Date	May 21, 1982
Page 1 of	1

Problem

VISICALC will not scan for files on Hard Disk.

* * THIS FIX IS REQUIRED FOR USE ON HARD DISK! * *

Solution

To have VISICALC scan Hard Disk, specify Drive 4 as /SL:4.

(NOTE: Currently VISICALC will only scan the first 96 files as a result of the above command. Files in directory positions greater than 96 cannot be found by a VISICALC scan.)
