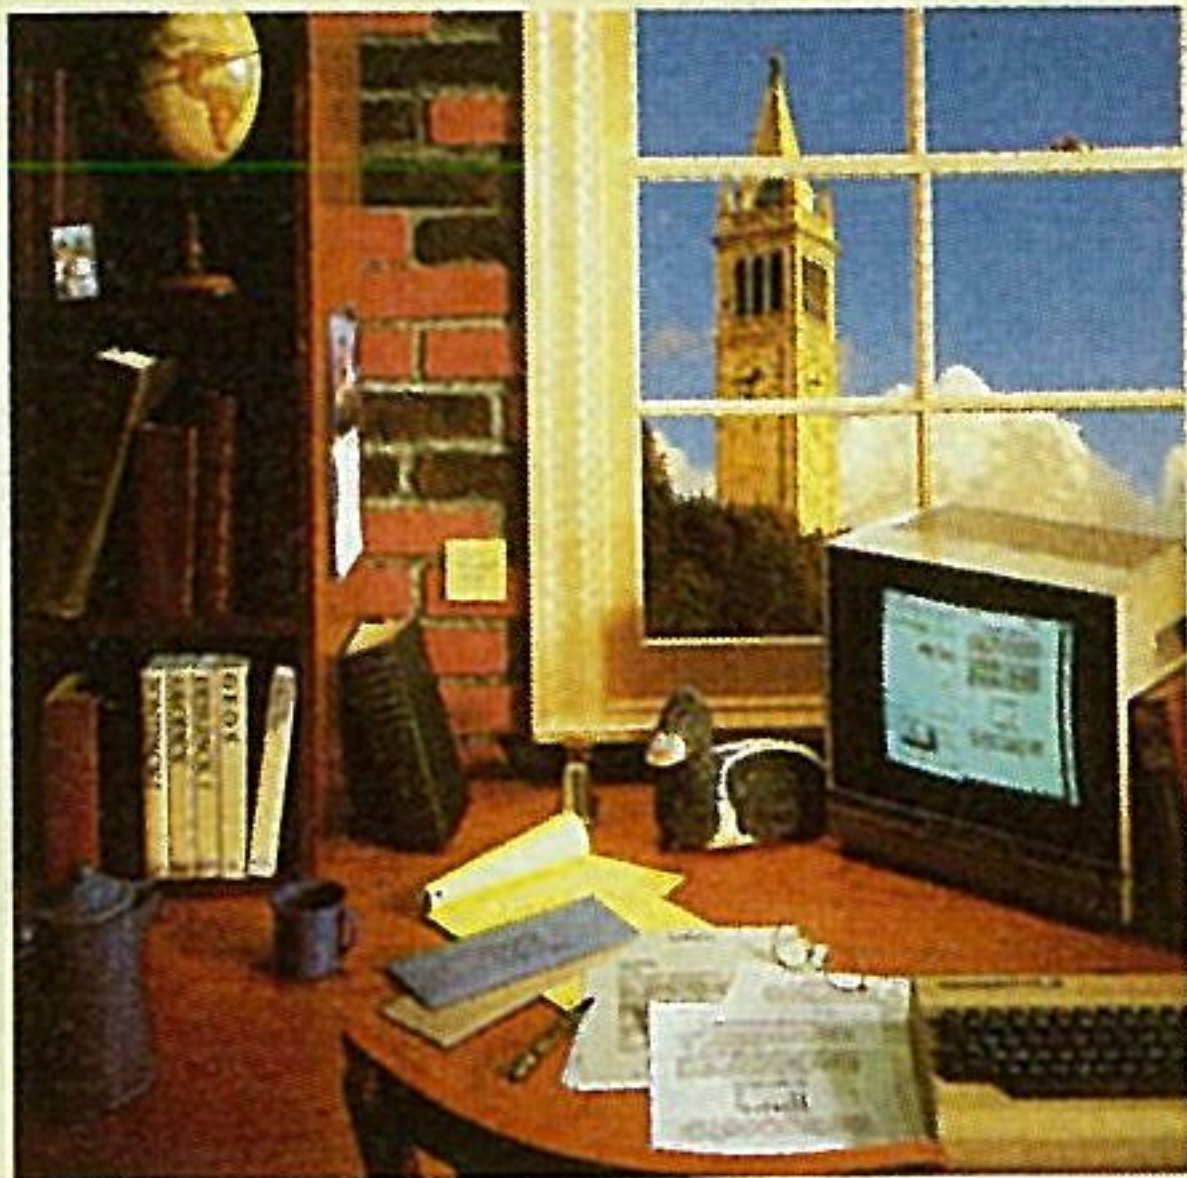

Berkeley Softworks

2150 Shattuck Ave.
Berkeley, CA 94704

A "top of the line" word processing package which includes: 1) geoWrite 2.0, a new release of geoWrite containing: full justification and centering, variable line spacing, formatting of paragraphs individually, word search and replace, headers and footers, superscript and subscript, keyboard "shortcuts," plus LaserWriter™ support! 2) Text Grabber, converts text from other word processors for use in geoWrite (Spruce up your old documents!). 3) geoMerge, a mail merge program that generates form letters from geoWrite documents.

WRITER'S
WORKSHOP™

THE COMPLETE WRITING ENVIRONMENT FOR USE WITH GEOS™

FOR THE COMMODORE 64, 64C AND 128 COMPUTERS.

geoWrite 2.0™: Advanced word processing.
Text Grabber™: Port text to geoWrite from other word processors.
geoLaser™: Apple® LaserWriter™ printer support.
geoMerge™: A sophisticated mail merge program.
Plus: New diskTop™ and device drivers.

