TOLEDO SCALE  
Systems

A-936

A-931

A 3x4 grid of 12 Toledo Scale electronic control modules. Each module is a rectangular panel with a dark face and a lighter top section containing a display or indicator. The modules are arranged in three rows and four columns. To the right of the grid, there are several control knobs and switches.

A control panel with numerous knobs and switches, organized into several rows. The knobs are arranged in a grid-like pattern, and there are several larger switches or indicators interspersed among them.

Two Toledo Scale electronic control units on stands. Each unit has a keyboard and a paper roll. The units are positioned in front of the main control panel.
