Manual Addendum

Manual Affected: MC$_{80}$ User's Guide 999-880-004
Rev. B, May 1994

Keyboard Command Changes

Keyboard commands in this manual were revised to match those used the upcoming release of firmware version 1.02. These commands are not fully implemented in MC$_{80}$ firmware version 1.01.

For terminals using firmware version 1.01 and equipped with ANSI-220 or ANSI-420 style keyboards, the key command to enter Setup Mode is *F3*.