BERKELEY
Softworks

geoDex

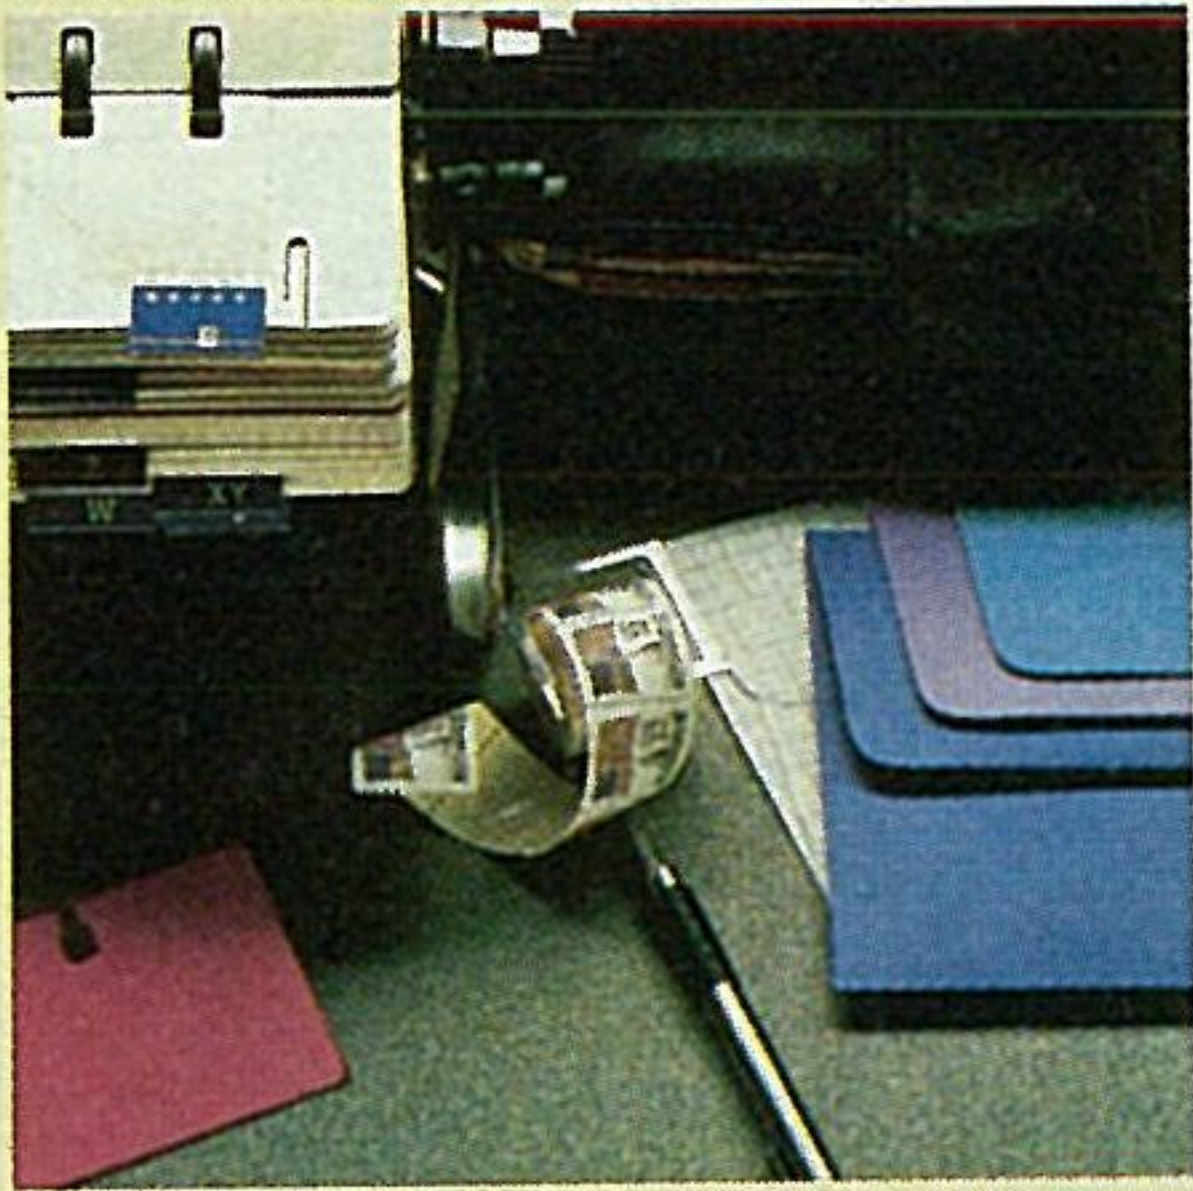

Berkeley Softworks

2150 Shattuck Ave.
Berkeley, CA 94704

geoDex, the easy to use, "electronic" card file for GEOS. geoDex offers two easy and convenient ways to not only organize, but to stay in contact with friends, family, and associates. Use it to store names, addresses, phone numbers, and other miscellaneous information. geoDex also includes an Autodialing feature that makes staying in contact easier than ever. Also included is geoMerge, a mail merge program that generates form letters from geoWrite documents.

GEODEX™

TWO NEW ACCESSORIES FOR USE WITH GEOS™

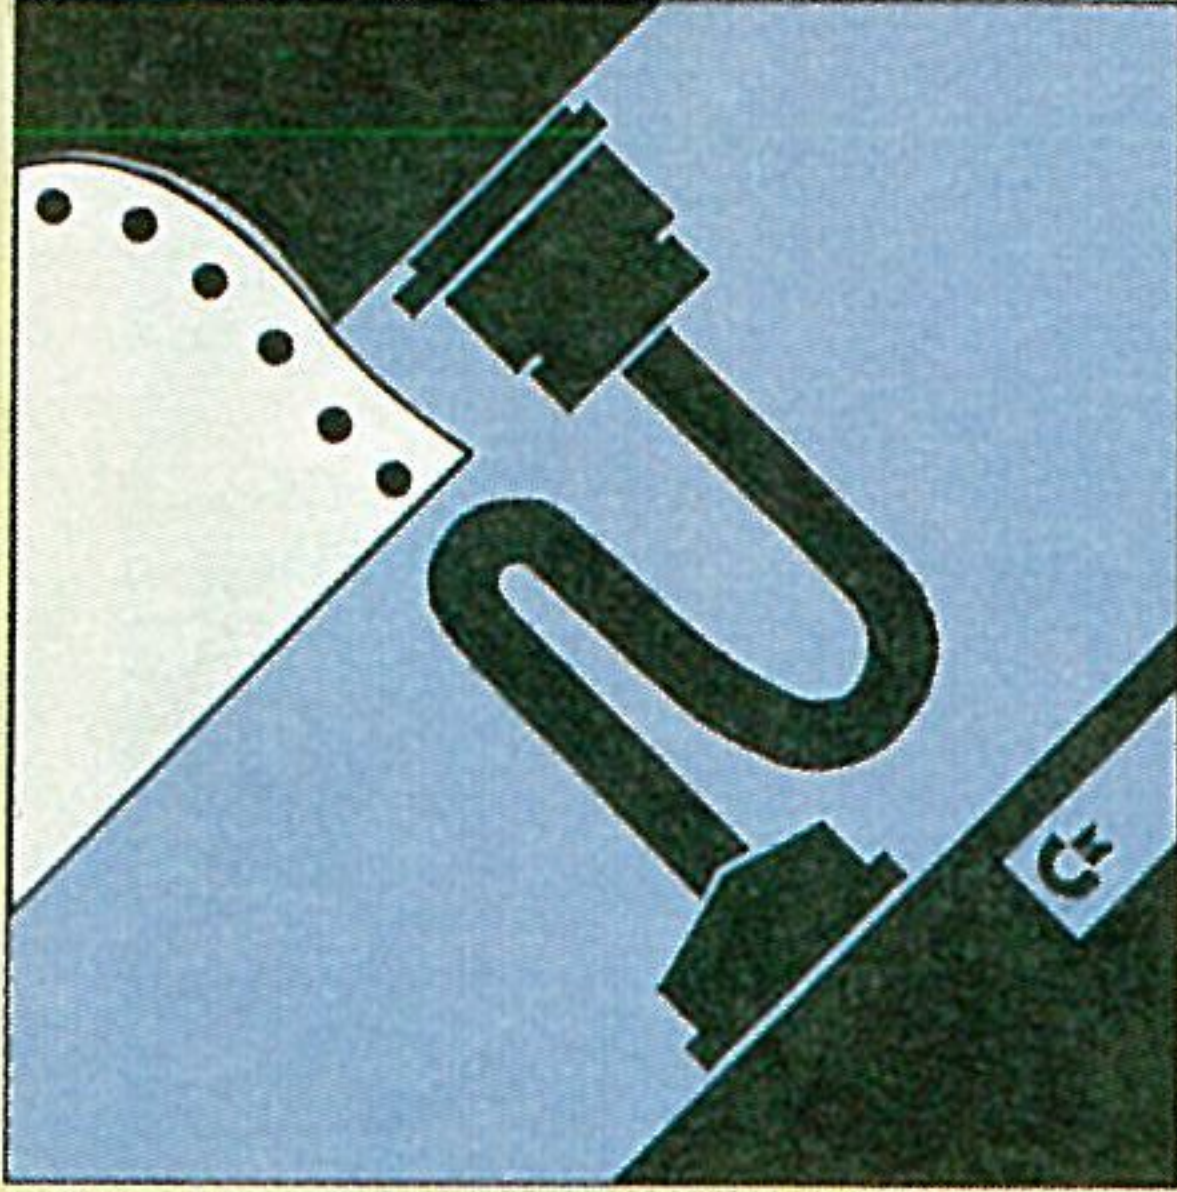

FOR THE COMMODORE 64, 64C AND 128 COMPUTERS.

geoDex™: Sort names, addresses and phone numbers, generate phone lists and address labels.
geoMerge™: Produce unique form documents with this mail merge program.

