# Microsoft® Programmer's Library

CONGRATULATIONS on your recent purchase of Microsoft's Programmer's Library Package. As you know, included with this release of Microsoft's Programmer's Library is a sample limited version of Online's **OPTI-NET®**, a software product which enables **CD-ROM** applications to run on **NETBIOS**TM compatible LANS including IBM Token Ring®, IBM PC Net, 3Com®, Novell®, and Ungermann-Bass®.

The version of OPTI-NET included with this package is limited to three users and is dedicated to running *only* Version 1.10 of Programmer's Library. If your requirements call for supporting multiple optical servers (up to nine) on the same network, up to 100 simultaneous users on the same optical server, or any number of databases (up to 32), you may want to take advantage of this **special offer**.

OPTI-NET	*9 to 100 Users License*	*$995.00*
OPTI-NET	*1 to 8 Users License*	*$595.00*

- This **special offer** is applicable to purchasers of Microsoft Programmer's Library, Version 1.10 only.
- Prices subject to change.

- VISA, MasterCard, and American Express accepted.
- Maryland state residents please add 5% sales tax.

To order, simply fill out the attached postage paid card or call:
