Description	Payroll
Model	Model II
Stock No.	26-4503 Version 1.1
Date	Feb. 12, 1982
Page 1 of	1

Problem

On the standard W2 form, it states that the last name should be printed first. The TRS W2 form requires the first name to be printed first, then the middle name, and then the last.

Solution

The problem is corrected by following the steps listed below.

1. Backup the diskette(s) and make the changes on the Backup copy of the program.
2. In BASIC load the program by typing LOAD"W2".
3. Make the following corrections:

Add the following lines:

```
1320 IF INSTR(NA$, ",") < 2 THEN 1360
1330 NA$ = MID$(NA$, 1, INSTR(NA$ + " ", " ") - 1) : L = INSTR(NA$, ",")
1340 LA$ = MID$(NA$, 1, L - 1) : FR$ = MID$(NA$, L + 1) + " "
1350 IF LEN(FR$) > 2 AND ASC(FR$) = 32 THEN FR$ = MID$(FR$, 2) : GOTO 1350 ELSE NA$ = FR$ + LA$
1360 REM
```

4. Type SAVE"W2" to save the changes in the program.
5. At TRSDOS READY, make a backup copy of the corrected diskette.