PARALLEL PRINTER CABLE FOR

USE WITH THE COMMODORE 64

Berkeley
Softworks

geoPrint Cable

Berkeley Softworks

2150 Shattuck Ave.
Berkeley, CA 94704

geoPrint Cable, the *fast* and inexpensive way to print your GEOS files. It's easy to install, consumes no power itself, cuts down on wire tangle, and speeds up your printing process by transferring data in parallel, instead of serially (one character at a time). Just plug it into your C64 user port and your printer's Centronics parallel port. Say goodbye to settings! If you are planning to purchase an interface card, consider the geoPrint cable instead.

geoFile

Berkeley Softworks

2150 Shattuck Ave.
Berkeley, CA 94704

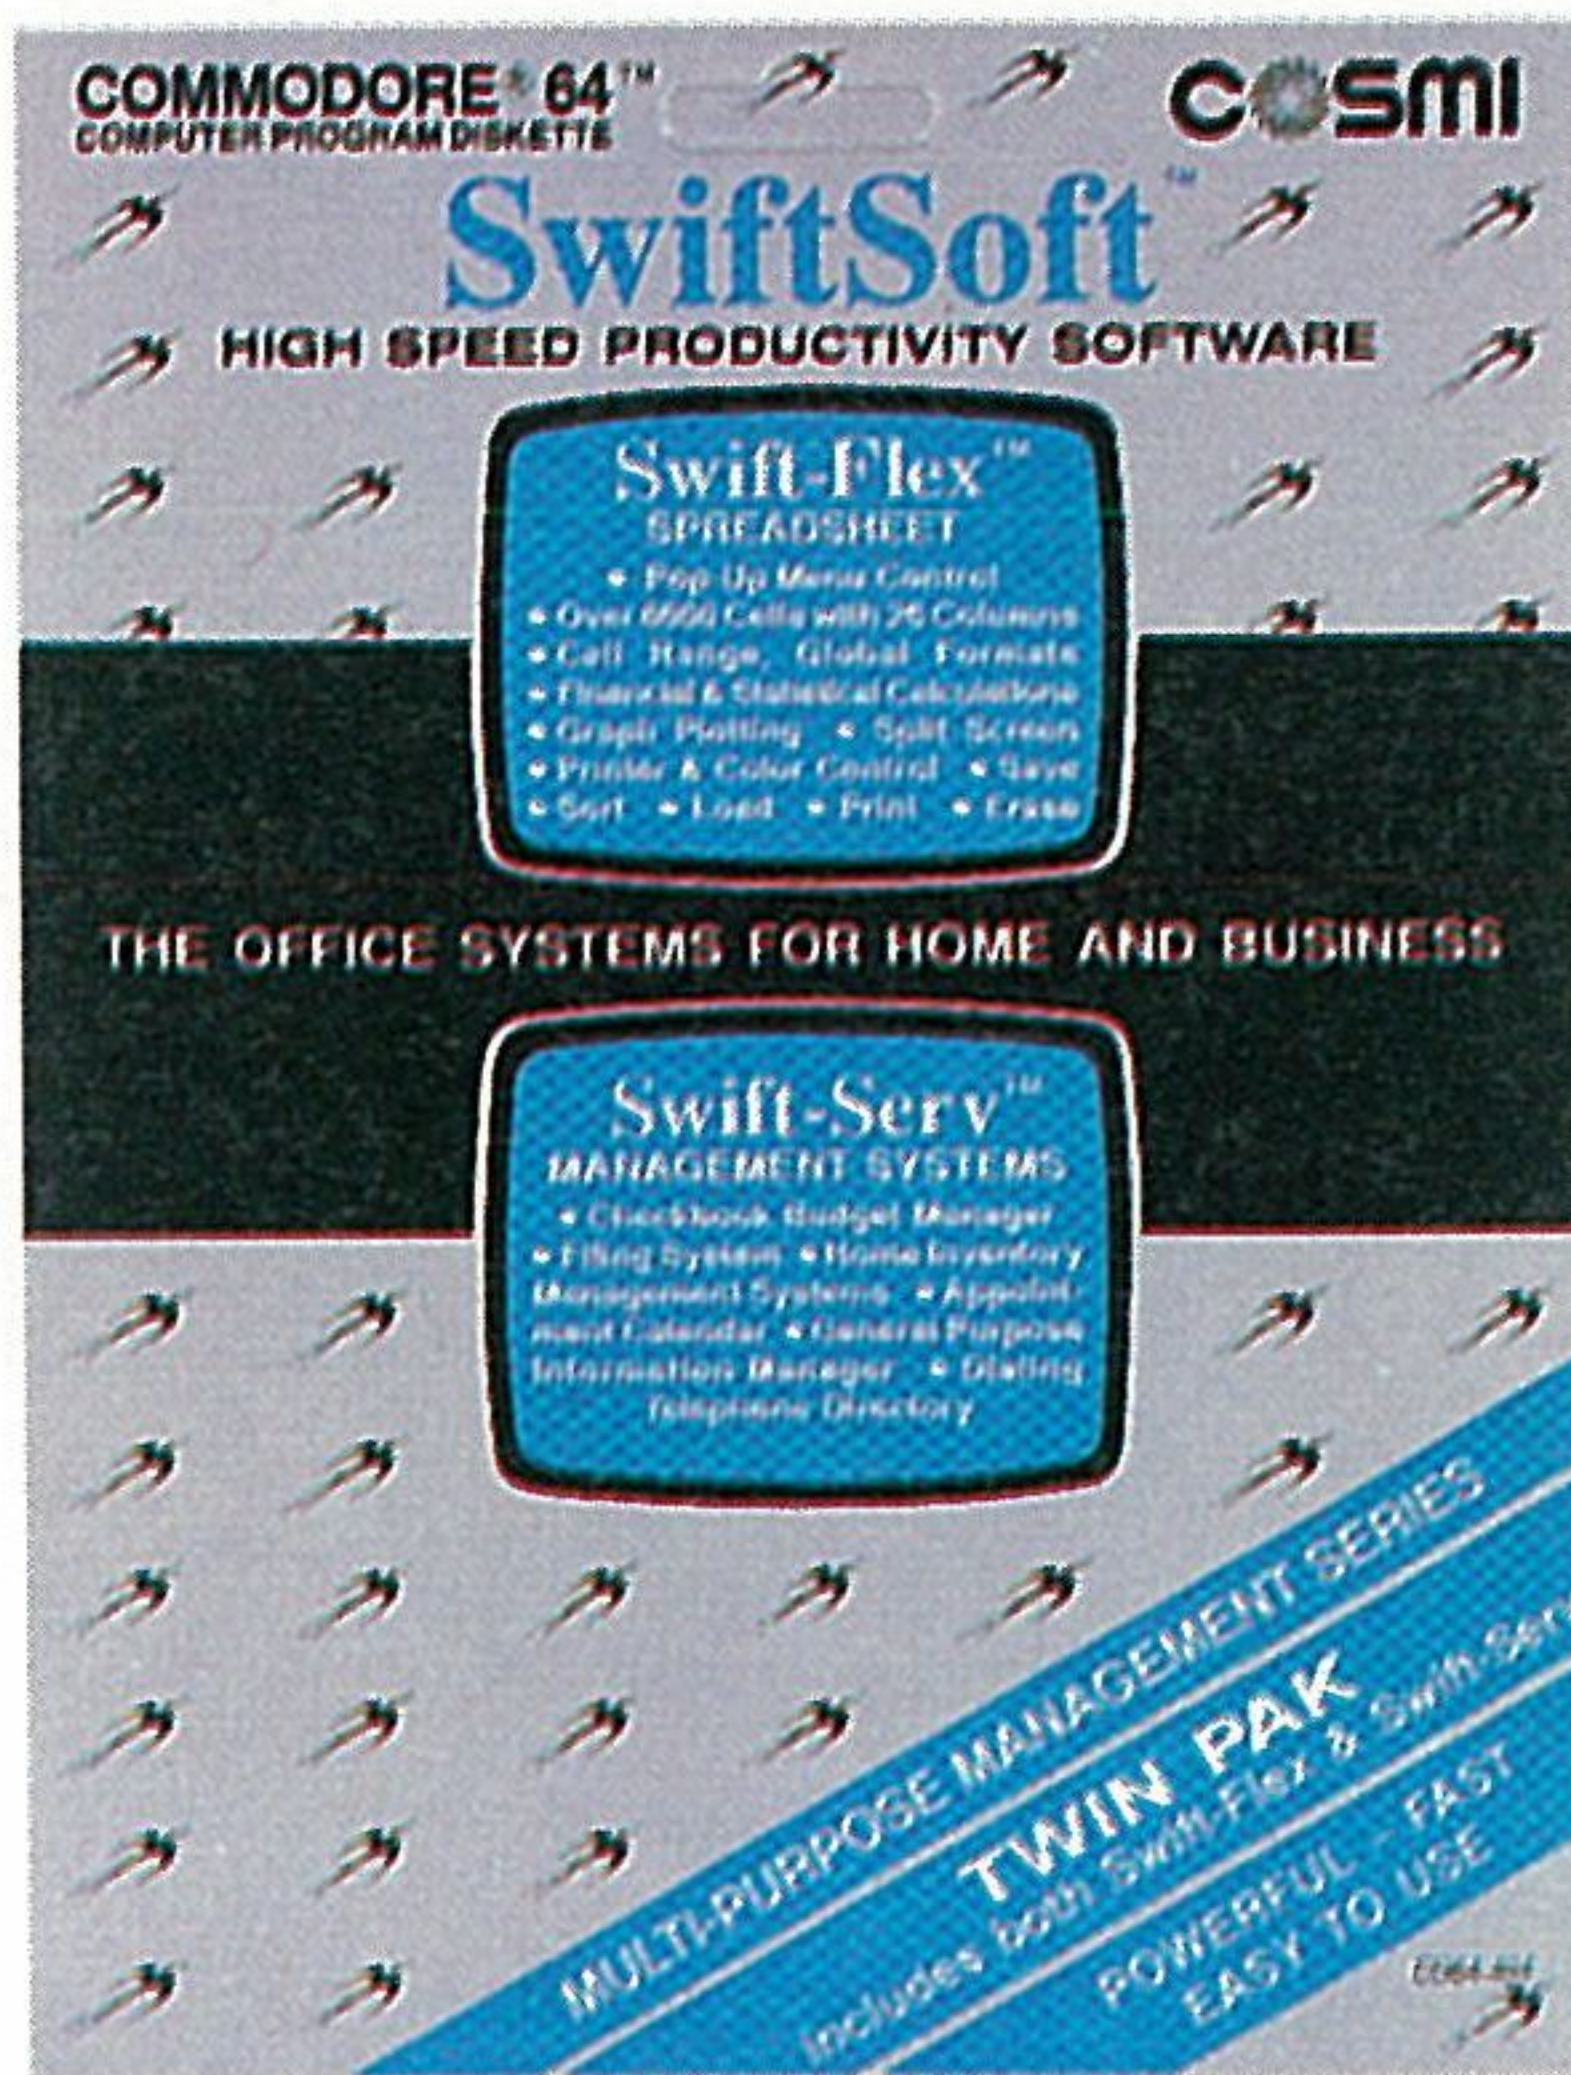

A GEOS based data manager, geoFile lets you store all sorts of information for easy retrieval: membership applications, invoices, mailing lists — you name it! Information is stored and organized in “forms” that you design, anyway you want them, on the display screen. Once you design your form, simply fill in the blanks. geoFile shares information with other GEOS application programs to create large data lists, form letters, and much more.

SWIFTSOFT

Spreadsheet & Management systems

\$19.95 Suggested Retail

This program can be used with all types of fretted instruments in both standard and non-standard tunings. The ultimate tool for finding unusual chord voicings or exploring the possibilities available with alternate tunings. The fretboard, notes, and finger positions can be printed out for study away from the computer.

Instant Music™

by Bob Campbell

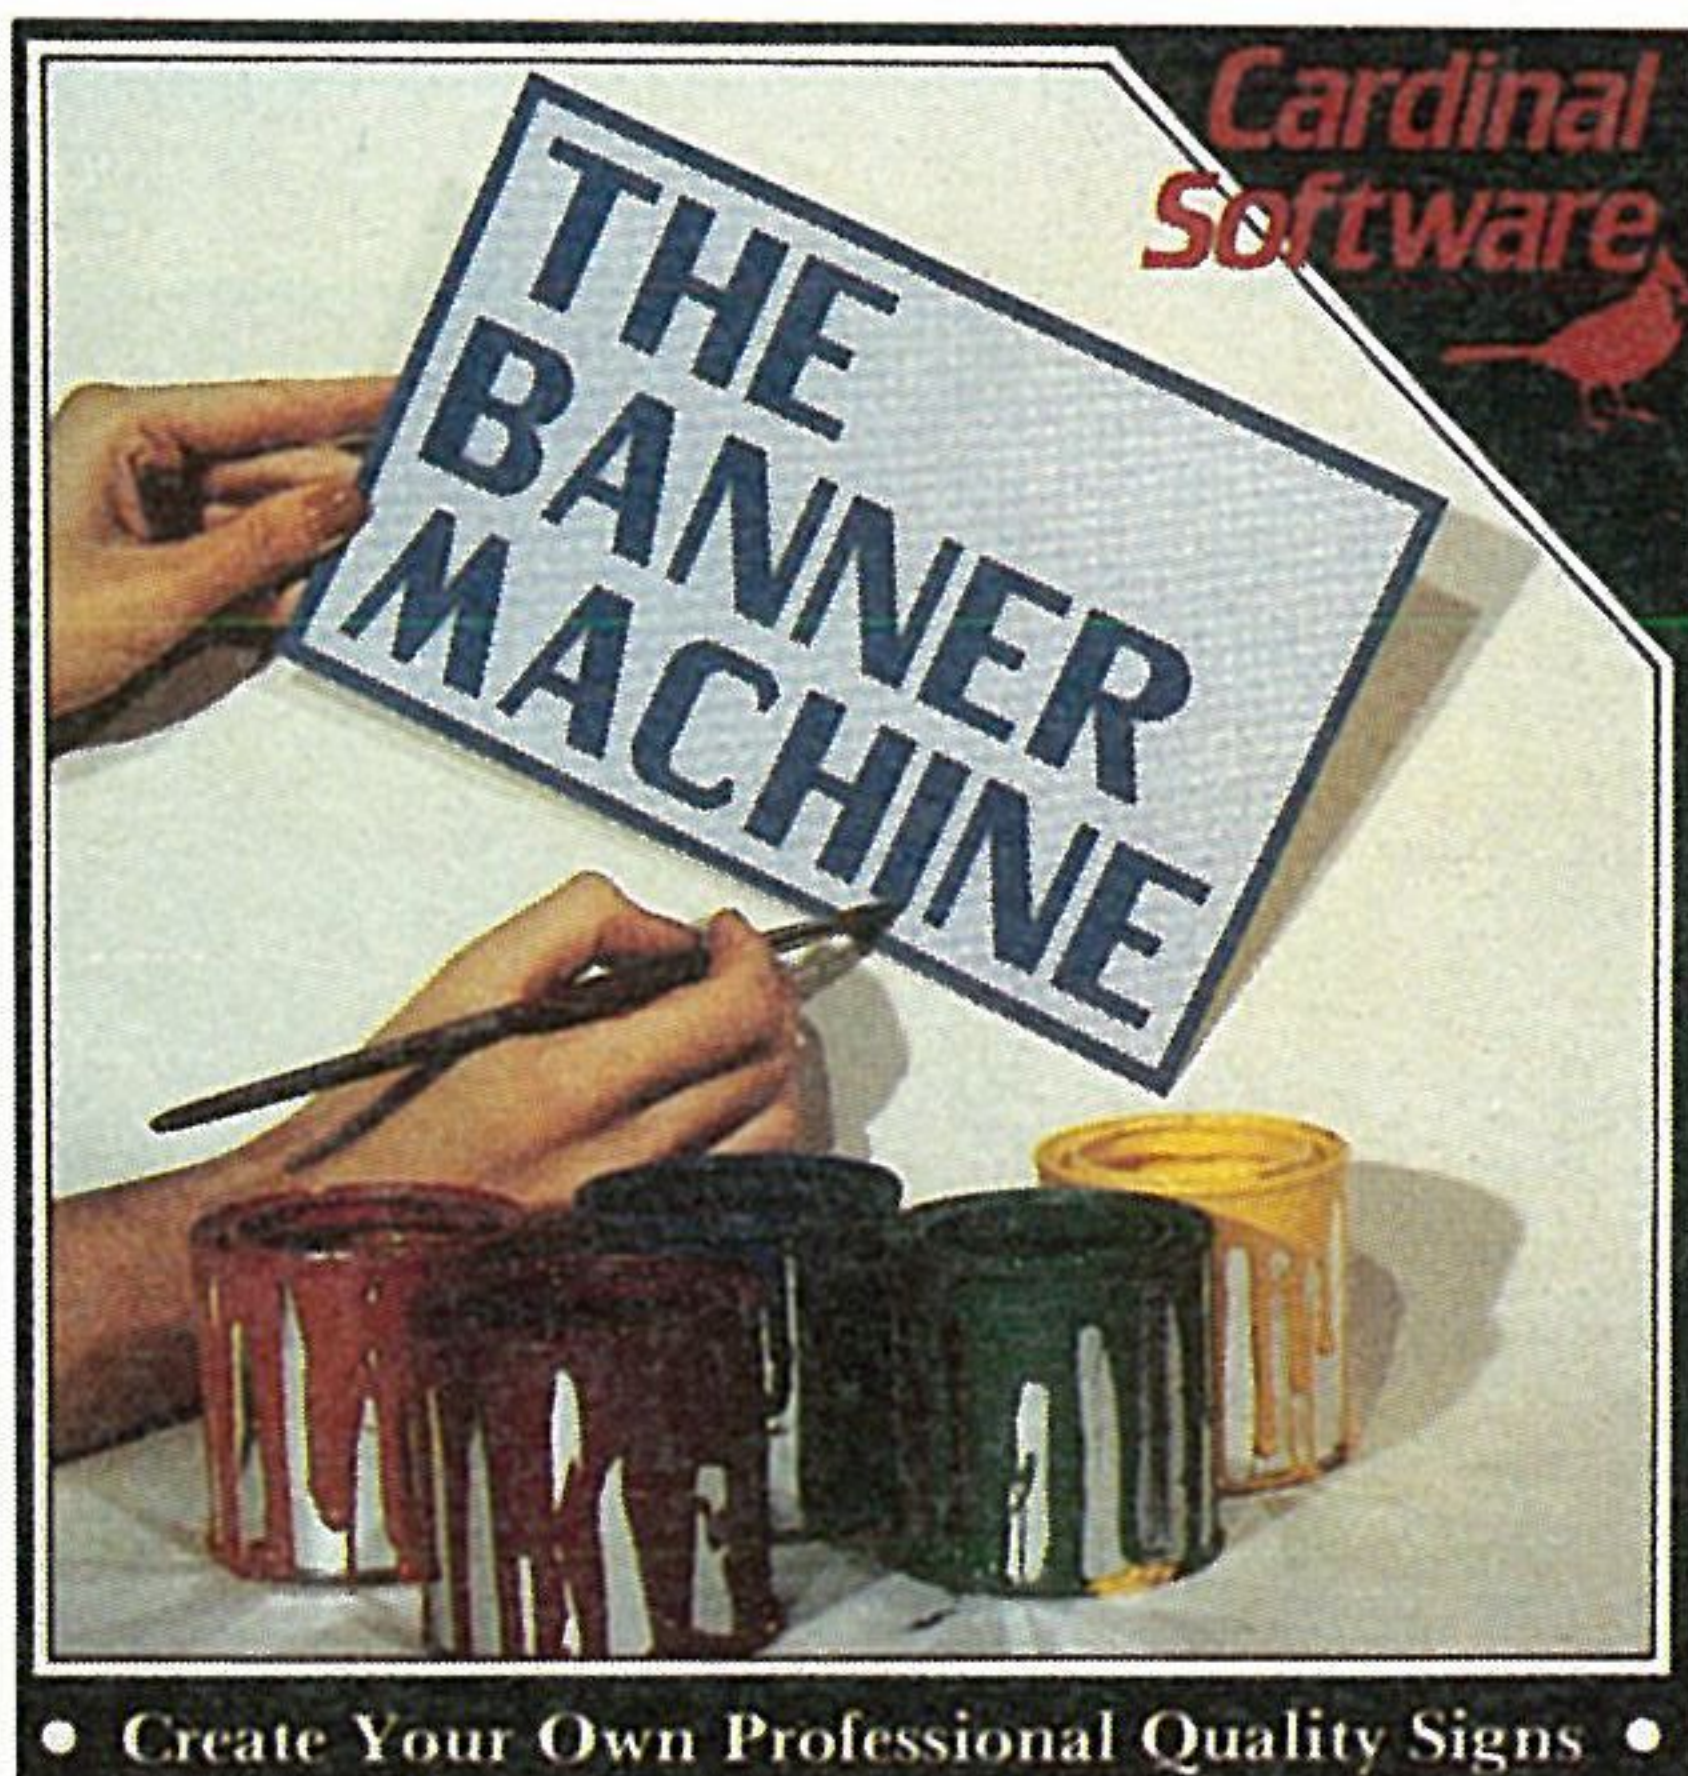

Make music not noise. Instant Music helps you flex your music muscles while its artificial intelligence keeps you playing within noteworthy boundaries. In minutes you can create scores, then play them back to friends, family and music aficionados.

Features:

- Artificial intelligence makes hitting a bad note impossible.
- "Mousejam" lets you jam along on one instrument while the computer plays 3 more.
- 20 digitized instruments included — trumpet, bass, drums, piano, organ, sax, flute, even human voices.

Anxious to use your new computer? Here's a great way to get started, Make Signs! Old and young alike are delighted with huge, personalized signs! Great for special occasions, birthdays, anniversaries, retirements, etc. Also useful for announcing club events, yard sales; pointing out sites and giving directions. Easy to use. Eight sizes of letters, up to 6½ inches tall, borders, textured backgrounds, graphic symbols and numerous letter styles. Inquire about colored paper and ribbons to enhance your signs!

Create a Calendar

EPYX

Epyx, Inc.
600 Galveston Drive
P.O. Box 8020
Redwood City, CA 94063
(415) 366-0606

Organize your home, school, and business activities with Create a Calendar — a simple, powerful tool that creates daily, weekly, monthly, and yearly calendars in minutes. For any year from 1753 - 9999.

Write multiple lines of text on each date. You can even create calendars by choosing from over 70 graphics, borders, and fonts. Or, use pictures from the Graphics Scrapbook collection or Print Shop compatible graphics disks.

Let's Make Signs & Banners

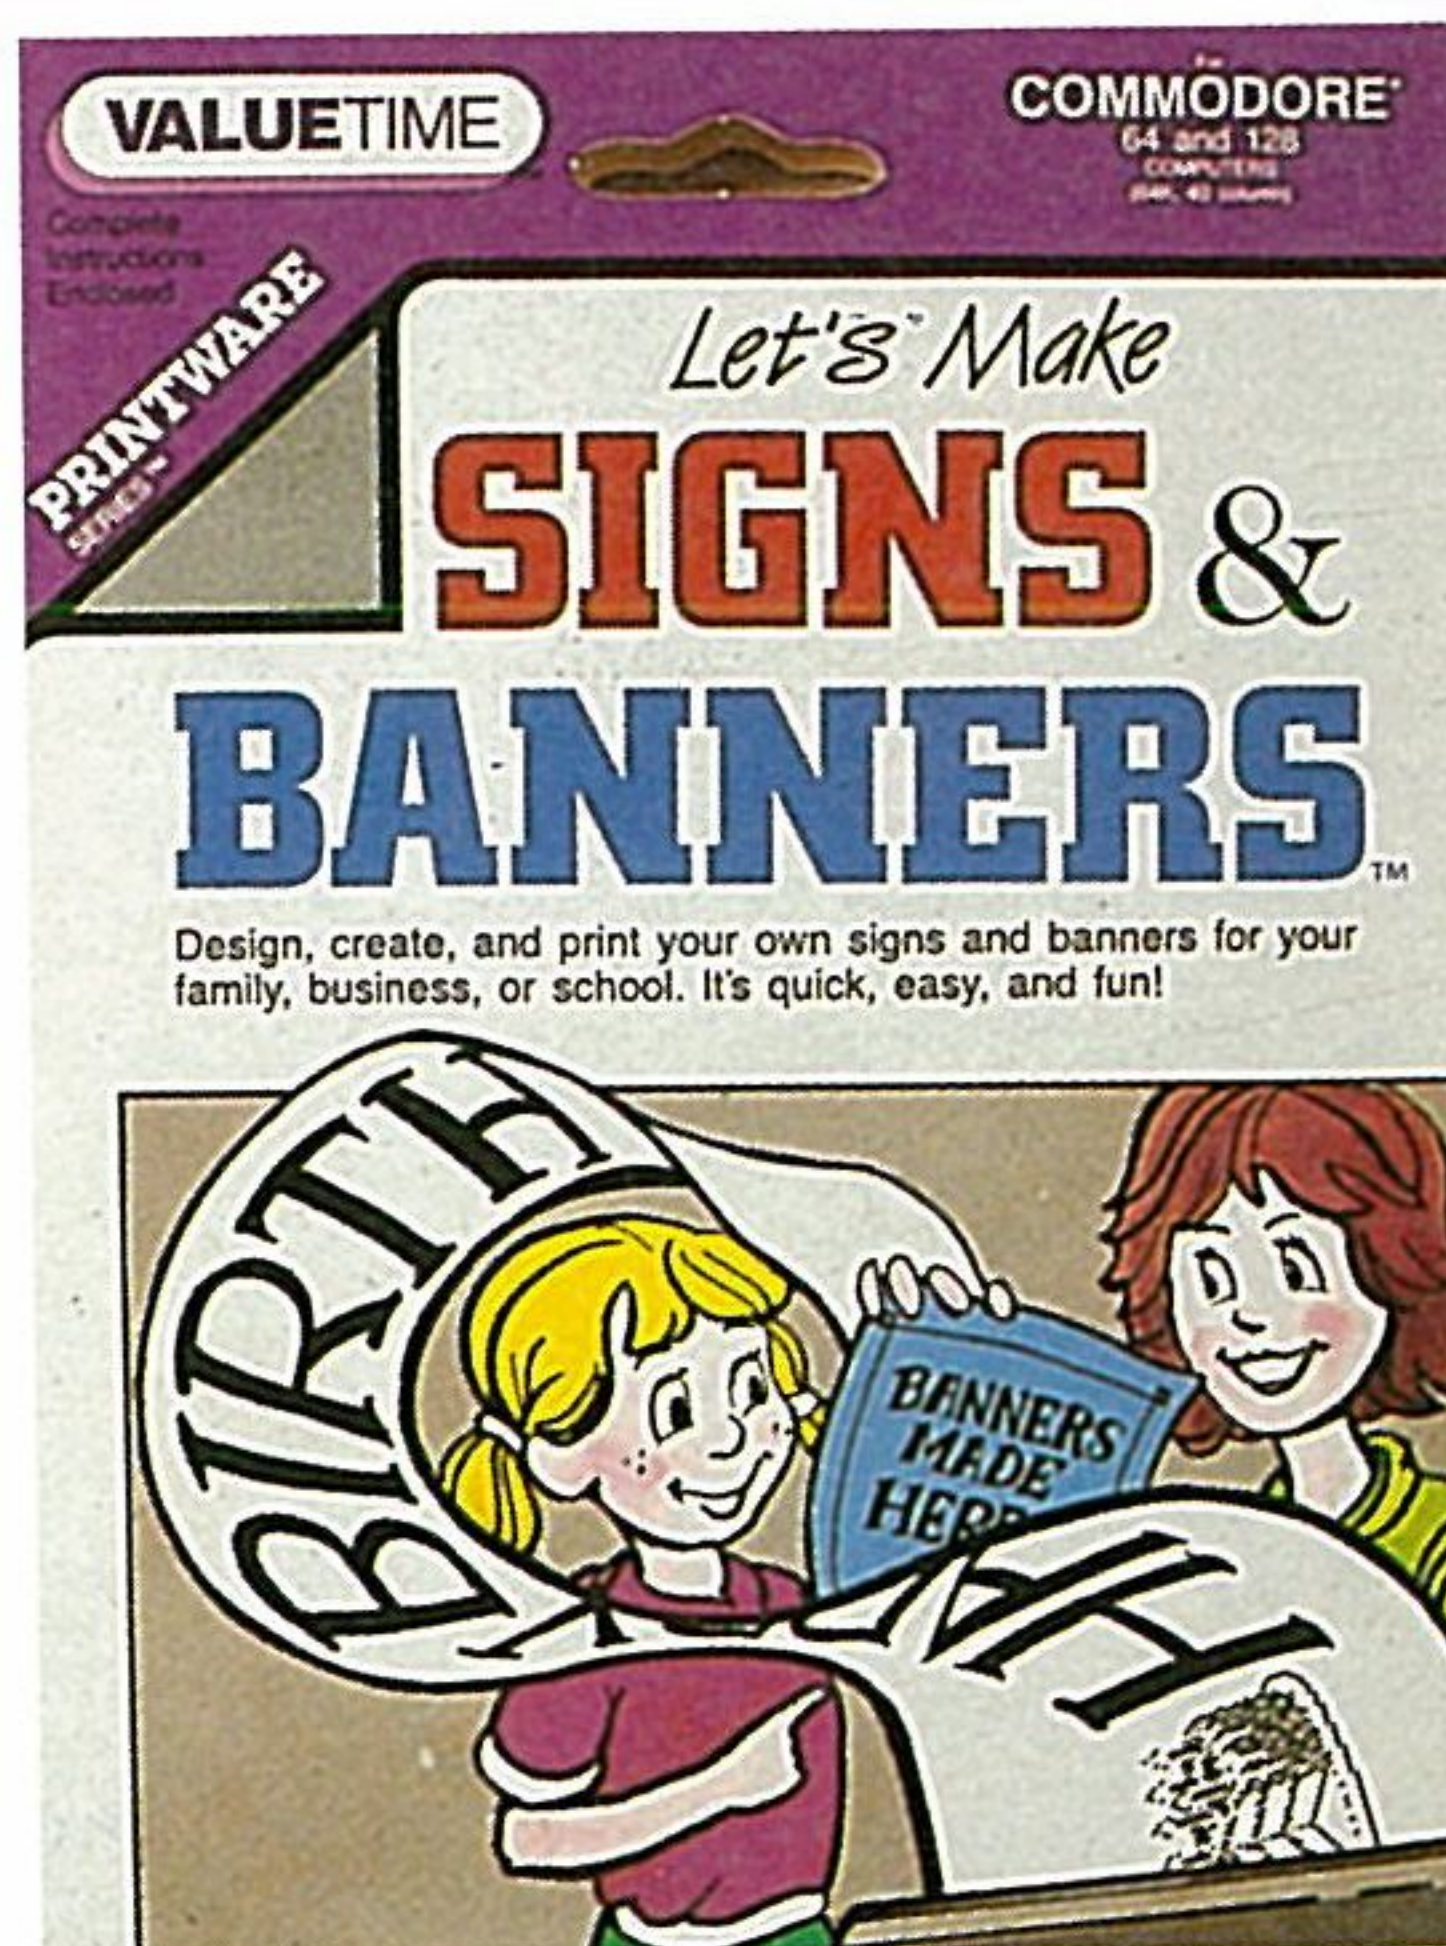

Melody Hall Publishing Co.

SIGNS & BANNERS is part of the Printware Series which includes: LET'S MAKE GREETING CARDS, LET'S MAKE CALENDARS & STATIONARY, & For extra Graphics — ART LIBRARIES 1 & 2.

With only a few keystrokes, you can design, create, and print original signs, banners, greeting cards, calendars and stationery for your family, business, or school.

Everything you need is included in these packages — pictures and symbols, type styles, borders, and layouts. You get professional results, everytime!

No programming or graphic skills necessary. Just load — and let your imagination go!

Suggested retail price: \$6.95 each

COMMODORE 128 Programmer's Reference Guide

Bantam Books, Inc.
666 Fifth Ave.
New York, New York 10103

Suggested price:
\$24.95 U.S.
\$27.95 in Canada.

Written by members of Commodore's own technical staff, this is the only *official* guide to the powerful Commodore 128 computer. An indispensable reference sourcebook, it covers the many new and exciting built-in features, such as the advanced BASIC programming language Version 7.0, superior graphics, and excellent sound and music capabilities — plus machine language, memory maps, input/output guide, pinout diagrams of primary chips, and more.

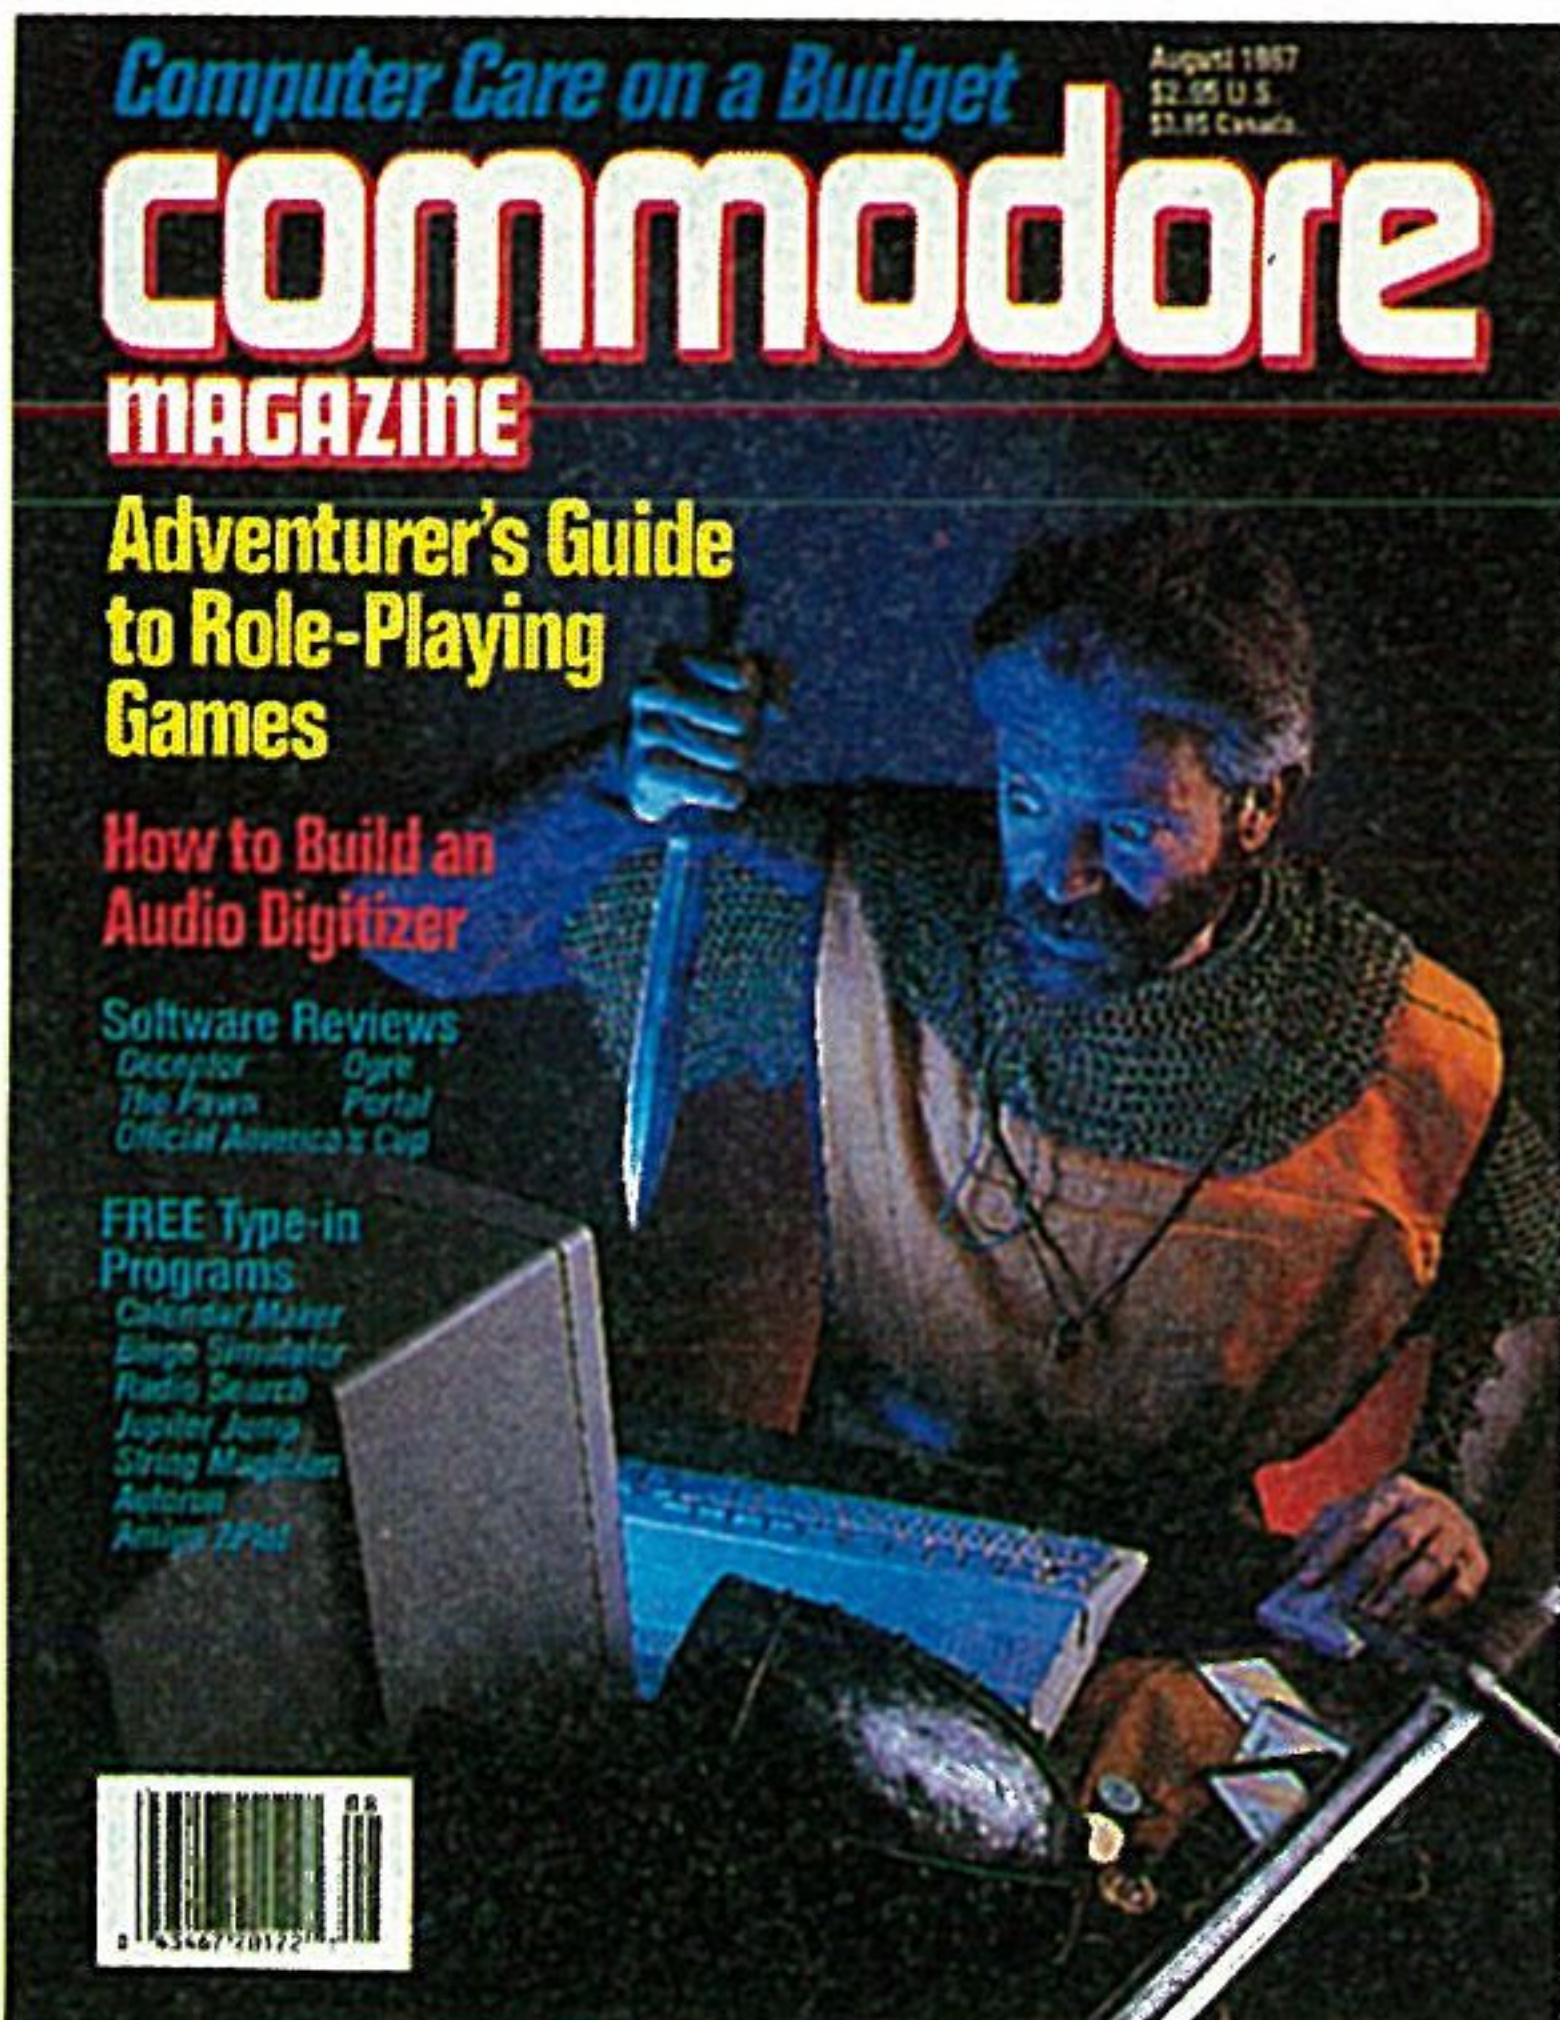

A complete self-tutoring BASIC programming course is available that starts with turning your computer on to programming just about anything you want! Each lesson takes you step by step through a discovery approach to programming. This 230 page course is filled with examples and easy to understand explanations as well as many programs for you to make up. At the end of each lesson is a test of the information presented. Furthermore, ALL answers are supplied. Sold around the world since 1983. Follow this course step by step, lesson by lesson and turn yourself into a real programmer! You won't be disappointed! A full money back guarantee if not COMPLETELY satisfied.

LEARN TO PROGRAM IN YOUR LEISURE TIME!

Send \$19.95 plus \$3 for shipping and handling = \$22.95 for the complete course (U.S. residents please pay in U.S. funds) and state the computer the course is intended for (C-64/64C or C128).
